Powers Weakness And The Tabernacling Of God:

Powers, Weakness, and the Tabernacling of God Marva J. Dawn, 2001 Examines the practices of the modern church focusing on its conformity to contemporary culture and emphasis on powers Argues that the church needs to embrace its call to weakness The Future of John Wesley's Theology Tex Sample, 2012-02-21 This book approaches the future of John Wesley's theology in terms of a preferred future by looking back to the Apostle Paul In a comparison of Wesley's theology with the writings of St Paul Tex Sample maintains that Wesleyans tend to read Paul through Wesley but that in the future we need to read Wesley through Paul Key issues between Wesley and Paul are considered in this book justification by faith sanctification the faith in of Christ the powers the individual social concept in Wesley that is absent in Paul and finally the issue of a justice of the common good The conclusion develops the implications of this study for the future of the church and its witness Power and the Powers Andrew R. Hardy, Richard Whitehouse, Dan Yarnell, 2015-10-12 Missio Dei by its very nature requires the church to come to terms with the exercise of power both internally and externally as it confronts the world Tune in to any newscast or glance at the daily newspaper and it immediately becomes clear that the use and abuse of power is a live issue The more we focus on the twists and turns of current events the more it appears that uncorrupted exercise of power eludes the human race All too often we become uneasily aware that there are powers lying behind the power that any of us wields whether it is in the family the classroom on the shop floor in the boardroom or in churches Effective missional leadership involves creative engagement with the powers at work in the world without being debased by them This book sets out to address the issue of the use and misuse of power from biblical theological and practical perspectives The authors bring their theological pastoral missionary and personal experience to their task in order to inform challenge and invite readers into a responsible use of the powers that God has put into the hands of each one of us to achieve his purposes in the world **Pentecostal Theology for the Twenty-First Century** May Ling Tan-Chow, 2016-05-13 In our post 9 11 world where there is a growing religious fundamentalism and when both exclusion and easy tolerance are inadequate options this book offers a creative alternative arguing that Pentecostalism has the potential to be a peaceful harbinger of plurality The potential lies in its spirituality a lively pneumatology and eschatology The eschatological Spirit is seen as orientated towards the other crossing boundaries in redemptive embrace transcending exclusion and easy tolerance This book's non Western perspective and the empirical contextual study of Singapore's multicultural and multi faith context are unique contributions to religion and society This is a book for students pastors teachers and theologians concerned for an approach to mission that is sensitive to their context who want to learn from a creative theological voice from what has been perhaps the largest religious movement in history and who see the immense potential in lively theology by Christians of the Chinese diaspora who can speak to the many millions of ethnic Chinese Christians This book will also appeal to those outside Christianity who are interested in its attempts to engage with a complex multi ethnic and multi religious situation such as

