Recreating The Academic Library Breaking Virtual Ground

Sheila Pantry, Peter Griffiths

Recreating The Academic Library Breaking Virtual Ground:

Recreating the Academic Library Cheryl LaGuardia, 1998 Academic libraries are being reinvented buildings collections personnel organizations a new generation of computerization even who and where their clients are is changing This collection of essays is by library recreators Richard De Genarro talks about The Library as a State of Mind Clifford Lynch reveals how he is Recomputerizing Libraries James Rettig describes Buildings That Help Not Hinder Esther Grassian defines Librarian Teachers Ilene Rockman shares strategies for Reaching the Remote User Joseph Boisse characterizes The Truly Diverse Clientele and others address a spectrum of issues ranging from academic to electronic collections Setting Up a Library and Information Service from Scratch Sheila Pantry, Peter Griffiths, 2005 This book is intended as a guide to help those who need to set up a library or information service in their organization irrespective of subject background or type of organization It will help both those who have qualifications but no experience in setting up such a centre and those who have had no training at all The authors have had many years experience setting up information services in different subject backgrounds for a wide range of organizations both in the UK and in many countries This book will hold your hand as you tackle the many steps to take as you create a successful information service irrespective of size Topics covered include the reasons for establishing a library what information is needed how quickly and in what quantities information audit approach meeting the information needs of special users premises and furniture equipment and Internet access technical requirements staffing managing budgets and finance managing people staff and management networking and locating sources of information Readership The book also has a full list of appendices of sample documents from newsletter and press releases to lists of basic reference books and periodicals **The Accidental Library Manager** Rachel Singer Gordon, 2005 Included are insights from working library managers at different levels and in various types of libraries addressing a wide range of management issues and situations Not to be missed comments from library staff about the qualities they appreciate and the styles and attitudes they find counterproductive in their own bosses Jacket **Library Services for Open and Distance Learning** Marie Kascus, ALEXANDE L. SLADE, 2000-06-15 As the electronic era blurs the boundaries between conventional and distance education and between remote and in person library users the literature on library issues and distance learning has proliferated immensely This work helps you keep abreast of the phenomenal changes taking place in the field of education and the issues they raise for libraries Identifying and describing more than 750 works published since its precursor was completed in 1995 the book provides a comprehensive record of the current literature about distance and open learning in post secondary education programs The authors cover all types of materials from around the world ranging from brief news items to major research reports and dissertations In this edition special emphasis is given to web based distance education Access is provided through four indexes author geographical institution and subject and indexes are cumulative from the previous two bibliographies **Exploring the Digital Library** Kay Johnson, Elaine Magusin, 2009-10-01

Exploring the Digital Library a volume in The Jossey Bass Online Teaching and Learning series addresses the key issue of library services for faculty and their students in the online learning environment Written by librarians at Athabasca University a leading institution in distance education this book shows how faculty can effectively use digital libraries in their day to day work and in the design of electronic courses Exploring the Digital Library is filled with information ideas and Discusses how information and communication technologies are transforming scholarship communication Provides suggestions for integrating digital libraries into teaching and course development Describes approaches to promoting information literacy skills and integrating these skills across the curriculum Outlines the skills and knowledge required in digital library use Suggests opportunities for faculty and librarians to collaborate in the online educational environment

Academic Librarianship G. Edward Evans, Stacey Greenwell, 2018-01-16 This updated edition enables readers to understand how academic libraries deliver information offer services and provide learning spaces in new ways to better meet the needs of today's students faculty and other communities of academic library users Creating a Successful

E-information Service Sheila Pantry, Peter Griffiths, William Oldfield, 2003 To be successful information managers constantly need to reassess the effectiveness of their information services and to ascertain whether they are delivering the services their users actually need Given that information services can now transcend the restrictions of a particular physical location or specific opening hours it is more essential than ever to take advantage of the opportunities afforded by new technologies Through the use of case studies this resource shows how to revamp an existing service as well as how to create one from scratch Key issues covered include Introducing the concept of the e information service What kind of an information service do you want to provide Where are the customers What kind of information do your customers need and in what formats Who needs to be involved in your plans Budgeting for your e information service Keeping in touch with your customers Keeping one step ahead of your competitors Also includes an illustrated glossary of sample electronic services and a list of further information sources Regardless of the type or size of your organization this reference will help broaden your horizons as well as those of your users **Librarianship and Information Work Worldwide 2000** Maurice Line, Graham Mackenzie, Paul Sturges, 2017-06-12 No detailed description available for Librarianship and Information Work Worldwide 2000

