Recruiting Employees Individual And Organizational Perspectives:

Recruiting Employees Alison E. Barber, 1998-04-28 In this book Alison E Barber delineates three separate stages of recruitment generating applicants maintaining applicant status and influencing job choice and discusses existing knowledge and important unanswered questions relevant to each of these stages She also addresses the questions of whether and how recruitment influences organizational outcomes Traditional recruitment topics such as recruitment source effects and reactions to initial interviews are covered in detail while alternative approaches to recruitment research requiring different theoretical frameworks and different research methods are also proposed

Fundamentals of Human Resource Management Talya Bauer, Berrin Erdogan, David Caughlin, Donald Truxillo, 2019-12-10 Fundamentals of Human Resource Management People Data and Analytics provides a current succinct and interesting introduction to the world of HRM with a special emphasis on how data can help managers make better decisions about the people in their organizations Authors Talya Bauer Berrin Erdogan David Caughlin and Donald Truxillo use cutting edge case studies and contemporary examples to illustrate key concepts and trends A variety of exercises give students hands on opportunities to practice their problem solving ethical decision making and data literacy skills Non HR majors and HR majors alike will learn best practices for managing talent in today's ever evolving workplace

BUSINESS AND NON-PROFIT ORGANIZATION FACING INCREASED COMPETITION AND GROWING CUSTOMERS' DEMANDS (Vol. 10) Adam Nalepka, Anna Ujwary-Gil, 2011

Human Resources Management in Multinational Companies Marzena Stor, 2022-12-27 Human resource management HRM has a significant impact on companies performance as evidenced by research conducted in multinational companies MNCs based in Central Europe This book provides a unique perspective of activities conducted in the HRM field in local subsidiaries of such enterprises It also presents results verifying many hypotheses for each of the six models for single HRM subfunctions and their four relationships with the results of company performance Particular chapters are devoted to activities including staffing the organization shaping employee work engagement and job satisfaction conducting employee performance appraisal employee development managerial staff development and employer branding The author used the Partial Least Squares Structural Equation Modeling to verify the research hypotheses Readers will acquire knowledge about HRM practices in organizations in which the overwhelming ownership capital belongs to MNCs headquartered in Central Europe The research findings presented confirm the positive impact that HRM activities have on the results of this type of enterprise in such areas as finance quality innovation and HRM itself The research also sheds light on the new interesting regularities identified in this regard e.g. the perception of human factor as a competitive factor This book will be of interest to academics researchers and advanced or postgraduate students who are interested in the latest research on HRM in MNCs in the region of Central Europe The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0

license **Fundamentals of Human Resource Management** Mary Gowan, 2021-01-15 Fundamentals of Human Resource Management for Competitive Advantage delves into the essential principles and practices of human resource management with a focus on gaining a competitive edge in the modern business landscape A wide variety of learning tools in each chapter keeps students engaged and helps them bridge the gap between theoretical concepts and real world applications **Work Across the Lifespan** Boris Baltes, Cort W. Rudolph, Hannes Zacher, 2019-01-08 Work Across the Lifespan coalesces theoretical and empirical perspectives on aging and work This volume examines a collection of human development theories that explain trajectories of change including patterns of growth maintenance and decline across the adult lifespan At its core the lifespan perspective assumes a focus on aging as a continuous process of intraindividual change and goal based self regulation In this text the lifespan perspective serves as a lens for examining the complex relationship between aging and work Integrating research from the fields of developmental psychology as well as industrial work and organizational psychology this authoritative reference brings together the collective thinking of researchers who study work careers organizations and aging *Power and Organizations* Stewart R Clegg, David Courpasson, Nelson Phillips, 2006-08-07 A marvelous addition to the literature on both organizations and power It is well grounded in the research on these topics and especially the wide range of relevant theorizing The book is terrific at bringing together theory research and the world of organizations George Ritzer Distinguished University Professor University of Maryland This book tirelessly illuminates the nooks and crannies of the power literature taking readers on an audacious tour of power's multiple conceptualizations and expressions Hugh Willmott Diageo Professor of Management Studies University of Cambridge Clegg and his associates expose the power dynamics that lie at the heart of all political and organizational arenas and in so doing they shed light on the underbelly along with the creative potentialities in organizational life Joyce Rothschild Professor of Sociology Virginia Polytechnic Institute and State University Strange but true most studies of organizational hierarchies downplay the issue of power or uncritically assume more is better while ignoring its pernicious effects Stewart Clegg David Courpasson and Nelson Phillips set the record straight Joanne Martin Merrill Professor of Organizational Behavior and by courtesy Sociology Stanford University Graduate School of Business Stanford In this tour de force Stewart Clegg David Courpasson and Nelson Phillips provide a comprehensive account of power and organizations unlocking power as the central relation of modern organizations and society The authors present an excellent synthesis of organization social and political theory to offer an overview of power and organizations that is historically informed addresses current issues and is comprehensive in scope Power and Organizations reviews the evolution of theories on power and organization presenting not only the theorists who identify power as positive but also dealing with the negativity of power and the real horror of which organizations are capable which has thus far been underplayed in organization theory At the core of organizational power projects are organizational elites whose politics and projects are examined extensively in the book The book concludes by examining the

implications for organizations and their elites of the trends tendencies and theories considered in the course of the book This book is required reading for graduate students and researchers in areas such as organizational social and political theory

