Reclutamiento Politico En Mexico 1884

**Fausta Gantús, Florencia
Gutiérrez, Alicia Salmerón Castro**

Reclutamiento Politico En Mexico 1884:

Reclutamiento político en México, 1884-1991 Roderic Ai Camp, 1996 El autor utilizando la información de veinte años de investigación sobre más de tres mil políticos mexicanos hace un recuento de los caminos hacia el poder recorridos por los líderes políticos durante el periodo que va de 1884 a 1992 Aclara los patrones del reclutamiento político en México además de cuestionar muchos de los principios de esta teoría al comparar las prácticas mexicanas con las de los países del este asiático y pone en entredicho numerosas hipótesis incluyendo la de que la movilidad política hacia arriba fue una de las causas de la Revolución de 1910

Sistema politico mexicano Francisco González Ayerdi, Francisco Reveles Vázquez, 2007 **Civil Society and Political Representation in Latin America (2010-2015)** Adrián Albala, 2017-11-03 This book presents in depth analyses of the wave of political protest and unrest that spread throughout Latin America between 2010 and 2015 in order to answer a question that has been challenging social scientists all over the region why some countries have faced a divorce between their social movements and political parties while others have not The contributions gathered in this volume intend to show that the logic of political representation in Latin America and its supposed crisis is not a common and constant feature for all region Some countries like Chile Brazil Colombia and Mexico seem to have experienced a process of autonomization of its social movements vis vis its institutional political system However Argentina Bolivia Ecuador and Uruguay have not seen such a split between civil society and the political parties Bringing together eight case studies of the countries mentioned and a general assessment of the situation in the whole region this book presents some interesting findings that will contribute to the discussions about the political representation crisis in Latin America providing valuable resources for political leaders researchers policy makers and social activists in the region

Species of Capital in the Political Elite Luis Garrido-Vergara, 2020-06-16 Although sociological research has examined the reproduction of Chile's elites there is little empirical evidence as to how different forms of capital operate within them Based on a survey of the country's elites this study examines the effect of different forms of capital cultural social and political on access to strategic positions in the legislative and executive branches of government It focuses on the political elite between 1990 when military dictator Augusto Pinochet handed over the presidency to Patricio Aylwin his democratically elected successor and 2010 the end of President Michelle Bachelet's first government At least three points are germane to this analysis 1 understanding the nature of the party elites during the political transition 2 describing and explaining the main aspects of the party elites background and social resources including their family networks independent variables and 3 exploring the effect of those variables on individuals chances of achieving strategic positions in the political field comparing the legislative and executive branches as represented by deputies and ministers dependent variable

Symbolism and Ritual in a One-party Regime
Larissa Adler de Lomnitz, Rodrigo Salazar Elena, Ilya Adler, 2010-05-15 Because of the long dominance of Mexico's leading political party the Partido Revolucionario Institucional the campaigns of its presidential candidates were never considered

relevant in determining the victor This book offers an ethnography of the Mexican political system under PRI hegemony focusing on the relationship between the formal democratic structure of the state and the unofficial practices of the underlying political culture and addressing the question of what purpose campaigns serve when the outcome is predetermined Discussing Mexican presidential politics from the perspectives of anthropology political science and communications science the authors analyze the 1988 presidential campaign of Carlos Salinas de Gortari the last great campaign of the PRI to display the characteristics traditionally found in the twentieth century These detailed descriptions of campaign events show that their ritualistic nature expressed both a national culture and an aura of domination The authors describe the political and cultural context in which this campaign took place an authoritarian presidential system that dated from the 1920s and explain how the constitutional provisions of the state interacted with the informal practices of the party to produce highly scripted symbolic rituals Their analysis probes such topics as the meanings behind the candidate s behavior the effects of public opinion polling and the role of the press then goes on to show how the system has begun to change since 2000 By dealing with the campaign from multiple perspectives the authors reveal it as a rite of passage that sheds light on the political culture of the country Their study expands our understanding of authoritarianism during the years of PRI dominance and facilitates comparison of current practices with those of the past Symbolism and Ritual in a One-Party Regime Larissa Adler-Lomnitz,Rodrigo Salazar Elena,Ilya Adler,2010-05-15 Because of the long dominance of Mexico s leading political party the Partido Revolucionario Institucional the campaigns of its presidential candidates were never considered relevant in determining the victor This book offers an ethnography of the Mexican political system under PRI hegemony focusing on the relationship between the formal democratic structure of the state and the unofficial practices of the underlying political culture and addressing the question of what purpose campaigns serve when the outcome is predetermined Discussing Mexican presidential politics from the perspectives of anthropology political science and communications science the authors analyze the 1988 presidential campaign of Carlos Salinas de Gortari the last great campaign of the PRI to display the characteristics traditionally found in the twentieth century These detailed descriptions of campaign events show that their ritualistic nature expressed both a national culture and an aura of domination The authors describe the political and cultural context in which this campaign took place an authoritarian presidential system that dated from the 1920s and explain how the constitutional provisions of the state interacted with the informal practices of the party to produce highly scripted symbolic rituals Their analysis probes such topics as the meanings behind the candidate s behavior the effects of public opinion polling and the role of the press then goes on to show how the system has begun to change since 2000 By dealing with the campaign from multiple perspectives the authors reveal it as a rite of passage that sheds light on the political culture of the country Their study expands our understanding of authoritarianism during the years of PRI dominance and facilitates comparison of current practices with those of the past **Foundations for Public**

