Elizabeth Gray,2009-09-10 Women in the Victorian period were acknowledged to be the religious sex but their relationship to the doctrines practices and hierarchies of Christianity was both highly circumscribed which has been well documented and complexly creative which has not Gray visits the importance of the literature of Christian devotion to women's creative lives through an examination of the varied ways in which Victorian women reproduced and recreated traditional Christian texts in their own poetic texts Investigating how women poets redeployed the discourse of Christianity to uncover the multiple voices of the scriptures to expand identity and gender constructions and to question traditional narratives and processes of authorization Gray contends that women found in religious poetry unexpected liberating possibilities Taking into account multiple voices from the best known female poets of the day to some of the most obscure this study provides a comprehensive account of Victorian women's religious poetic creativity and argues that this body of work helped shape the development of the lyric in the Victorian period

**Theology and the Victorian Novel** J. Russell Perkin, 2009-11-04 Beginning with a wide ranging introduction that explains why a theological reading of Victorian fiction is both rewarding and timely Perkin also addresses religion s return to prominence in the twenty first century confounding earlier predictions of its imminent demise Chapters on William Thackeray Charlotte Bront

Charlotte Yonge Anthony Trollope George Eliot and Thomas Hardy are followed by a concluding discussion of Mary Ward and Walter Pater that relates Pater's *Marius the Epicurean* to postmodern theology and shows how it remains a religious classic for our own time

**Victorian Religious Discourse** J. Nixon, 2004-08-20 This collection of essays attempts to address the disparate historical and critical ways religion informs the literature and culture of nineteenth century England showing how a representative group of major Victorians negotiated its impact The collection attempts to present Victorian religious discourse not as monologic but as dialogic if not protean It seeks to make available new understandings of nineteenth century British literature as well as to elucidate the extent to which religious discourse is vested in Victorian cultural thoughts and practice

First-Person Anonymous Alexis Easley, 2017-05-15 First Person Anonymous revises previous histories of Victorian women's writing by examining the importance of both anonymous periodical journalism and signed book authorship in women's literary careers Alexis Easley demonstrates how women writers capitalized on the publishing conventions associated with signed and unsigned print media in order to create their own spaces of agency and meaning within a male dominated publishing industry She highlights the importance of journalism in the fashioning of women's complex identities thus providing a counterpoint to conventional critical accounts of the period that reduce periodical journalism to a monolithically oppressive domain of power relations Instead she demonstrates how anonymous publication

enabled women to participate in important social and political debates without compromising their middle class respectability Through extensive analysis of literary and journalistic texts Easley demonstrates how the narrative strategies and political concerns associated with women s journalism carried over into their signed books of poetry and prose Women faced a variety of obstacles and opportunities as they negotiated the demands of signed and unsigned print media In investigating women s engagement with these media Easley focuses specifically on the work of Christian Johnstone 1781 1857 Harriet Martineau 1802 76 Elizabeth Gaskell 1810 65 George Eliot 1819 80 and Christina Rossetti 1830 94 She provides new insight into the careers of these authors and recovers a large anonymous body of periodical writing through which their better known careers emerged into public visibility Since her work touches on two issues central to the study of literary history the construction of the author and changes in media technology it will appeal to an audience of scholars and general readers in the fields of Victorian literature media studies periodicals research gender studies and nineteenth century

**Christina Rossetti's Feminist Theology** L. Palazzo,2002-03-13 This volume disputes the assumption that Rossetti was a follower of Keble and Pusey and shows how her dissatisfaction with the male dominated call to celibacy led her to reject their notions of worldliness and to form a closer bond with the physical world and the body **Victorian Children's**
