as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Death Before Glory!* Martin R. Howard,2015-09-30 *Death Before Glory* is a highly readable thoroughly researched and comprehensive study of the British army s campaigns in the West Indies during the French Revolutionary and Napoleonic period and of the extraordinary experiences of the soldiers who served there Rich in sugar cotton coffee and slaves the region was a key to British prosperity and it was perhaps even more important to her greatest enemy France Yet until now the history of this vital theatre of the Napoleonic Wars has been seriously neglected Not only does Martin Howard describe in graphic detail the entirety of the British campaigns in the region between 1793 and 1815 he also focuses on the human experience of the men the climate and living conditions the rations and diet military discipline and training the treatment of the wounded and the impact of disease Martin Howard s thoroughgoing and original work is the essential account of this fascinating but often overlooked aspect of the history of the British army and the Napoleonic Wars

Mr. and Mrs. Madison's War Hugh Howard,2014-08-05 Addresses key debates surrounding the War of 1812 while offering insight into the fourth President s decision to wage the war in spite of his political adversaries unanimous objections explaining that the war established a young United States s absolute independence from Britain *The Burning of the White House* Jane Hampton Cook,2016-08-15 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country **Black Redcoats** Matthew Taylor,2024-05-30 Tells the story of the thousands of enslaved African Americans who fled to British forces during the war in what became the largest emancipation of enslaved Americans until the abolition of slavery in the United States During the Anglo American War of 1812 British forces launched hundreds of amphibious raids on the United States The richest parts of the United States were slave states and thousands of enslaved African Americans fled to British forces in what was to be the largest emancipation of enslaved Americans until the abolition of slavery in the USA From these refugees from slavery the British built a force the Corps of Colonial Marines Black redcoats they were a fusion of two great American fears the return of the British King and an uprising by their own oppressed slaves The Corps of Colonial Marines turned Britain s campaign on America s coasts from one of harassment to one of existential threat to the new nation Although small in number the Colonial Marines fighting to liberate their own families as much as for Great Britain exerted a massive psychological impact on the United States which paralysed American resistance with fear of a widespread slave uprising and allowed British forces in the Chesapeake to burn down Washington

DC As well as examining this little remembered part of British military and African American history this book will also look to the post war history of the Colonial Marines their continued survival as a unique ethnic group in the Caribbean today and their involvement in the largest act of armed African American resistance to slavery The Battle of Negro Fort in 1816 was the only time American forces left American territory to destroy a fugitive slave community a community led by former Colonial Marines who when faced with American attack raised the British flag This book brings black history to the fore of the War of 1812 and gives a voice to those enslaved people who amidst great power competition between a slave holding Republic and a slave holding Empire demonstrated exceptional bravery and initiative to gain precious freedom for themselves and their descendants

Catalogue raisonné de la bibliothèque du Ministère de la Marine. Section des livres en langues étrangères RUSSIA [Russian Empire]. Ministerstvo Morskoe, 1861 *Chesapeake Legends and Lore from the War of 1812* Ralph E Eshelman, Scott S. Sheads, 2020-09-14 In the two hundred years following the War of 1812 the Chesapeake Campaign became romanticized in tall tales and local legends St Michael s on the Eastern Shore of Maryland was famously cast as the town that fooled the British and in Baltimore the defenders of Fort McHenry were reputedly rallied by a remarkably patriotic pet rooster In Virginia the only casualty in a raid on Cape Henry was reportedly the lighthouse keeper s smokehouse larder while Admiral Cockburn was said to have supped by the light of the burning Federal buildings in Washington D C Newspaper stories ordinary citizens and even military personnel embellished events and two hundred years later those embellishments have become regional lore Join historians Ralph E Eshelman and Scott S Sheads as they search for the history behind the legends of the War of 1812 in the Chesapeake **The Seasick Admiral** Kevin Brown, 2015-10-30 Horatio Nelson did not enjoy robust good health From his childhood he was prone to many of the ailments so common in the eighteenth century and after he joined the Navy he contracted fevers that further undermined his strength he was even seasick whenever he first put to sea Nevertheless he saw more action than most officers and was often wounded the loss of the sight in one eye and a shattered arm were the most public but by no means his only injuries This personal experience of sickness made him uniquely aware of the importance of health and fitness to the efficient running of a fleet and this new book investigates Nelson s personal contribution to improving the welfare of the men he commanded It ranges from issues of diet through hygiene to improved medical practices Believing prevention was better than cure Nelson went to great lengths to obtain fresh provisions insisted on cleanliness in his ships and even understood the relationship between mental and physical health working tirelessly to keep up the morale of his men Many other people contributed to what became a revolution in naval health but because of his heroic status Nelson s influence was hugely significant a role which this book reveals in detail for the first time **The Wager** David Grann, 2023-05-11 THE SUNDAY TIMES NUMBER ONE BESTSELLER LONGLISTED FOR THE 2023 BAILLIE GIFFORD PRIZE FOR NON FICTION The beauty of The Wager unfurls like a great sail one of the finest nonfiction books I ve ever read Guardian The greatest sea story ever told Spectator I cannot

think of anyone who would not love this book It is an extraordinary true story beautifully written Richard Osman A cracking yarn Grann s taste for desperate predicaments finds its fullest expression here Observer From the international bestselling author of KILLERS OF THE FLOWER MOON and THE LOST CITY OF Z a mesmerising story of shipwreck mutiny and murder culminating in a court martial that reveals a shocking truth On 28th January 1742 a ramshackle vessel of patched together wood and cloth washed up on the coast of Brazil Inside were thirty emaciated men barely alive and they had an extraordinary tale to tell They were survivors of His Majesty s ship the Wager a British vessel that had left England in 1740 on a secret mission during an imperial war with Spain While chasing a Spanish treasure filled galleon the Wager was wrecked on a desolate island off the coast of Patagonia The crew marooned for months and facing starvation built the flimsy craft and sailed for more than a hundred days traversing 2 500 miles of storm wracked seas They were greeted as heroes Then six months later another even more decrepit craft landed on the coast of Chile This boat contained just three castaways and they had a very different story to tell The thirty sailors who landed in Brazil were not heroes they were mutineers The first group responded with counter charges of their own of a tyrannical and murderous captain and his henchmen While stranded on the island the crew had fallen into anarchy with warring factions fighting for dominion over the barren wilderness As accusations of treachery and murder flew the Admiralty convened a court martial to determine who was telling the truth The stakes were life and death for whomever the court found guilty could hang
