## **Recovering Catholic Personal Journeys Of Women Who Left The Church:**

**The Recovering Catholic** Joanne H. Meehl, 1995 The stories of women who made the difficult choice to leave the Catholic church in order to find a more fulfilling way of expressing their spirituality

**Witness to Dispossession** Tom Beaudoin, 2008 Tom Beaudoin's first book *Virtual Faith* celebrated the spiritual quest of Generation X and established his reputation as one of the most astute critics of contemporary faith and culture In this collection of essays he reflects on the task and purpose of theology in a postmodern age From the enterprise of teaching to a critical engagement with popular culture and an exploration of the meaning of Christian life Beaudoin explores his own vocation and the struggle to keep the faith

**From Celibate Catholic Priest to Married Protestant Minister** Stephen Joseph Fichter, 2015-07-15 From Celibate Catholic Priest to Married Protestant Minister *Shepherding in Greener Pastures* describes a previously unstudied population of celibate Catholic priests who left the priesthood and eventually became married Protestant ministers Stephen Fichter alternates from narrative to descriptive as he follows the lives of three of his study participants before during and after their dual transition The descriptive sections include a history of religiously motivated celibacy and a review of the four leading forerunners in the field of Catholic clergy research This scholarly study is the first time that these transitional clerics have candidly explained their difficult journeys of discernment Religion love loss and commitment are all analyzed in the context of this unique group of men and the profiles in this book are memorable not only for the richness of their content but also and maybe most importantly for their humanity Lessons can be drawn for all people especially those who have ever suffered a mid life crisis

**Exploring Ordinary Theology** Leslie J. Francis, 2016-04-15 Ordinary theology characterizes the reflective God talk of the great majority of churchgoers and others who remain largely untouched by the assumptions concepts and arguments that academic theology takes for granted Jeff Astley coined the phrase in his innovative study *Ordinary Theology Looking Listening and Learning in Theology* arguing that speaking statistically ordinary theology is the theology of God's Church A number of scholars have responded to this and related conceptualizations exploring their theological implications Other researchers have adopted the perspective in examining a range of Church practices and contexts of Christian discipleship using the tools of empirical study Ordinary theology research has proved to be key in uncovering people's everyday lay theology or ordinary dogmatics *Exploring Ordinary Theology* presents fresh contributions from a wide range of authors who address the theological empirical and practical dimensions of this central feature of ordinary Christian existence and the life of the Church

***Making Gender in the Intersection of the Human and the Divine*** Thomas Donlin-Smith, Muhammad Shafiq, 2019-02-07 This collection of essays challenges the traditional patriarchal approach to sacred literature by highlighting gender parity in sacred texts and envisioning the rise of the matriarchy in the future The authors redefine Biblical Greek words like *malakoi* and *arsenokoitai* used in condemnation of homosexuality and Quranic words like *darajah* and *qawwamun* used for establishing patriarchy One author reexamines the role of the Nepalese Teej

festival of fasting and worship of the god Shiva in promoting male hegemony in Hinduism Other papers examine passages like Proverbs 31 1 31 the stories of Sarah and Rahab in the Bible the role of Mary in the Qur'an and the Dharmic conversion in chapter 27 of the Lotus Sutra This book makes it clear that sacred literature is subject to human understanding as it evolves through space and time Today as more women are educated and actively engaged in political economic and social life religions are challenged to redefine gender roles and norms *Not Resigned* Don Havis, 2010-02-24 This book is a collection of my various writings over the past sixty years 1950 2010 The book features a number of essays ranging in topics from various pleas for action outrage concerning inaction to the philosophical to the humorous The second section of the book is a collection of my poems Section three consists of two short stories Section four is a collection of Eight Word Wisdoms These are bits of wisdom expressed in eight word sayings which I have found to be thought provoking or profound in their implications The book is designed to be of interest especially to the scientific minded skeptic atheist or freethinker as well as those seeking to lead a more active or purposeful and thereby more meaningful life **Moral and Political Education**

Stephen Macedo, Yael Tamir, 2002 What are the proper aims of education in a liberal democracy The essayists in this volume bring philosophical political and legal reflection to bear on the practical questions of how education should be changed for the 21st century **Religious Schools v. Children's Rights** James G. Dwyer, 2018-08-06 Despair over the reported

inadequacies of public education leads many people to consider religious schools as an alternative James G Dwyer demonstrates however that religious schooling is almost completely unregulated and that common pedagogical practices in fundamentalist Christian and Catholic schools may be damaging to children He presents evidence of excessive restriction of children's basic liberties stifling of intellectual development the instilling of dogmatic and intolerant attitudes as well as the infliction of psychological and emotional harms including excessive guilt and repression and especially among girls diminished self esteem Courts legal and political theorists and the public typically argue that families and religious communities are entitled to raise their children as they see fit and that the state must remain neutral on religious matters Dwyer proposes an alternative framework for state policy regarding religious schooling and other child rearing practices urging that the focus always be on what is best from a secular perspective for the affected children He argues that the children who attend religious schools have a right to adequate state regulation and oversight of their education States are obligated to ensure that such schools do not engage in harmful practices and that they provide their students with the training necessary for pursuit of a broad range of careers and for full citizenship in a pluralistic democratic society

**Who's who in Hell** Warren Allen Smith, 2000 This listing of several thousand nonbelievers includes ancients such as Euripides French revolutionaries and statements by or about countless individuals including Sir Arthur C Clarke Hugh Hefner Jack Nicholson Sally Jesse Raphael Christopher Reeve Salman Rushdie Carl Sagan Ted Turner and Jesse Ventura This book makes a case not only for the respectability of nonbelievers but also for their positive outlooks and creativity The
