Red Guards And Workers Militias In The Russian Revolution

Jonathan Smele

Red Guards And Workers Militias In The Russian Revolution:

Red Guards and Workers' Militias in the Russian Revolution Rex A. Wade, 1984 *The Bloomsbury Handbook of the Russian Revolution* Geoffrey Swain, Charlotte Alston, Michael C. Hickey, Boris Kolonitskii, Franziska Schedewie, 2022-12-15

Through 30 interpretative essays *The Bloomsbury Handbook of the Russian Revolution* sees an international team of leading scholars comprehensively examine Russia's revolutionary years. In the wake of the 2017 centenary, this handbook is the first reference point for anyone wishing to learn more about the changes which took place in Russia between 1917 and 1921 and subsequently the 20th century. Split into six sections covering political crises, politicians and parties, social groups, identities, regions and peoples, and civil war, the volume covers the collapse of Tsarism and the February Revolution, the emergence of the Provisional Government, and major historical figures such as Lenin, Kerensky, and the Socialist Revolutionary leader Viktor Chernov. It also explores the events surrounding the Bolshevik seizure of power in October 1917, the first year of Soviet Government until the Bolshevik dictatorship was established, and the impact on Russia of the subsequent civil war. The focus is broader than these issues of high politics, however, since this handbook also considers events in the provinces as well as revolutionary Petrograd, and examines the social impact of the revolution in terms of class, gender, age, and culture.

Crime and Punishment in the Russian Revolution Tsuyoshi Hasegawa, 2017-10-25

Introduction: Prelude to revolution. Rising crime before the October revolution. Why did the crime rate shoot up? Militias rise and fall. An epidemic of mob justice. Crime after the Bolshevik takeover. The Bolsheviks and the militia. Conclusion.

Leaflets of the Russian Revolution, 2018-11-27

When workers and peasants rose up across Russia and smashed the centuries-old Tsarist autocracy, their actions reverberated across the world and continue to inspire activists to this day. This carefully assembled and expertly translated collection of documents from the Petrograd socialist movement in 1917 provides contemporary readers with a firsthand glimpse into the revolutionary ferment as it unfolds. In *Leaflets of the Russian Revolution*, Barbara Allen selects and introduces the pamphlets and other agitational material that give life to the debates, disagreements, and perspectives that animated the masses during the revolution.

Russian Revolution of 1917 Sean N. Kalic, Gates M. Brown, 2017-09-21

Combining reference entries and examination of primary documents from the Russian Revolution, this book gives students a better understanding of how and why political forces fought to reshape the Russian empire 100 years ago and provides keen insights into the Soviet Union that resulted. This invaluable reference guide provides an understanding of the social, political, and economic forces and events in Russia that led to the 1905 Russian Revolution, in which leftists and radicals disposed of the Czar and his regime. It addresses key developments such as the formation of the provisional government, the Bolshevik Revolution in October 1917, and the Russian Civil War, connected evolutionary historical events that fundamentally reshaped Russia into the Soviet Union. This book serves students and general readers seeking a single source that provides in-depth coverage of the Russian Revolution and the Russian Civil War. Beyond the reference entries, the book contains primary documents that cover the key

events people and issues that emerged during Russia's revolutions and Civil War. These documents give readers a more detailed understanding of how the Bolsheviks used calls for greater democracy to gain support for their revolution, how the Bolsheviks used terror and control as means to maintain their power once the Bolshevik Revolution took place, and why the Bolsheviks believed such extreme measures were needed. Also included is a chronology of major events from 1890 through 1923 and a bibliography that serves as a starting point for more directed research.

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history. It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves. However, until now, historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature. *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history. The Bibliography focuses on the key years of 1917 to 1921, starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921, and covers all the key events of the intervening years. As such, it identifies these crucial years as something more than simply the creation of a communist state.

The Russian Revolution, 1917 Rex A. Wade, 2005-04-21 Rex Wade presents an account of one of the pivotal events of modern history, combining his own long study of the revolution with the best of contemporary scholarship. Within an overall narrative that provides a clear description of the 1917 revolution, he introduces several new approaches on its political history and the complexity of the October Revolution. Wade clears away many of the myths and misconceptions that have clouded studies of the period. He also gives due space to the social history of the revolution and incorporates people and places too often left out of the story, including women, national minority peoples, and peasantry. Front soldiers enabling a more complete history to emerge. The 2005 second edition of this highly readable book has been thoroughly revised and expanded. It will prove invaluable reading to anyone interested in Russian history.

