The Red Hot Typewriter Hugh Merrill, 2000-08-12 This biography of a popular author adds resonance to the body of MacDonald's creative work as well as providing a deeper understanding of that work that will send readers back to his many books **BOOK JACKET**

The Red Hot Typewriter Hugh Merrill, 2000-08-12 Although John D MacDonald published seventy novels and more than five hundred short stories in his lifetime he is remembered best for his Travis McGee series He introduced McGee in 1964 with *The Deep Blue Goodbye* With Travis McGee MacDonald changed the pattern of the hardboiled private detectives who preceded him McGee has a social conscience holds thoughtful conversations with his retired economist buddy Meyer and worries about corporate greed racism and the Florida ecology in a long series whose brand recognition for the series the author cleverly advanced by inserting a color in every title Merrill carefully builds a picture of a man who in unexpected ways epitomized the Horatio Alger sagas that comprised his strict father's secular bible From a financially struggling childhood and a succession of drab nine to five occupations MacDonald settled down to writing for a living a lifestyle that would have horrified his father He worked very hard and was rewarded with a more than decent livelihood But unlike Alger's heroes MacDonald had a lot of fun doing it
