Third Series* Library of Congress. Copyright Office, 1979 **I Learned to Read with Recipe Books - A Food Memoir** Ana Riehlmann, 2011-11 **Recipes for Reading** Anne Bower, 1997 The community cookbook is a familiar item in many kitchens Usually compiled by women and sold to raise funds for a charitable cause these collections of recipes may seem to be

utilitarian objects that exhibit little if any narrative interest But this is hardly the case In Recipes for Reading scholars from a variety of disciplines examine community cookbooks as complex texts deserving serious study The contributors contend that such cookbooks have stories to tell about the lives and values of the women who wrote them stories that are autobiographical in most cases historical in some and fictive in others Gumbo Life: Tales from the Roux Bayou Ken Wells,2019-02-26 A sprightly deeply personal narrative about how gumbo for 250 years a Cajun and Creole secret has become one of the world's most beloved dishes Ask any self-respecting Louisianan who makes the best gumbo and the answer is universal Momma The product of a melting pot of culinary influences gumbo in fact reflects the diversity of the people who cooked it up French aristocrats West Africans in bondage Cajun refugees German settlers Native Americans all had a hand in the pot What is it about gumbo that continues to delight and nourish so many And what explains its spread around the world A seasoned journalist Ken Wells sleuths out the answers His obsession goes back to his childhood in the Cajun bastion of Bayou Black where his French-speaking mother's gumbo often began with a chicken chased down in the yard Back then gumbo was a humble soup little known beyond the boundaries of Louisiana So when a homesick young Ken at college in Missouri realized there wasn't a restaurant that could satisfy his gumbo cravings he called his momma for the recipe That phone taught gumbo was a disaster The second cooked at his mother's side fueled a lifelong quest to explore gumbo's roots and mysteries In Gumbo Life: Tales from the Roux Bayou Wells does just that He spends time with octogenarian chefs who turn the lowly coot into gourmet gumbo joins a team at a highly competitive gumbo contest visits a factory that churns out gumbo by the ton observes the gumbo making rituals of an iconic New Orleans restaurant where high-end Creole cooking and Cajun cuisine first merged Gumbo Life rendered in Wells' affable prose makes clear that gumbo is more than simply a delicious dish it's an attitude a way of seeing the world For all who read its pages this is a tasty culinary memoir to be enjoyed and shared like a simmering pot of gumbo Some Like It Hot Clifford Wright,2005-09-13 300 spicy recipes from some of the most flavorful and piquant cuisines The Four-star American Community Cookbook Anne Patterson Dee,1988 More than 350 best ever regional recipes chosen from America's finest community cookbooks New Orleans Cookbook Rima Collin,Richard Collin,1987-03-12 Two hundred eighty-eight delicious recipes carefully worked out so that you can reproduce in your own kitchen the true flavors of Cajun and Creole dishes The New Orleans cookbook whose authenticity dependability and wealth of information have made it a classic Black Hunger Doris Witt,2004-10-01 Assesses the complex interrelationships between food race and gender in America with special attention paid to the famous figure of Aunt Jemima and the role played by soul food in the post-Civil War period up through the civil rights movement and the present day Original Soda and Fizzy Drinks Judith Levin,2021-08-12 An effervescent exploration of the global history and myriad symbolic meanings of carbonated beverages More than eighty years before the invention of Coca-Cola sweet carbonated drinks became popular around the world provoking arguments remarkably similar to those they prompt today Are they medicinally morally culturally

or nutritionally good or bad. Seemingly since their invention they have been loved and hated for being cold or sweet or fizzy or stimulating. Many of their flavors are international: lemon and ginger were more popular than cola until about 1920. Some are local: tarragon in Russia, cucumber in New York, red bean in Japan, and chinotto exceedingly bitter orange in Italy. This book looks not only at how something made from water, sugar, and soda became big business but also how it became deeply important to people. For fizzy drinks, symbolic meanings are far more complex than the water, gas, and sugar from which they are made.

American Woman, Italian Style Carol Bonomo Albright, Christine Palamidessi Moore, 2011. With writings that span more than thirty-five years, *American Woman, Italian Style* is a rich collection of essays that fleshes out the realities of today's Italian American women and explores the myriad ways they continue to add to the American experience. The status of modern Italian American women in the United States is noteworthy: their quiet and continued growth into respected positions in the professional worlds of law and medicine surpasses the success achieved in that of the general population, so too does their educational attainment and income. Contributions include Donna Gabaccia on the oral to written history of cookbooks, Carol Helstosky on the Tradition of Invention, an interview with Sandra Gilbert, Paul Levitt's look at Lucy Mancini as a metaphor for the modern world, William Egelman's survey of women's work patterns, and Edvige Giunta on the importance of a selfconscious understanding of memory. There are explorations of Jewish Italian intermarriages and interpretations of entrepreneurship in Milwaukee. Readers will find challenges to common assumptions and stereotypes, departures from normal samplings and springboards to further research. *American Woman, Italian Style* Italian Americana's Best Writings on Women offers unique insights into issues of gender and ethnicity and is a voice for the less heard and less seen side of the Italian American experience from immigrant times to the present. Instead of seeking consensus or ideological orthodoxy, this collection brings together writers with a wide range of backgrounds, outlooks, ideas, and experiences. It is an impressive postmodern collection for interdisciplinary studies, a book and a look about being and becoming an American.