that in Singapore **Being Well When We're Ill** Marva J. Dawn, 2008-01-01 Offers advice to those coping with illness or a disability providing spiritual and practical suggestions for coping with such aspects of illness as physical pain regrets bitterness and loneliness *The Past, Present, and Future of Evangelical Mission* Narry F. Santos, Xenia Ling-Yee Chan, 2022-07-15 Crisis is an invitation to both prophetic evaluation and new imagination In this volume Canadian missiologists and practitioners consider the past and how the past might enable the church to move forward in Christian mission in the academy agency assembly and the agora How can the Canadian church welcome different voices from the periphery What must be done to empower the next generation How can we respond in light of the injustices done to our Indigenous brothers and sisters Where does reconciliation fit into the picture How might we navigate between secularization and fundamentalisms How ought we move together in mission and in unity across denominational difference How can we equip laypeople to live their callings faithfully in the agora How can work in the marketplace be ministry And lastly how is the Spirit at work in our contexts in this day and age These questions among others onboard us into the ongoing conversation about the state of evangelical mission in Canada and each of these essays adeptly lead us into the beginnings of answers to these questions These essays address how the past informs our future and how we might answer the prophetic call with both hope and renewed vigor to participate in the mission of God The Heart of Racial Justice Brenda Salter McNeil, Rick Richardson, 2022-01-11 Racial and ethnic hostility is one of the most pervasive problems the church faces What should our response be in a work torn apart by prejudice hatred and fear In this book Brenda Salter McNeil and Rick Richardson provide a model of racial reconciliation social justice and spiritual healing that creates both individual and communal transformation **Confronting Technology** Matthew T. Prior, 2020-03-16 We are living through a digital revolution which already touches every area of life and will continue to shape the future in as yet unforeseen ways Digital technologies are an ordinary part of daily life and yet they also present an unprecedented challenge to Christians to articulate a biblical theological framework to navigate times of rapid change The work of the French theologian Jacques Ellul is a theological time bomb primed for times like these Accounts of Ellul's career often divide off his sociology and theology but this book argues that Ellul conceived a single project of bringing technology into confrontation with the Word of God tackling the phenomenon he named technique the pursuit of maximal power and efficiency implicit in the technological enterprise with a profound depth of biblical and ethical insight Centering himself on the apocalypse or revelation of Jesus Christ in history Ellul offers a monumental timely though far from flawless contribution to contemporary ethical debates about the uses and abuses of technologies His work blazes a trail that Christians and all concerned for the future would do well to follow as we avoid both the naivety of technological neutrality and the dread of technological determinism Know Your Place Justin R. Phillips, 2021-05-03 White evangelicals have struggled to understand or enter into modern conversations on race and racism because their inherited and imagined world has not prepared them for this moment American Southerners in particular carry

additional obstacles to such conversations because their regional identity is woven together with the values and histories of white evangelicalism In *Know Your Place* Justin Phillips examines the three community loyalties white southern and evangelical that shaped his racial imagination Phillips examines how each community creates blind spots that overlap with the others insulating the individual from alternative narratives making it difficult to conceive of a world different than the dominant white evangelical world of the South When their world is challenged or rejected outright it can feel like nothing short of the end of the world Blending together personal experiences with ethics and pastoral sensibilities Phillips traces for white southern evangelicals a line running from the past through the present to help his beloved communities see how their loyalties their stories histories and beliefs have harmed their neighbors In order to truly love repair and reconcile brokenness you first have to know your place

Worship Beyond Nationalism Rob Hewell, 2012-02-01 The church in the United States faces a dilemma How is it possible for Christ's followers to worship faithfully in a nationalistic environment where religion and politics enjoy a vigorous affiliation while the separation of church and state is celebrated as the standard for the relationship between nation and faith When nationalism propagates itself through a cross pollination of the stories symbols and celebrations of the nation state and religious groups the stage is set for a national history bearing the character of sanctified legend Such resulting civil religious activity is likely to create dissonance for Christ's followers between what they understand to be biblically faithful and what nationalistic practices may endorse as religiously valid *Worship Beyond Nationalism* explores faithful worship as a political act by which Christians declare their allegiance to God in Christ rather than to worldly empires enabling congregations to enact the reality of God's kingdom and embody the gospel for the glory of God and for the sake of the world

Unfettered Hope Marva J. Dawn, 2003-03-31 In this prophetic call to faithful Christian living Marva Dawn identifies the epidemic socio cultural attitudes that destroy hope in our modern lives Because affluent persons don't know what to value how to choose what's important and weed out the rest we remain dissatisfied with what we have and are compelled to want more Dawn demonstrates however how Christians can organize their lives to live in ways that allow them to love God and neighbor and in the process alleviate the despair in their lives and in the lives of others in the world

The Sword and the Mask Jon C. Furgeson, 2022-08-12 Is spiritual warfare real Is it just a metaphor for social justice Do territorial spirits have a stranglehold on the planet What does the Christian do with the rising fascination with the supernatural in Western culture Does any of this matter for daily life With meticulous care Jon Furgeson dives into the sea of perspectives and voices in the church and Western culture bringing the reader on a journey to gain perspective After clearing the clutter and the confusion he presents a bold new yet faithful way to understand spiritual warfare to see how it affects every person to the foundations of who they are and how the Spirit of God in Christ acts in the midst of the fallen powers to take broken sinners and turn them into antifragile saints

