## **Record Makers And Record Breakers:**

Record Makers and Breakers John Broven, 2011-08-11 This volume is an engaging and exceptional history of the independent rock n roll record industry from its raw regional beginnings in the 1940s with R Marshall Chess of Chess Records Jerry Wexler Ahmet Ertegun and Miriam Bienstock of Atlantic Records Sam Phillips of Sun Records Art Rupe of Specialty Records and many more

Record Makers and Record Breakers Nick Iversen, 1977 Uses biographical sketches to present record performances which have captivated the public in such areas as politics sports science entertainment daily life and aviation

**A&R Pioneers** Brian Ward, Patrick Huber, 2018-06-26 Association for Recorded Sound Collections Certificate of Merit for the Best Historical Research in Recorded Roots or World Music 2019 A R Pioneers offers the first comprehensive account of the diverse group of men and women who pioneered artists and repertoire A R work in the early US recording industry In the process they helped create much of what we now think of as American roots music Resourceful innovative and at times shockingly unscrupulous they scouted and signed many of the singers and musicians who came to define American roots music between the two world wars They also shaped the repertoires and musical styles of their discoveries supervised recording sessions and then devised marketing campaigns to sell the resulting records By World War II they had helped redefine the canons of American popular music and established the basic structure and practices of the modern recording industry Moreover though their musical interests talents and sensibilities varied enormously these A R pioneers created the template for the job that would subsequently become known as record producer Without Ralph Peer Art Satherley Frank Walker Polk C Brockman Eli Oberstein Don Law Lester Melrose J Mayo Williams John Hammond Helen Oakley Dance and a whole army of lesser known but often hugely influential A R representatives the music of Bessie Smith and Bob Wills of the Carter Family and Count Basie of Robert Johnson and Jimmie Rodgers may never have found its way onto commercial records and into the heart of America s musical heritage This is their story *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1979

*The International Recording Industries* Lee Marshall, 2013 The recording industry has been a major focus of interest for cultural commentators throughout the twenty first century As the first major content industry to have its production and distribution patterns radically disturbed by the internet the recording industry s content attitudes and practices have regularly been under the microscope Much of this discussion however is dominated by US and UK perspectives and assumes the the recording industry to be a relatively static homogeneous entity This book attempts to offer a broader less Anglocentric and more dynamic understanding of the recording industry Its starting premise is the idea that the recording industry is not one thing but is rather a series of recording industries locally organised and locally focused both structured by and structuring the international industry Seven detailed case studies of different national recording industries illustrate this fact each of them specifically chosen to provide a distinctive insight into the workings of the recording industry The expert contributions to this book provide the reader with a sense of the history

structure and contemporary dynamics of the recording industry in these specific territories and counteract the Anglo American bias of coverage of the music industry The International Recording Industries will be valuable to students and scholars of sociology cultural studies media studies cultural economics and popular music studies *McClure's Magazine ...*,1903

**A Blues Bibliography** Robert Ford,2019-07-24 This book provides a sequel to Robert Ford s comprehensive reference work A Blues Bibliography the second edition of which was published in 2007 Bringing Ford s bibliography of resources up to date this volume covers works published since 2005 complementing the first volume by extending coverage through twelve years of new publications As in the previous volume this work includes entries on the history and background of the blues instruments record labels reference sources regional variations and lyric transcriptions and musical analysis With extensive listings of print and online articles in scholarly and trade journals books and recordings this bibliography offers the most thorough resource for all researchers studying the blues

