Recollections Of The Yukon:

Portrait of a Prospector Edward Schieffelin, 2017-11-09 Edward Ed Schieffelin 1847 1897 was the epitome of the American frontiersman A former Indian scout he discovered what would become known as the legendary Tombstone Arizona silver lode in 1877 His search for wealth followed a path well trod by thousands who journeyed west in the mid to late nineteenth century to try their luck in mining country But unlike typical prospectors who spent decades futilely panning for gold Schieffelin led an epic life of wealth and adventure In *Portrait of a Prospector* historian R Bruce Craig pieces together the colorful memoirs and oral histories of this singular individual to tell Schieffelin s story in his own words Craig places the prospector s family background and times into context in an engaging introduction then opens Schieffelin s story with the frontiersman s accounts of his first prospecting attempts at ten years old his flight from home at twelve to search for gold and his initial wanderings in California Nevada and Utah In direct unsentimental prose Schieffelin describes his expedition into Arizona Territory where army scouts assured him that he would find no rock but his own tombstone Unlike many prospectors who simply panned for gold Schieffelin took on wealthy partners who invested the enormous funds needed for hard rock mining He and his co investors in the Tombstone claim became millionaires Restless in his newfound life of wealth and leisure Schieffelin soon returned to exploration Upon his early death in Oregon he left behind a new strike the location of which remains a mystery Collecting the words of an exceptional figure who embodied the western frontier Craig offers readers insight into the mentality of prospector adventurers during an age of discovery and of limitless potential *Portrait of a Prospector* is highly recommended for undergraduate western history survey courses

Gamblers and Dreamers

Charlene Porsild, 2011-11-01 The popular image of the Klondike is of a rush of white male adventurers who overcame great physical and geographical obstacles in their quest for gold Young white single American men carried forward the ideals and structures of the western frontier It was a man s world made respectable only after the turn of the century with the arrival of white middle class women who miraculously swept out the corners of dirt and vice and civilized the society These impressions endure despite recent attempts to correct them *Gamblers and Dreamers* tackles some of the myths about the history of the North in the era of the gold rush Though many inhabitants came and went Charlene Porsild focuses on the concept of community commitment to show that many put down roots This in depth study of Dawson City at the turn of the century reveals that the city had a cosmopolitan character a stratified society and a definite permanence It examines the lives of First Nations peoples miners and other labourers professionals merchants dance hall performers and sex trade workers providing fascinating detail about those who left homes and jobs to strike it rich in the last great gold rush of the nineteenth century In the process *Gamblers and Dreamers* puts a human face on this compelling period of history

Northern Passage Robert Jarvenpa, 1998-02-23 What is it like living among and learning about the cultural realities of other people for the first time *Northern Passage* uses the motif of apprenticeship to reveal the humbling childlike quest of the

novice ethnographer on the one hand and the trials of an active participant learning the intricacies of bush life and livelihood from subarctic Indian hunting partners and teachers on the other hand In the process Jarvenpas reflexive narrative presents a compelling vision of northern Dene or Athapaskan society The Han people of the Yukon Territory and eastern Alaska and the Chipewyan of northern Saskatchewan emerge as vividly drawn actors in a cultural landscape distinctly influenced by gold miners fur traders missionaries conservation officers and other post colonial agents This candid but sensitive treatment deals with issues such as trapping economies knowledge of the environment dreaming and hunting power permission and informed consent language learning accusations of spying alcohol use economic development partnerships note taking and the pros and cons of active participation Jarvenpas early field experiences unfold as a primer on false leads setbacks and revealing discoveries building to a suspenseful aftershock

Recollections Aubrey De Vere (calling himself earl of Oxford.), Edward De Vere Earl of Oxford, 1897