A Short History of the Russian Revolution Geoffrey Swain, 2022-01-27 The 1917 Revolution sent shockwaves throughout the globe, setting a chain of events in motion that would change the entire course of the 20th century. With the overthrow of the Romanov Dynasty, Russia was plunged into the political unknown, and from the crucible of social unrest, ideological conflict, and violent civil war, the world's first communist state was forged. In this revised edition, Geoffrey Swain provides an incisive overview of one of the most complex and turbulent periods in modern history, tracing key moments from the abdication of Tsar Nicholas II to the Bolshevik seizure of power. A leading authority on Russia and Eastern Europe, Geoffrey Swain highlights the important legacies of 1905, demonstrating how early revolutionary ambitions among the masses culminated in the events of 1917. Challenging conventions in Soviet scholarship, this revised edition shows that the Bolshevik concepts of discipline and ideology that had mobilised the revolution set an unnecessary course towards dictatorship and terror. Covering new historiography in the field, this revised edition places a renewed

emphasis on the social and cultural upheaval experienced in Russia amid the nation's political turmoil *The Blackwell Encyclopedia of the Russian Revolution* Harold Shukman, 1994-12-05 This single volume is an authoritative and accessible guide to the background and progress of the Revolution written by a team of over forty specialist contributors Beginning with the radical movements of the mid nineteenth century the Encyclopedia covers the development of the revolutionary movement created by the intelligentsia the condition of the peasants that of the working class and of the army the role of the Tsarist secret police the agents provocateurs the revolutionaries own underground A substantial section is devoted to the emergence of liberation movements among the national minorities of the borderlands The Encyclopedia also considers the formation of Soviet institutions and examines too the emergence of revolutionary culture well before 1917 the avant garde in art and theatre and the relationship to the revolution of three major Russian writers Blok Gorky and Mayakovsky *The Workers' Revolution in Russia, 1917* Grinnell College. Rosenfield Program in Public Affairs, International Relations, and Human Rights, 1987-09-25 The essays in this book address the process of worker alienation and the way that the Bolsheviks appealed to rather than exploited the working population especially in the capital cities of Petrograd and Moscow James Bader surveys the growing demographic and social crisis in the capitals that accompanied rapid industrialization Steve Smith then traces the revolution in Petrograd particularly in the factories where worker radicalism often outpaced the leadership of parties of the left that came to power after the tsar was overthrown in February Diane Koenker finds a similar process at work in Moscow despite the differences between the two cities Finally both Ronald Suny and William Rosenberg demonstrate how significant these findings are for a more accurate understanding of the Russian Revolution and ultimately of the survival of the Bolsheviks government **The Workers' Opposition in the Russian Communist Party**, 2021-09-27 The Russian Workers Opposition in 1919 21 advocated trade union management of the Soviet economy and worker dominance of the Russian Communist Party's leading bodies The Workers Opposition in the Russian Communist Party Documents 1919 30 comprises articles speeches theses memoranda protocols resolutions letters diary entries and other documents pertaining to the activity of the Workers Opposition group during its existence and of its individual former members after the group dissolved and until its key members ceased their participation in dissenting political activities by 1930 Most of the documents in the collection have never before been published in English and many have not been published in Russian It will appeal to those who study Marxism trade unions and Soviet history *Writing History in the Soviet Union* Arup Banerji, 2017-08-18 The history of the Soviet Union has been charted in several studies over the decades These depictions while combining accuracy elegance readability and imaginativeness have failed to draw attention to the political and academic environment within which these histories were composed *Writing History in the Soviet Union* Making the Past Work is aimed at understanding this environment The book seeks to identify the significant hallmarks of the production of Soviet history by Soviet as well as Western historians It traces how the Russian Revolution of 1917 triggered a shift in official policy towards

historians and the publication of history textbooks for schools In 1985 the Soviet past was again summoned for polemical revision as part and parcel of an attitude of openness glasnost and in this literary figures joined their energies to those of historians The Communist regime sought to equate the history of the country with that of the Communist Party itself in 1938 and 1962 and this imposed a blanket of conformity on history writing in the Soviet Union The book also surveys the rich abundance of writing the Russian Revolution generated as well as the divergent approaches to the history of the period The conditions for research in Soviet archives are described as an aspect of official monitoring of history writing Another instance of this is the manner by which history textbooks have through the years been withdrawn from schools and others officially nursed into circulation This intervention occasioned in the present circumstance by statements by President Putin himself in the manner in which history is taught in Russian schools continues to this day In other words over the years the regime has always worked to make the past work Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh Sri Lanka