Administration Science in the 21st Century Luis Humberto Fernández Fuentes, 2016 This book is About the Science of Public Administration about what we know and what we need to know about it as well as what we can do to make science more useful to the state and society The disarticulation between the Science of Public Administration and the administrative practice of the XXI century causes that the public administrator does not have the theoretical elements and the sufficient tools for the efficient and effective treatment of public affairs The administration Public and its science have to be rethought not only from their inheritance but also from their potential to provide intellectual tools and practices that increase public capacity That is make a stronger smarter and more efficient state which can only be achieved with a solid and useful body of knowledge From the detailed study of the State the Science of Public Administration and its practice facing the current needs of the governments the autor proposes elements for its consolidation and strengthening in the XXI century Citizens in the Present Maria de los Angeles Torres, Irene Rizzini, Norma Del Rio, 2013-06-15 Although media coverage often portrays young people in urban areas as politically apathetic or disruptive this book provides an antidote to such views through narratives of dedicated youth civic engagement and leadership in Chicago Mexico City and Rio de Janeiro This innovative comparative study provides nuanced accounts of the personal experiences of young people who care deeply about their communities and are actively engaged in a variety of public issues Drawing from extensive interviews and personal narratives from the young activists themselves Citizens in the Present presents a vibrant portrait of a new politically involved generation Las elites del poder en México Roderic Ai Camp, 2006 El presente libro aborda la formaci n de l deres su fundamento es la suposici n de que las elites existen que son relevantes que funcionan en todos los mbitos sociales y tienen una influencia medular en sus sucesores al actuar como mentores de las subsiguientes generaciones de j venes l deres En el presente trabajo se exploran e identifican diversas caracter sticas del liderazgo en M xico y de manera m s amplia se revelan sus atributos en diversos escenarios del tercer mundo incluyendo algunos fuera del hemisferio occidental El estudio se enfoca en cuatro puntos interrelacionados I establecer la existencia e importancia de la elite del poder en M xico describiendo la composici n de ese grupo e ilustrando las diferencias entre las generaciones presente y futura II identificar el grado y los medios por los cuales las elites del poder se vinculan entre s y con sus respectivos grupos III proporcionar evidencia por primera vez de los mentores y su influencia en la formaci n de los c rculos de poder incluyendo las redes y el reclutamiento IV analizar en profundidad las fuentes de socializaci n en la formaci n de las ideas y actitudes de la elite incluyendo la influencia de los mentores en la familia en la elecci n de carrera y educaci n con un marcado enfoque en la ltima variable tanto en M xico como en el extranjero Hoy M xico est enfrascado en un proceso de transformaci n democr tica que posiblemente modificar en el primer decenio del siglo XXI gran parte de las relaciones institucionales que dominaron al pa s durante la mayor parte del siglo XX El presente trabajo intenta mostrar c mo el amplio entorno pol tico contribuy a otorgar caracter sticas espec ficas a las elites mexicanas Tambi n intenta aclarar c mo y por qu en a os recientes las elites han contribuido a modificar patrones

