Bourbon 101 Albert W. A. Schmid,2023-05-02 The rumors are true there are more barrels of bourbon than there are people in Kentucky In fact statistics tell us there are nearly two barrels of aging bourbon for every Bluegrass State citizen With a population of nearly 4.5 million and each barrel yielding close to 200 bottles it s safe to say the average Kentuckian doesn t have to look far for a bottle of amber gold While Kentucky may be known as bourbon s home base for bourbon lovers everywhere the act of drinking bourbon is about more than just its acquisition It is a lore and an experience but most of all it is a legacy As people across the United States and the world begin to wake up to the allure of Kentucky s state beverage bourbon is having its moment the act of coveting collecting and savoring bottles is now a worthy passion to pursue With budding enthusiasts clamoring to know more about this American born creation finding an entry point into the history and culture of the spirit is a task not easily undertaken Bourbon 101 offers a distinctive and introductory approach to learning about the world of bourbon Award winning author Albert W A Schmid takes students through a crash course in all things bourbon including its history production and enduring cultural identity Schmid introduces new enthusiasts to the lexicon of bourbon and provides a starting point for those wanting to develop their palate and find the bourbon that best suits their own taste Told through the lens of Schmid s own experiences and interactions with experts in the bourbon world the book is as much a handbook as it is a love letter to a beverage that has left an indelible impression on those who ve dared to take the first sip *The Moon Maid* Edgar Rice Burroughs,2023-08-16T17:06:29Z Not content with having hollowed out the center of the Earth in his earlier novels *The Earth s Core* and *Pellucidar* in *The Moon Maid* Edgar Rice Burroughs has his hero voyage to the Moon which also turns out to be hollow and inhabited on the inside by human like creatures The hero and his companion have a series of adventures there

and discover both the sophisticated Va gas and the malevolent Kalkars Time passes and we turn to following the hero s descendants as they fight against an invasion of the Earth by the Kalkars In these episodes the American flag has become a holy totem uniting the human rebels The Moon Maid was published in Argosy magazine between 1923 and 1925 as a series of three short novels which were eventually combined into a single book edition in 1926 It was well received by readers and a number of critics consider it to be Burroughs best work of science fiction Today it s not as well known as his Barsoom or Tarzan novels This book is part of the Standard Ebooks project which produces free public domain ebooks **ETs on Earth, Volume 3** Robert Shapiro,2016-03-16 Many of you are ready to welcome ETs if not in your personal lives at least interchanging with element bodies in large groups Some of you are prepared to shake hands Even a few want hugs But it may not be that personal There are circumstances coming up in your now evolution toward your natural selves that make it almost imperative to have contact of a benevolent nature between Earth people and extraterrestrials For now many ETs are shy about coming here They will at some risk to themselves from time to time show you images of themselves figuratively in the skies you will see them defined by clouds or you will see something that reminds you of ships I m not just referring to lenticular clouds It will be a cloud form often all by itself in the sky that reminds you of a ship and has details that could be nothing but So look for that all over the planet and don t be afraid As your cousins which is the way they see themselves the ones you are most likely to meet ETs recognize that you are a version of their extended family So read this book You will find many reminders of who you might have been or who you might be in other lives or who your extended family is now
