Shadrack W. Nasong'o, Godwin R. Murunga, 2013-07-18 The path towards democracy in Kenya has been long and often tortuous Though it has been trumpeted as a goal for decades democratic government has never been fully realised largely as a result of the authoritarian excesses of the Kenyatta Moi and Kibaki regimes This uniquely comprehensive study of Kenya's political trajectory shows how the struggle for democracy has been waged in civil society through opposition parties and amongst traditionally marginalised groups like women and the young It also considers the remaining impediments to democratisation in the form of a powerful police force and damaging structural adjustment policies Thus the authors argue democratisation in Kenya is a laborious and non linear process Kenyans recent electoral successes the book concludes have empowered them and reinvigorated the prospects for democracy heralding a more autonomous and peaceful twenty first century

The Oxford Handbook of Kenyan Politics Nic Cheeseman, Karuti Kanyinga, Gabrielle Lynch, 2020-02-14 Kenya is one of the most politically dynamic and influential countries in sub Saharan Africa Today it is known in equal measure as a country that has experienced great highs and tragic lows In the 1960s and 1970s Kenya was seen as a success story of development in the periphery and also led the way in terms of democratic breakthroughs in 2010 when a new constitution devolved power and placed new constraints on the president However the country has also made international headlines for the kind of political instability that occurs when electoral violence is expressed along ethnic lines such as during the Kenya crisis of 2007-08 when over 1 000 people lost their lives and almost 700 000 were displaced The Oxford Handbook of Kenyan Politics explains these developments and many more drawing together 50 specially commissioned chapters by leading researchers The chapters they have contributed address a range of essential topics including the legacy of colonial rule ethnicity land politics devolution the constitution elections democracy foreign aid the informal economy civil society human rights the International Criminal Court the growing influence of China economic policy electoral violence and the impact of mobile phone technology In addition to covering some of the most important debates about Kenyan politics the volume provides an insightful overview of Kenyan history from 1930 to the present day and features a set of chapters that review the impact of devolution on regional politics in every part of the country

Reading Desire Debra A. Modellmog, 2018-09-05 Whether revered for his masculinity condemned as an icon of machismo or perceived as possessing complex androgynous characteristics Ernest Hemingway is acknowledged to be one of the most important twentieth century American novelists For Debra A Modellmog the intense debate about the nature of his identity reveals how critics' desires give shape to an author's many guises In her provocative book Modellmog interrogates Hemingway's persona and work to show how our perception of the writer is influenced by society's views on knowledge power and sexuality She believes that recent attempts to reinvent

Hemingway as man and as artist have been circumscribed by their authors investment in heterosexist ideology she seeks instead to situate Hemingway s sexual identity in the interface between homosexuality and heterosexuality Modellmog looks at how sexual orientation gender race nationality able bodiedness and the intersections of these elements contribute to the formation of desire Ultimately she makes a far reaching and suggestive argument about multiculturalism and the canons of American letters asserting that those who teach literature must be aware of the politics and ethics of the authorial constructions they promote A Century of James Frazer's The Golden Bough Stephanie Lynn Budin,Caroline J.

colonial government detained nearly the entire population of Kenya's largest ethnic minority the Kikuyu some one and a half million people The compelling story of the system of prisons and work camps where thousands met their deaths has remained largely untold the victim of a determined effort by the British to destroy all official records of their attempts to stop the Mau Mau uprising the Kikuyu people's ultimately successful bid for Kenyan independence Caroline Elkins an assistant professor of history at Harvard University spent a decade in London Nairobi and the Kenyan countryside interviewing hundreds of Kikuyu men and women who survived the British camps as well as the British and African loyalists who detained them The result is an unforgettable account of the unraveling of the British colonial empire in Kenya a pivotal moment in twentieth century history with chilling parallels to America's own imperial project *Imperial Reckoning* is the winner of the 2006 Pulitzer Prize for Nonfiction