Economic Foundations of Strategy Joseph T. Mahoney, 2005 The theoretical foundations of management strategy are identified and outlined in this text Five theories are considered in the light of questions about how organisations operate efficiently cost minimization wealth creation individual self interest and continued growth

Human Resource Management Ronald R. Sims, 2007-01-01 The contributors in this book identify and clearly discuss contemporary and critical issues challenges and opportunities in HRM The book attempts to achieve the delicate balance between basic HRM functions and the new world of HRM Moreover in a dynamic field like HRM a complete look at contemporary HRM issues challenges and opportunities is a must for today's and tomorrow's students and future managers and leaders After all it is important for any book to undertake a current state of the field while also bridging the gap of traditional HRM activities i.e. issues challenges and opportunities and the possible future state of the HRM field An organizing principle for this book is the need to for an integrated HRM system comprised of multiple activities designed to influence organizational and employee behaviors The book's contributors include some basic theories and models that simultaneously consider how HRM activities like recruitment selection reward practices and development activities among others are being impacted by contemporary issues challenges and opportunities for the field of HRM particularly HRM functions and professional as they are increasingly expected to play a role in enabling organizational managers and other employees to achieve desired organizational results Thus the essence of the book is that the collective chapters reflect both a functional orientation built on theory and models but also provide insights into how to translate theory into practice via the establishment of the increasingly critical role HRM procedures practices and processes play in accomplishing the goals and objectives in contemporary organizations

Positive Organizational Scholarship Kim Cameron, Jane Dutton, 2003-08-09 Scholarship establishes a new field of study in the organizational sciences Just as positive psychology focuses on exploring optimal individual psychological states rather than pathological ones Positive Organizational Scholarship focuses attention on optimal organizational states the dynamics in organizations that lead to the development of human strength foster resiliency in employees make healing restoration and reconciliation possible and cultivate extraordinary individual and organizational performance While the concept of positive

organizational scholarship encompasses the examination of typical and even dysfunctional patterns of behavior it emphasizes positive deviance from expected patterns Positive Organizational Scholarship examines the enablers motivations and effects associated with remarkably positive phenomena how they are facilitated why they work how they can be identified and how researchers and managers can capitalize on them The contributors do not adopt one particular theory or framework but draw from the full spectrum of organizational theories to understand explain and predict the occurrence causes and consequences of positivity Positive Organizational Scholarship rigorously seeks to understand what represents the best of the human condition based on scholarly research and theory This book invites organizational scholars to build upon and extend the positive organizational phenomena being examined It provides the definitional theoretical and empirical foundations for what will become a cumulative body of enduring work

The Work and Family Handbook Marcie Pitt-Catsoupes, Ellen Ernst Kossek, Stephen Sweet, 2015-12-03 The Work and Family Handbook is a comprehensive edited volume which reviews a wide range of disciplinary perspectives across the social sciences on the study of work family relationships theory and methods The changing demographics of the labor force has resulted in an expanded awareness and understanding of the intricate relations between work and family dimensions in people's lives For the first time the efforts of scholars working in multiple disciplines are organized together to provide a comprehensive overview of the perspectives and methods that have been applied to the study of work and family In this book the leading work family scholars in the fields of social work psychology sociology organizational behavior human resource management business and other disciplines provide chapters that are both accessible and compelling This book demonstrates how cross disciplinary comparisons of perspective and method reveal new insights on the needs of working families the challenges faced by those who study them and how to formulate policy on their behalf

Organization Change W. Warner Burke, 2002-06-14 Organizations are striving to succeed in an increasingly complex global political and economic environment This book provides an overview of the theoretical and research foundation for our current understanding of organization change including the types of change organizations experience It reviews various models of organization change including a new model developed by Burke Litwin and demonstrates how these models can be used to diagnose change issues in organizations Separate chapters are devoted to the role of leaders in initiating and implementing change efforts and the more popular change interventions being implemented in organizations today The concluding chapter discusses implications for further theory development conducting research on organization change and planning and managing change in organizations The book is appropriate for use in advanced courses in the areas of organizational psychology industrial psychology and organizational behaviour In addition it will be of interest to consultants in organizational change and development that want a better understanding of the field and an update on the current research in this area
