twentieth century Russian society **Esotericism and Deviance** ,2024-02-06 The concept of deviance has been central to the academic study of Western esotericism since its inception This book being the proceedings of the 6th Biennial Conference of the European Society for the Study of Western Esotericism ESSWE explores the relationship between esotericism and various forms of deviance as concept category and practice from antiquity until late modernity The volume is the first to combine incisive conceptual explorations of the concept of deviance and how it informs and challenges the study of esotericism alongside a wide range of empirically grounded case discussions *Modernism and the Occult* John Bramble,2015-03-04 This study of modernism s high imperial occult exotic affiliations presents many well known figures from the period 1880 1960 in a new light Modernism and the Occult traces the history of modernist engagement with irregular heterodox and imported knowledge *Call No Man Master* Joyce Collin-Smith,2004-03 This is the fascinating story of a woman s life and spiritual search that touches on all the great esoteric moments of the last century Gurdjieff Ouspensky her brother in law Rodney Collin and other spiritual supermen fired Joyce Collin Smith s imagination from a young age and she literally sat at the feet of many such masters and esoteric teachers *Between Occultism and Nazism* Peter Staudenmaier,2014-04-03 The relationship between Nazism and occultism has been an object of fascination and speculation for decades Peter Staudenmaier s *Between Occultism and Nazism* provides a detailed historical examination centered on the anthroposophist movement founded by Rudolf Steiner Its surprising findings reveal a remarkable level of Nazi support for Waldorf schools biodynamic farming and other anthroposophist initiatives even as Nazi officials attempted to suppress occult tendencies The book also includes an analysis of anthroposophist involvement in the racial policies of Fascist Italy Based on extensive archival research this study offers rich material on controversial questions about the nature of esoteric spirituality and alternative cultural ideals and their political resonance
