Red Herrings Tim Heald, 2013-12-31 DIVDIVAn ancient country custom goes awry killing a man and spoiling Bognor s holiday divDIV divDIVAt the annual Clout the men of Herring do as they have done for centuries firing arrows blindly into the woods and allowing their women to retrieve what they have shot Nobody ever kills anything but it s a jolly time nonetheless until the day when a few of the arrows find their mark pinning a wayward customs inspector to a tree in a bloody parody of Saint Sebastian It s rotten luck for the dead man and not much better for Simon Bognor divDIV divDIVBognor huffs when he hears of the killing knowing that he is going to be sucked into investigating the death A special inspector for the Board of Trade Bognor is always getting invited to crime scenes despite knowing almost nothing about crime His bad lungs sour attitude and fleshy physique are out of place in the countryside but Bognor is in for the duration He will find the person who caused the accident or the next arrow s target could be his heart div DIV div div Red Herrings and Bread Crumbs James G. Davies Sr.Sr., 2015-05-13 My publisher has advised me that in order to grab your attention I must tell you right up front that the following story is all about aliens Now how they had managed to pull the very truth right out of thin air I will never know But to first appreciate then envision that all things falling within the realm of science fiction will eventually become possible something I believe we are constantly always halfway there once envisioned then only time becomes the specific factor separating these two realms from eventually becoming reality Now accepting the possibility that aliens do exist especially considering the theories on our own original creation suggesting we come from star dust which make you and I aliens then let s understand that they like us are also subject to the universal laws which has first created and now controls all things within its realm And just as if we were on a road trip enjoying the inspiring sites within our capabilities after having left our much larger camper near the outskirts of town our smaller run around vehicle unfortunately broke down which is exactly what has happened to the visitors of our Earth then they also would be looking for help from those in close proximity for assistance before being able to getting back on their way And the only thang that separates their methods over ours even thought the desired results are to be the same is the methods they have at their disposal which herin lays the very strange fable awaiting you The Five Red Herrings Dorothy L. Sayers, 2012-07-31 Beyond question one of the most skillful mystery writers offers a first rate piece of work Lord Peter Wimsey is at his amusing best The book is a treat The New York Times The majestic landscape of the Scottish coast has attracted artists and fishermen for centuries In the idyllic village of Kirkcudbright every resident and visitor has 2 things in common They either fish or paint or do both and they all hate Sandy Campbell Though a fair painter he is a rotten human being and cannot enter a pub without raising the blood pressure of everybody there No one weeps when he dies Campbell s body is found at the bottom of a steep hill and his easel stands at the top suggesting that he took a tumble while painting But something about the death doesn t sit right with gentleman sleuth Lord Peter Wimsey No one in Kirkcudbright liked Campbell and 6 hated him enough to become suspects 5 are innocent and

the other is the perpetrator of the most ingenious murder Lord Peter has ever encountered The Five Red Herrings is the 7th book in the Lord Peter Wimsey Mysteries but you may enjoy the series by reading the books in any order This ebook features an illustrated biography of Dorothy L Sayers including rare images from the Marion E Wade Center at Wheaton College
