Barker,2022-08-12 The Gospel of John s relationship to the Synoptic Gospels is a perennial question For centuries the Gospel of Matthew has been considered the least likely of possible written sources of the Fourth Gospel In an ambitious reappraisal James Barker demonstrates John s use of the redacted Gospel of Matthew After reviewing the history of interpretation on the question Barker develops three case studies Concerning ecclesial authority Barker contends that John s saying concerning forgiving and retaining sins derives from Matthew s binding and loosing logion Regarding proof from prophecy he argues that John relies on Matthew for Zechariah s oracle about Israel s king entering Jerusalem on a donkey Finally he argues that John s inclusion of Samaritans contrasts sharply with Matthew s exclusion of Samaritans from the early church Although John s engagement with Matthew was by no means uncritical Barker at last concludes that John intended his Gospel to be read alongside not instead of Matthew     **The Galatians Commentary Collection** Scot McKnight,Thomas R. *Peirasmón* Federico Elmetti,2022-09-28 For the past two thousand years theologians and biblical scholars have been furiously debating the correct interpretation of the sixth petition of the Lord s Prayer and lead us not into temptation Despite all the hypotheses proposed no convincing solution has been found to date In fact every single attempt has crashed against insurmountable difficulties Even within the church the debate on this topic is far from settled Recently both France and Italy approved new translations that deviate substantially from the two thousand year old traditional Latin version Since God cannot be the one leading us into temptation Satan is it becomes necessary to reformulate the petition by hiding God s responsibility under convoluted permissive constructs But can any of these interpretations have any exegetical justification This book is an ambitious and reckless attempt from the point of view of an outsider of a theoretical physicist to rethink the Lord s Prayer from the beginning and with it to come closer if possible to the authentic message of Christ As a result of a rigorous deductive scientific approach that minimizes any hermeneutical bias the meaning of the sixth petition will spontaneously emerge and appear to the reader in its simplicity and elegance     [The Mark Commentary Collection](#) David E.

William W. Klein,2015-11-25 Controversy rages on about God s choosing people for salvation Are only the few elect Rather than typically beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical theology of election He surveys the OT contexts of God s choosing individuals prophets priests kings to serve divine purposes and considers God s election of the nation of Israel as his special people This OT study proposes that

God's election is both individual and corporate but not always determinative. Individuals entered the people of God by birth but not all the people found salvation. Faith in Yahweh was required. This book traces these elective understandings through the intertestamental literature, identifying continuities and shifts. The bulk of the study and the heart of the argument focus on the New Testament. Klein identifies concepts of election and relationships between writers in the gospels, the Lucan material, Paul's writings, and the rest. The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus' disciples and of Paul raises the question whether such chosenness is necessarily salvific. In closing, Klein discusses the most engaging and divisive questions around God's election and offers a real challenge to today's church.