Henri Nouwen Wil Hernandez, 2006 *My Soul Waits* Marva J. Dawn, 2007-07-17 Marva Dawn opens up her own experiences of deep loneliness in these personal stories and

reflections on the Psalms By evoking the wordless comfort contained in these songs Dawn teaches us to wait prayerfully on God

Living in the Lamblight Hans Boersma,2001-01-08 In recent decades many fundamental Christian assumptions about the nature of God and the world have come under attack No longer can one assume even in many church circles that historic Christian beliefs about the Trinity and providence are generally accepted or understood Scientific knowledge and new technologies have also presented challenges for the church How for example should Christians understand the ecological crisis And how should the opening chapters of Genesis be understood in an age of genetic research and evolutionary science This collection of essays attempts to chart a faithful path for postmodern Christians exploring the foundational ideas and concepts of a Christian worldview and suggesting their implications for Christian living today Contributors Hans Boersma John Cooper Marva J Dawn Michael W Goheen Christopher D Marshall Arnold E Sikkema John G Stackhouse Jr Rikki E Watts John R Wood

Above All Earthly Pow'rs David F. Wells,2006-08 In this prophetic call to the evangelical church Wells stresses that Christians need to confess Christ as the center in a society lacking a center as the sovereign in a world seemingly ruled by chance and as the one who can give meaning in a nihilistic culture

Spirituality According to Paul Rodney Reeves,2011-10-13 Spirituality often evokes images of quiet centeredness meditative serenity and freedom from life s pressures It s become a chic commodity with its benefits evoked by images of sunrises and secluded retreats Contrast the apostle Paul who promotes a cross shaped spirituality for fools making their way though life s trials Paul realized that images of crucifixion burial and resurrection would never be popular images of the spiritual life So he encourages his fellow travelers who are spiritually united with Christ to follow me as I follow Christ As he explores this ancient spiritual path Rodney Reeves probes our understanding of what Christian spirituality should be And to illuminate its transformative power he gives us living illustrations of what it means to follow Paul as he followed Christ Here is a book that joins a deep understanding of Paul with a pastoral and spiritual wisdom born of experience

The Tradition of the Gospel Christians Andrey Puzynin, 2011-01-01 The Tradition of the Gospel Christians explores the post Soviet tradition of evangelical Christians originating from the ministry of the Victorian revivalist preacher Lord Radstock in St Petersburg in the 1870s In an effort to resolve the current evangelical crises of theology and identity this study provides an analysis of the tradition s history reflecting on its restorationist tradition the contours and vectors of its theology and its practice of biblical interpretation The historical analysis reveals that the major causes of the crises of identity and theology pertain to the socio political upheavals which in turn led the tradition to develop strategies to maintain relevance in its changed contexts The socio political shifts were also responsible for the lack of emphasis on research and scholarship which contributed to a difficulty in finding the necessary resources and intellectual virtues to deal with the collapse of the Soviet Union Building on the discoveries of the historical analysis Andrei P Puzynin offers a new historical and theological paradigm by reconstructing the self identifying narrative and theological framework in critical dialogue with recent developments in Anglo American evangelicalism and postliberalism Following the trajectory of the evangelical tradition in the post Soviet context a trajectory which relies on Western thought the book adopts the narrative theological method of reading the world through the lens of Scripture The self identifying narrative of the community is reconstructed through a theological reading of the previous identity constructions in the light of recent discussions on Christ and the powers The result of this study helpfully explains the dynamics of Eastern evangelicalism in a traditionally Russian Orthodox setting

The Word Before the Powers Charles L. Campbell, 2002-01-01 In this examination of the ethical significance of preaching Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church Moving beyond a narrow focus on moral decision making or social issues sermons Campbell argues that a particular ethic nonviolent resistance is inherent in the practice of preaching and shapes the moral life of the church In the face of the powers the fundamental ethical task of preaching involves building up the church as a community of resistance Employing three dimensions of character ethics vision practices and virtues Campbell demonstrates the concrete ways in which preachers may undertake this task