sociales bien establecidos **La política en México** Roderic Ai Camp, 1998 Primer examen especializado sobre el pasado del catolicismo en la sociedad mexicana desde el decenio de los setenta hasta 1995 y sobre el activismo político de la Iglesia católica y el clero Incorpora entrevistas con numerosos obispos clásicos y destacados políticos sobre sus ideas y sobre la influencia de la religión en sus valores Comparando las publicaciones de Estados Unidos y de Europa sobre el tema el libro llega a una serie de conclusiones provocadoras acerca de la intrincada relación entre religión y política que arroja luz tanto sobre los argumentos teóricos como sobre las peculiaridades del caso mexicano **Interrogating Development** Gisela Mateos, Edna Suárez-Díaz, 2025-05-26 This volume explores the diverse meanings and ways of implementing development programs and technical assistance projects through several case studies grounded in Mexico but transcending its geography Despite or perhaps because of claims of revolutionary nationalism Mexico played a crucial international role during the decades following World War II both by challenging and enacting developmentalist models values and projects that stressed national priorities resonating beyond its borders and even outside Latin America Energy irrigation communication infrastructures nuclear technologies public health and patents are meaningful examples explored in this volume of the mobilisation of science and technologies understood in a broad sense including not only the natural and social sciences but also bureaucratic technologies that accompanied infrastructural and industrial projects These case studies interrogate the specific agents and mechanisms of technical assistance put to work to meet local priorities which in turn required and informed different international models and ideas of development *Encuestas y democracia*, 1997 Los autores de estos ensayos demuestran la creciente importancia de las encuestas de opinión pública y las investigaciones por muestreo en el contexto mexicano Ilustran el grado en que la investigación por muestreo llega a desempeñar un papel fundamental afectando las opiniones políticas las posiciones partidarias del electorado y las opiniones presentadas en los medios masivos de comunicación **Procesos democráticos en contextos de violencia: México y Colombia** Basset, Yann, 2015-01-23 Esta obra colectiva presenta un conjunto de estudios sobre los procesos de democratización en México y Colombia Si bien los procesos de formación del Estado nacional y de democratización fueron distintos en los dos países ambos presentan características comunes como no haber conocido dictaduras militares del tipo de las de Sudamérica y experimentar escenarios de violencia social política y criminal Tales escenarios rebasan los sesgos normativos lineales y teleológicos de las teorías de la transición democrática En este sentido el libro da tres giros en el análisis de los procesos primero toma distancia de los conocidos fenómenos nacionales para enfocarse en las esferas regional y local segundo desplaza las miradas de la esfera institucional a la esfera social interesándose en las relaciones que se tejan entre actores sociales y elites políticas así como en sus dinámicas respectivas tercero renuncia a sostener una concepción predeterminada de la democracia para desarrollar una perspectiva comprensiva que examine el significado que los mismos actores estudiados tanto los participantes de la acción colectiva como las elites políticas otorgan a la categoría de democracia el concepto que manejan de Estado y el contenido

que ellos mismos confieren a la noción de derechos abriendo a nuevas perspectivas **México en sus libros** Enrique Florescano, 2012-05-05 Este es el primer libro que reúne las obras indispensables para conocer la historia de México desde sus orígenes hasta el presente. Ante la necesidad de obras que ordenen la prodigiosa multiplicación de libros y conocimientos acerca de los aspectos físicos geográficos históricos y actuales del país Enrique Florescano y Pablo Mijangos se dieron a la tarea de preparar una guía de lecturas que servir a quienes desean formarse una imagen precisa de las múltiples vetas que componen el mapa histórico y cultural de México. La cuidadosa selección de obras que forman esta guía de lecturas va acompañada por comentarios que describen el contenido y las características de cada libro.

Simbolismo y ritual en la política mexicana Larissa Adler de Lomnitz, Rodrigo Salazar Elena, Ilya Adler, 2004-01-01 Las campañas electorales están asociadas con la competencia entre los partidos por arrebatar las preferencias de la población. Se movilizan recursos, equipos y esfuerzos para conseguir un incremento en los votos que ponga a un partido o candidato por delante del otro. Se espera de las campañas electorales que determinen quién será el ganador. Sin embargo, no todas las campañas son así. En México, por ejemplo, durante la mayor parte del siglo XX el ganador era conocido por todos aun antes de que se realizaran las campañas. Y sin embargo se realizaban puntualmente y con toda seriedad. Este libro pretende responder a la pregunta: ¿para qué sirven las campañas electorales cuando el triunfo estaba definido de antemano? En 1987 se integró un equipo que dio seguimiento etnográfico a la campaña presidencial de Carlos Salinas de Gortari literalmente desde el momento en que su candidatura fue anunciada al público. En este equipo participaron Larissa Adler de Lomnitz, Claudio Lomnitz e Ilya Adler, asistidos por un excelente equipo de personas antropólogas en su mayor parte que ayudaron a entender el complicado mundo de la prensa mexicana y realizar el trabajo de campo en los estados de Tabasco, Yucatán, Coahuila, Puebla, Veracruz, Jalisco, Chihuahua, Hidalgo y el Distrito Federal. El interés prioritario del libro es antropológico. A partir de la etnografía recabada en las campañas estatales del candidato priista y en etapas anteriores del proceso electoral, el estudio constituye un análisis de caso de los contenidos rituales y simbólicos de las campañas electorales en un contexto político y cultural específico. Desde este punto de vista, la campaña electoral expresa al mismo tiempo que ayuda a reproducir una cultura nacional y un orden de dominación. Se trata de dimensiones de la política mexicana que se revelan con mayor fuerza en momentos de crisis, como lo son los cambios de las personas en el poder. Este análisis de los actos de campaña pretende revelar esta doble característica expresiva y reproductiva del ritual político mexicano.