Lenin's Revolution David R. Marples, 2014-06-06 This study examines one of the key events in history the Russian Revolution Since the late Gorbachev period a wealth of new material has become available to historians that has triggered intense scholarly debate on the nature of revolution This timely new book takes account of the new scholarship including for example the role of Lenin It is argued that the initial flexibility of Lenin and the Bolshevik party allowed them to take power but that the conduct of both changed considerably once they were obliged to take steps to maintain their authority This book charts the February Revolution the October Revolution the Civil War and the main individuals involved giving a remarkable degree of clarity to the tumultuous events in Russia whose consequences the world lived with for the rest of the twentieth century

The Bolsheviks Come to Power Alexander Rabinowitch, 2017-05-20 The Bolsheviks Come to Power is one of the most important histories of the Russian Revolution to challenge the mainstream narratives Originally published to great acclaim in 2004 this new edition marks the 100th anniversary of one of the explosive and game changing moments in modern times In this absorbing narrative Alexander Rabinowitch counters the claims by mainstream historians that the revolution was a military coup led by Lenin and a small band of fanatics He refutes the Soviet myth that the party's triumph in the October Revolution was inevitable and explains the ebbs and flows of the revolutionary period tracing the moods of the working class and the political positions of the Bolsheviks at different historical moments including the immediate aftermath of the February Revolution the July Days the Kornilov affair and up to and including the October Revolution itself Drawn from a wealth of primary sources and archival material this new edition of Rabinowitch's classic account is a must have for anyone interested in clearing away the tired platitudes of mainstream historians and reclaiming the revolution on this important anniversary

Revolutionary Russia Rex A. Wade, 2004 Presenting major writings on the revolution and its context bringing together key texts to illustrate interpretive approaches and covering the central topics and themes this volume forms a coherent representation of both the events and the theories and debates that

relate to them **Prelude to Revolution** Alexander Rabinowitch,1991-08-22 Rabinowitch documents how the party's pluralistic nature had crucial implications for the outcome of the revolution in October **A History Of Russia Volume 2** Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world **The Vanquished** Robert Gerwarth,2016-11-15 An epic groundbreaking account of the ethnic and state violence that followed the end of World War I and shaped the course of the twentieth century Winner of the Tomlinson Book Prize A Times Literary Supplement Best Book of 2016 In *The Vanquished* a highly original and gripping work of history Robert Gerwarth asks us to think again about the true legacy of the First World War In large part it was not the fighting on the Western Front that proved so ruinous to Europe's future but the devastating aftermath as countries on both sides of the original conflict were savaged by revolutions pogroms mass expulsions and further major military clashes In the years immediately after the armistice millions would die across central eastern and southeastern Europe before the Soviet Union and a series of rickety and exhausted small new states would come into being It was here in the ruins of Europe that extreme ideologies such as fascism would take shape and ultimately emerge triumphant As absorbing in its drama as it is unsettling in its analysis *The Vanquished* is destined to transform our understanding of not just the First World War but the twentieth century as a whole **The Russian Revolution, 1905-1921** Mark D. Steinberg,2017 A new history of the Russian Revolution exploring how people experienced it in their own lives from Bloody Sunday in 1905 to the final shots of the civil war in 1921 *The Russian Revolution 1905-1921* focuses on human experience to address key issues of inequality power and violence and ideas of justice and freedom *The Russian Revolution* Abraham Ascher,2014-03-06 1917 the year a series of rebellions toppled three centuries of autocratic rule and placed a group of political radicals in charge of a world power Here suddenly was the first modern socialist state a kingdom more bright than any heaven had to offer But the dream was short lived bringing in its wake seventy years of conflict and instability that nearly ended in nuclear war How could such a revolution take place and what caused it to go so very wrong Presenting a uniquely long view of events Abraham Ascher takes readers from the seeds of revolution in the 1880s right through to Stalin's state terror and the power of the communist legacy in Russia today Original and shrewd Ascher's analysis offers an unparalleled introduction to this watershed period in world history

This is likewise one of the factors by obtaining the soft documents of this **Red Guards And Workers Militias In The Russian Revolution** by online. You might not require more period to spend to go to the ebook introduction as skillfully as search for them. While this might not be the Red Guards And Workers Militias In The Russian Revolution full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Red Guards And Workers Militias In The Russian Revolution eBooks, including some popular titles.

FAQs About Red Guards And Workers Militias In The Russian Revolution Books

What is a Red Guards And Workers Militias In The Russian Revolution PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Red Guards And Workers Militias In The Russian Revolution PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Red Guards And Workers Militias In The Russian Revolution PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Red Guards And Workers Militias In The Russian Revolution PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Red Guards And Workers Militias In The Russian Revolution PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and

download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
