Ochonu,2014-02-14 Moses E Ochonu explores a rare system of colonialism in Middle Belt Nigeria where the British outsourced the business of the empire to Hausa Fulani subcolonials because they considered the area too uncivilized for Indirect Rule Ochonu reveals that the outsiders ruled with an iron fist and imagined themselves as bearers of Muslim

civilization rather than carriers of the white man's burden. Stressing that this type of Indirect Rule violated its primary rationale, Colonialism by Proxy traces contemporary violent struggles to the legacy of the dynamics of power and the charged atmosphere of religious difference. *Literature of Travel and Exploration* Jennifer Speake, 2014-05-12. Bibliography of Nigeria Nduntuei O. Ita, 2019-05-23. First published in 1971, this major bibliography devoted to Africa's most populous country, Nigeria, is therefore a timely contribution which must be welcomed by all. The Bibliography of Nigeria contains over 5,400 entries in archaeology, all branches of anthropology, linguistic, and relevant historical and sociological studies. Many of the entries carry indicative or informative annotations which have greatly enhanced the usefulness of the work. The history and culture of Africa constitutes a rich area of study and research which is attracting an ever-increasing number of scholars the world over. The new impetus which African studies is receiving in the major centre of learning today has added urgency to the long neglected problem of bibliographical control of the vast literature. The dearth of bibliographies in the field of African studies has been a main source of frustration to all those working in this area. The book is divided into two parts: part one deals with Nigeria as a whole and lists general works or those concerned with several regions or several ethnic groups. Part two is devoted to the various ethnic groups. An analytical table of contents, a comprehensive ethnic index, an author index, and an index of Islamic studies, together with generous cross-referencing, ensure ready and easy location of individual entries.

United Kingdom Publications and Theses on Africa 1967-68 Miriam Alman, 2013-07-04. First published in 1973, this is the fifth issue in the series and covers the years 1967 and 1968. Books and pamphlets have been considered as published in the United Kingdom when their publishers are listed in Whitaker's Publishers in the United Kingdom and their addresses, February 1971. This includes many foreign publishers, mainly American, who have branches in the United Kingdom and whose publications are listed in the British National Bibliography. Books published abroad and distributed by British publishers are not included.

Seeking Viable Grassroots Representation Mechanisms in African Constitutions Charles Mwalimu, 2009. In this book, Charles Mwalimu explores viable grassroots representation mechanisms in African constitutions in order to positively integrate indigenous and modern systems in Sub-Saharan Africa. A comparative

study method is used to examine the constitutional principles of chieftaincy and local government and their impact on human rights To establish and prove lack of positive integration Mwalimu connects this failure to poor constitutionalism development and stultified growth and human rights violations This book proposes remedial actions to build nondiscriminatory constitutional regimes eradicating violations of human rights **Countless Blessings** Barbara M. Cooper, 2019-07-01 A study of pregnancy and childbirth customs in Niger and how it has both a high fertility rate and high rates of maternal and infant mortality How do women in Niger experience pregnancy and childbirth differently from women in the United States or Europe Barbara M Cooper sets out to understand childbirth in a country with the world's highest fertility rate and an alarmingly high rate of maternal and infant mortality Cooper shows how the environment slavery and abolition French military rule and the rapid expansion of Islam have all influenced childbirth and fertility in Niger from the nineteenth century to the present day She sketches a landscape where fear of infertility generates intense competition between communities ethnicities and co wives and creates a culture where concerns about infertility dominate concerns about overpopulation where illegitimate children are rejected and where the education of girls is sacrificed in the name of avoiding shame Given a medical system poorly adapted to women's needs a precarious economy and a political context where it is impossible to address sexuality openly Cooper discovers that it is little wonder that pregnancy and birth are a woman's greatest pride as well as a source of grave danger Beautifully written insightful and full of empathy A must read for anyone seeking to understand the damaging consequences of neglecting women's and infants health Johanna Schoen author of *Abortion after Roe* Few experiences are more potent than reproduction *Countless Blessings* brilliantly unwinds the full import of this potency tracing a history of demography bodily peril parental joy and social religious and political meaning Cooper's tremendous skill and creativity as a scholar enable us to see the political stakes of reproduction even as they are grounded in the intimacies of embodied experience Julie Livingston author of *Self Devouring Growth A Planetary Parable as Told from Southern Africa* *Countless Blessings* shows how women in Niger and in West Africa have long navigated the various states of social value personhood spirituality and childbirth and it paints a remarkable picture of how contested and embodied the social and material concerns of childbirth remain for women today Ampson Hagan University of North Carolina Chapel Hill IJAHs *Quarterly Bulletin of the Port Elizabeth Public Library* Port Elizabeth (South Africa).