Adolfo López Mateos Rogelio Hernández Rodríguez, 2015-11-05 Adolfo López Mateos ocupa un espacio particular en los recuerdos históricos nacionales y es el ex presidente que se recuerda con más afecto. Pero su vida política y el desempeño de su gobierno no han sido reconstruidos satisfactoriamente. La presente obra reconstruye la biografía del ex mandatario pero sobre todo contextualiza su paso por la política nacional. El propósito ha sido situar y explicar cada momento de López Mateos y no sólo hacer un listado de sus ocupaciones.

Gobernantes mexicanos, II: 1911-2000 Will Fowler, 2015-09-25 El investigador reunió a un grupo de especialistas para estudiar la naturaleza del

presidencialismo en México y comparar las políticas de quienes gobernaron el país a lo largo de los siglos XIX y XX con hincapi en su relación con el Poder Legislativo Este segundo tomo está dedicado a quienes gobernaron México en el siglo XX y toca a personajes tan contradictorios como fascinantes Ivarro Obregón Plutarco Elías Calles Lázaro Cárdenas Miguel Alemán Adolfo Ruiz Cortines Gustavo Díaz Ordaz y aun Carlos Salinas de Gortari Al estudiarlos es ineludible analizar a la nación que los colocó en el poder

La toma de las calles. Movilización social frente a la campaña presidencial, ciudad de México, 1892 Fausta Gantús, Florencia Gutiérrez, Alicia Salmerón Castro, 2022-08-02 En la ciudad de México la tercera reelección continuó de Porfirio Díaz a la presidencia dio lugar a la formación de un movimiento social que manifestó su disconformidad a través de la toma de las calles En 1892 estudiantes artesanos y obreros en estrecho vínculo con la prensa crítica formaron clubes organizaron reuniones y muchos publicaron proclamas y periódicos y decidieron movilizarse públicamente Este frente opositor retó al gobierno pero no alteró la continuidad del régimen Sin embargo su irrupción tuvo un valor simbólico fundamental no sólo porque cuestionó la reelección en un momento en que las fuerzas porfiristas buscaban la unanimidad en favor de la continuidad de Díaz sino porque su accionar inauguró una forma de contender en política la apropiación y organizada toma de las calles Este libro propone un acercamiento al conjunto de actores y prácticas que optaron por manifestar su oposición a través de la política callejera indaga en los alcances y sentidos construidos y atribuidos a la movilización y la forma en que el recurso a la calle puso en discusión quiénes podían utilizarla para manifestarse Asimismo recupera el papel que la prensa y la sátira visual desempeñaron en esta coyuntura electoral y la respuesta del gobierno nacional frente al cuestionamiento que implicó el movimiento antirreeleccionista

Cruce de espadas Roderic A. Camp, 1998

Partido Revolucionario Institucional, 1946-2000 Víctor Manuel Muñoz Patraca, 2006-01-01 En el año 2000 el Partido Revolucionario Institucional PRI cerró una etapa de su desarrollo histórico La derrota en la elección presidencial de ese año fue la culminación de un proceso de transformación que paulatinamente había debilitado el enorme poder amasado durante decenios en que en que ningún partido político estuvo en condición de disputárselo Los trabajos recogidos en este volumen dan cuenta de distintos momentos en la vida del PRI en el poder de cómo se da el tránsito de militares a legisladores de los límites en las acciones reformistas de algunos de sus dirigentes del poder acumulado por miembros de los sectores afiliados al partido y finalmente de algunos casos esclarecedores de las condiciones en que se produjo la alternancia en el poder
