Reconciliation and Liberation Jan Milič Lochman, 1980 Speculations on Black Life Darrell Jones, Monifa Love, Anthony B. Pinn, 2023-05-18 Is God a white racist Posed by William R Jones in his ground breaking book of the same name this question disrupted the theological assumptions that marked Black religious thought from early writings of the 1800s to the formation of Black theology in the 1960s This book compiles his key and essential writings related to over three decades of critical reflection on race religion secularism and oppression in the United States Over the course of 30 years Jones pushed questions and considerations that refined Black theology and that gave greater shape to and understanding of Black philosophers intervention into issues of racial and structural inequality His philosophical work related to the grid of oppression fosters an approach to the nature and meaning of oppression in the United States encouraging rational interrogation of structures of injustice and thought patterns supporting those structures Still relevant today the straightforward style of communication used by Jones makes these essays easily accessible to a popular audience while maintaining intellectual rigor making the book also suitable for an academy based audience Liberation and Reconciliation James Deotis Roberts, 2005-01-01 First released in 1971 Liberation and Reconciliation presents a constructive statement that argues for a balance between the quest for liberation and the need for reconciliation in black white relations Examining biblical and theological themes from the perspectives of black experience the book focuses on enlisting all humans of goodwill black or white in the cause of racial justice Roberts concludes that nonviolent reconciliation is the best response to racial oppression This groundbreaking work now a classic in the field is recognized as one of the first texts to move conversations within black theology beyond what black theologians were against toward what the movement sought to affirm