**Listening Devices** Jens Gerrit Papenburg,2023-05-04 From 1940 to 1990 new machines and devices radically changed listening to music Small and large single records new kinds of jukeboxes and loudspeaker systems not only made it possible to playback music in a different way they also evidence a fundamental transformation of music and listening itself Taking the media and machines through which listening took place during this period Listening Devices develops a new history of listening Although these devices were and often still are easily accessible up to now we have no concept of them To address this gap this volume proposes the term listening device In conjunction with this concept the book develops an original and fruitful method for exploring listening as a historical subject that has been increasingly organized in relation to technology Case studies of four listening devices are the points of departure for the analysis which leads the reader down unfamiliar paths traversing the popular sound worlds of 1950s rock n roll culture and the disco and club culture of the 1970s and 1980s Despite all the characteristics specific to the different listening devices they can nevertheless be compared because of the fundamental similarities they share they model and manage listening they actively mediate between the listener and the music heard and it is this mediation that brings both listener and the music listened to into being Ultimately however the intention is that the listening devices themselves should not be heard so that the music they playback can be heard Thus they take the history of listening to its very limits and confront it with its other a history of non listening The book proposes listening device as a key concept for sound studies popular music studies musicology and media studies With this conceptual key a new productive understanding of past music and sound cultures of the pre digital era can be unlocked and not least of the listening culture of the digital present

**Debt and Redemption in the Blues** Julia Simon,2023-03-16 This volume explores concepts of freedom and bondage in the blues and argues that this genre of music explicitly calls for a reckoning while expressing faith in a secular justice to come Placing blues music within its historical context of the post Reconstruction South Jim Crow America and the civil rights era Julia Simon finds a deep symbolism in the lyrical representations of romantic and sexual betrayal The blues calls out and indicts

the tangled web of deceit and entrapment constraining the physical socioeconomic and political movement of African Americans Surveying blues music from the 1920s to the early twenty first century Simon s analyses focus on economic relations such as sharecropping house contract sales debt peonage criminal surety and convict lease She demonstrates how the music reflects this exploitative economic history and how it is shaped by commodification under racialized capitalism As Simon assesses the lyrics technique and styles of a wide range of blues musicians including Bessie Smith Blind Lemon Jefferson Big Bill Broonzy Muddy Waters B B King Albert Collins and Kirk Fletcher she argues forcefully that the call for racial justice is at the heart of the blues A highly sophisticated interpretation of the blues tradition steeped in musicology social history and critical cultural hermeneutics Debt and Redemption not only clarifies blues as an aesthetic tradition but more importantly proves that it advances a theory of social and economic development and change The Independent ,1910 **Catalog of Copyright Entries** ,1931 *Report of the Proceedings and Addresses of the ...* National Catholic Educational Association,1927 **Forest and Stream** ,1916 Catalog of Copyright Entries. Part 1. [B] Group 2. Pamphlets, Etc. New Series Library of Congress. Copyright Office,1932 **Bulletin** National Catholic Educational Association,1927 *NCEA Bulletin* National Catholic Educational Association,1927 No 1 of each vol consists of Report of proceedings of the Association Walter B. Gibson and The Shadow Thomas J. Shimeld,2015-09-18 Who knows what evil lurks in the hearts of men The Shadow knows And who knew The Shadow better than his creator Walter B Gibson Relatively few people have heard of Gibson but many more are familiar with The Shadow having heard the program on the Blue Coal Radio Program in the 1930s and read the Street Smith Shadow novels Walter B Gibson s life and career come out from behind The Shadow in this biography It covers his youth in Philadelphia his development as a writer and magician his wives including the third Litzka who was a harpist and magician in her own right his time living in Maine and upstate New York and his later years and death In addition to being credited with creating The Shadow he used the pseudonym Maxwell Grant Gibson wrote 187 books contributed 668 articles to periodicals created 283 stories for The Shadow Magazine wrote 48 separate syndicated feature columns reported the adventures of The Shadow and Blackstone the magician in 394 comic books and newspaper strips and helped develop 147 radio scripts and many other works under numerous pseudonyms Gibson has invented many widely used magic tricks and traveled with and befriended Harry Houdini Howard Thurston Harry Blackstone Sr and Joseph Dunninger **The Expositor Insurance and Finance** ,1909 **Charlotte Medical Journal** ,1912 **The Charlotte Medical Journal** ,1912
