Empire and Poetic Voice Patrick Colm Hogan, 2012-02-01 In Empire and Poetic Voice Patrick Colm Hogan draws on a broad and detailed knowledge of Indian African and European literary cultures to explore the way colonized writers respond to the subtle and contradictory pressures of both metropolitan and indigenous traditions He examines the work of two influential theorists of identity Judith Butler and Homi Bhabha and presents a revised evaluation of the important Nigerian critics Chinweizu Jemie and Madubuike In the process he presents a novel theory of literary identity based equally on recent work in cognitive science and culture studies This theory argues that literary and cultural traditions like languages are

entirely personal and only appear to be a matter of groups due to our assertions of categorical identity which are ultimately both false and dangerous

Developmental and Cultural Nationalisms Radhika Desai, 2013-10-18 Premature announcements of the eclipse of nation states under globalization and empire stand exposed as the 21st century's first economic crisis underlines their continuing importance. A predominantly cultural study of nationalism was unable to resist the globalization thesis. Focusing on selected Asian cases, this book argues that nationalisms have always contained political economies as well as cultural politics. Placing nation states centrally in our understanding of modern capitalism, it challenges the globalization thesis. Rather than eclipse nations and nationalisms, they have undergone changes under the impact of neoliberalism since the 1970s. Classical 20th-century developmental nationalisms emphasised citizenship, economy and future orientations. Later cultural nationalisms, Asian values, Hindutva, Confucianism or Nihonjiron stressed identity, culture and past orientations. Amid neoliberalism's flagrantly unequal political economy, not primarily concerned with material production or productivity, they glorified static conceptions of original cultures and identities, whether religious, ethnic or other, and justified inequality as cultural difference. In contrast to the popular mobilizations which powered developmental nationalisms, cultural nationalisms thrive on neoliberalism's disengagement and disenfranchisement, albeit partially compensated by the political baptism of newly enriched groups. Extremist wings of cultural nationalism in some countries were a function of this lack of popular support. This book was published as a special issue of *Third World Quarterly*.

Tagore and the Margins of the Nation under Colonialism Amartya Mukhopadhyay, 2023-12-12 This book focuses on India's anti-colonial politics which Rabindranath Tagore (1861-1941) brought into the mainstream of nationalist thinking. It browses through the entire corpus of Tagore's writings in the genres of poetry, fiction and essays to glean both used and hitherto unused untranslated writings that illumine Tagore's gender consciousness and proto-feminist thought and empathy, presenting it in a wholly new light. It teases out Tagore's original views on India's industrial capitalist development and his views on the roles of applied scientists and engineers in it to highlight his critique of the nature of science teaching in colonial India. The volume also delineates Tagore's Upaniadic ecologism that creatively evoked anticolonialism and patriotism. Lucid and topical, the book will be indispensable for students and researchers in the fields of comparative literature, history, political science, international relations and sociology at all levels and anybody interested in literary criticism and cultural studies.

Postcolonial Literary History and Indian English Fiction, *Humanism and Nationalism in Tagore's Novels* Kh. Kunjo Singh, Khangrakpam Kunjo Singh, 2002 The book aims at an appraisal of R. N. Tagore's novels in English translations. It highlights his thematic concerns and novelistic technique. The book also provides a comprehensive and authentic account of his literary genius and his vision of the human predicament. It contains a faithful profile of his age marked by profound convulsions in individual and collective consciousness. This specific study of Tagore's novels based on the themes of humanism and nationalism has shown his position and achievement in the domain of Indian fiction. The book