Managing the Twenty-First Century Reference Department Linda S Katz, 2014-05-22 Learn the skills needed to update and manage a reference department that efficiently meets the needs of clients today and tomorrow Managing the Twenty First Century Reference Department Challenges and Prospects provides librarians with the knowledge and skills they need to manage an effective reference service Full of useful and practical ideas this book presents successful methods for recruiting and retaining capable reference department staff and management training new employees and adapting current services to an evolving field Expert practitioners address the changing role of the reference library worker and how longstanding traditions and practices can be re evaluated and re applied The information in this book is ideal for librarians

and students of library studies looking to take their skills to the next level Reference departments continue to evolve as the number of applicants qualified to run them declines Managing the Twenty First Century Reference Department Challenges and Prospects explores the dynamics of leadership and management as well as a variety of other characteristics needed in a Head of Reference It recognizes the increasing need for visionary leaders who can deal with shrinking budgets soaring costs expensive electronic resources and high user expectations and provides you with practical advice on finding training and keeping these individuals In addition to the training and recruitment techniques documented in this book you will find extensive information on setting and achieving goals creating and maintaining a positive work environment how to deliver quality services how to improve job satisfaction for library staff problem solving strategies the importance of communication making your reference department task and employee centered Managing the Twenty First Century Reference Department Challenges and Prospects also provides an inside look at Oregon State University s Valley Library s new management model The library s information professionals detail this new model s current function potential hazards and multiple advantages The user friendly information documented in this chapter and in the book as a whole makes Managing the Twenty First Century Reference Department Challenges and Prospects an essential read for any librarian or student of library studies looking to meet the demands of an increasingly technical field **Music, Libraries, and the Academy** James P.

Cassaro,2007-01-01 This collection of articles dedicated to the memory of Lenore Coral divides into three sections that focus on her scholarly interests music of the eighteenth century music libraries and collections and new approaches to the musical canon Many of the seventeen contributions included in the volume are the result of the individual author s connection with Lenore or were projects that she had been directly involved with either as dissertation advisor committee member or interested observer The senior scholars and music librarians represented here are testament to the impact of her intellect and influence Fundamentals of Collection Development & Management Peggy Johnson,2004 Taking a fresh approach this

comprehensive guide outlines the step by step process of collection development and management Expert librarian Peggy Johnson offers tips for organizing and staffing conceiving policy and creating budgets and developing marketing and evaluating collections **Introduction to Technical Services** G. Edward Evans,Sheila S. Intner,Jean Weihs,2010-11-11

Used in library schools worldwide this standard text provides students with a thorough understanding of technical services Updated and expanded the eighth edition further emphasizes the rapidly changing environment in which technical services are conducted The book covers all aspects of the field from acquisitions to managing the cataloging department with five new chapters Technical Services Issues includes material related to physical space needs E resources Issues examines how the growth of e materials impact technical services work Copy Cataloging reflects the ever increasing need to be more efficient and also to save limited funds for technical services activities Overview and Decisions addresses the issue of why and how the local OPAC has become a gateway to the universe of knowledge and Processing Materials covers the activities involved in

making sure items that go into a library's collection are properly identified as belonging to the library and where the item is physically located in the collection. All other chapters have been extensively rewritten and updated to reflect 2010 technical service functions and activities. Complete with helpful illustrations, statistics, and study guide questions, this text is a must for library and information science students.

Independent School Libraries Dorcas Hand, 2010-06-11 The first book published about independent school libraries since 1985, this work offers both the independent school library community and the broader school library community a wealth of insights into excellence in library practice. *Independent School Libraries: Perspectives on Excellence* offers readers insights into best practices in library services for school communities using examples drawn from independent schools of various sizes, descriptions, and locations across the United States. Two overview essays introduce a statistical analysis of independent schools. Each of the remaining essays provides perspective on a different aspect of library practice, including staffing, advocacy, assessment, technology, collaboration, programs beyond the curriculum, intellectual freedom, and privacy, budgeting, accreditation, disaster planning, and more. Because independent school librarians work across divisions and without a mandate to adhere to state or national standards, they have the freedom to explore and refine best practice in a school library setting. Fortunately, the ideas and methods they have developed, many of which are on display here, can be applied in any school library.

Developing Web-based Instruction Elizabeth A. Dupuis, 2003 Dupuis, head of instructional services and the Doe and Moffitt Libraries, U of California at Berkeley, presents 14 papers that examine the full process of creating Web-based library instruction, from short tutorials to full online courses. The papers emphasize instructional design and goals rather than specific technologies and software. Three sections address planning and management, evaluation and assessment, and design and development.

The Bowker Annual Library and Book Trade Almanac 2000 R. R. Bowker Publishing, Bowker, 2000-05 As an on-the-job answer book, a statistical information resource, a planning and research guide, and a directory and calendar, *The Bowker Annual Library and Book Trade Almanac 2000* delivers the hard-to-find industry news and information you need all year long.