Memoirs Brian Mulroney, 2011-07-27 Politics was always Brian Mulroney s real love As an undergraduate in Nova Scotia he amazed his friends by getting Prime Minister Diefenbaker on the phone and he rose fast in the Tory ranks in Quebec as a young Montreal lawyer He tried for the leadership of the party in 1976 losing to Joe Clark then returned to win a rematch in 1983 The next year he ran the most successful election campaign in Canadian history winning 211 seats and taking office in September 1984 His first term in office was a stormy one marked by the launch of the Meech Lake Accord and the Free Trade Agreement with the United States In 1988 however he was re elected after a rollercoaster campaign and his second term in office was just as controversial featuring the Meech Lake and Charlottetown Accords still a source of bitter regret for him as opportunities missed This book falls into two main sections first his rise out of a working class family in Baie Comeau Second his immersion into the world of Ottawa politics in opposition and then in power The years in power are dealt with in fascinating detail and we receive his candid accounts of backstage dealings with Trudeau Clark and other Canadian leaders and on the international scene with Reagan Thatcher Mitterrand Kohl Gorbachev Mandela Clinton and many more This big book has a huge cast of major players Brian Mulroney is determined to make this the best prime minister s memoirs this country has ever seen and a full time researcher has been helping him for three years This account of his career is colourful and forthright and a number of opponents will be sorry that they caught his attention The manuscript is full of personal touches and reflects the fact that he wrote it by hand reading it aloud for rhythm and impact Studded with entries from his private journal this book by a son brother husband and father is deeply personal and includes some surprisingly frank admissions The book establishes the scale of his achievements and reveals him as a man of

great charm Memoirs will allow that little known Brian Mulroney to engage directly with the reader This book is full of surprises as we fall under the spell of a great storyteller

Document D'Enquête Archéologique Du Canada Archaeological Survey of Canada,1972 *Dad's Best Memories and Recollections* Charles J. Humber,2016-01-19 DAD S BEST MEMORIES AND RECOLLECTIONS is Chazzz Humber s epitaph casting a very long and sentimental shadow across North America and beyond This 230 page volume is his granite monument well polished It lavishly records 125 of his best memories over a life span of nearly eighty years The vignettes are serenaded with more than 400 illustrations Those discovering this volume likely will find themselves wanting to record in their own sunset years their personal memories and recollections And when they do they are apt to recall what it was like to live in their fluctuating world dominated by a variety of personalities and cascading events Mr Humber vividly describes what it was like in 1945 to travel in a 1930 Model A Ford from Toronto to Boston With lively enthusiasm he reports what it was like to live in post World War II Boston to cook a lobster for a former President of the United States or to sell a pair of elevator shoes to one of Hollywood s shortest celebrities or to shine the shoes of a Derby hatted father of a future President of the United States It is not a remarkable achievement to reflect to recall or to have memories that are treasured But to tell them with literary aplomb to recall the events that happened nearly seventy five years ago with utmost clarity is definitely an admirable achievement and should be cherished not only by the kin who follow Mr Humber but by those who might like to imitate what he has monumentally achieved in *Dad s Best Memories and Recollections*

Memoirs of an Obscure Professor Paul F. Boller,2013-05-31 During the heyday of McCarthyism the Chicago Tribune offended by something he had written contemptuously dismissed Paul Boller as an obscure professor he was then teaching at Southern Methodist University in Dallas Texas Some forty five years later reflecting on the incident Boller wrote an essay on what it was like to be an obscure professor at one of America s less publicized campuses in a conservative community during the late 1950s and early 1960s That essay became the foundation for this collection of autobiographical selections reflecting the interests and pursuits of a man who gained national recognition both inside the academic community and beyond but still values his obscurity Whether it is a study of the much maligned Calvin Coolidge or an account of his Navy service as a translator of Japanese during World War II Boller brings to his writing a fresh approach and a lively and wry wit

Women and the White Man's God Myra Rutherdale, 2007-10-01 Between 1860 and 1940 Anglican missionaries were very active in northern British Columbia Yukon and the Northwest Territories To date histories of this mission work have largely focused on men while the activities of

women either as missionary wives or as missionaries in their own right have been seen as peripheral at best if not completely overlooked Based on diaries letters and mission correspondence *Women and the White Man's God* is the first comprehensive examination of women's roles in northern domestic missions The status of women in the Anglican Church gender relations in the mission field and encounters between Aboriginals and missionaries are carefully scrutinized Arguing that the mission encounter challenged colonial hierarchies Rutherford expands our understanding of colonization at the intersection of gender race and religion This book is a critical addition to scholarship in women's Canadian Native and religious studies and complements a growing body of literature on gender and empire in Canada and elsewhere
