## Red Rock:

**Red Rock Canyon Visitor Guide** Tom Moulin, 2013-01-01 A guidebook provides information not only on the best of what to see and do at Red Rock Canyon but also insight into the area's colorful history, amazing plants and exciting animals found only minutes from Las Vegas, Nevada. Sized to be out in the field and constructed to withstand years of abuse, this reasonably priced guide is quickly becoming a must-have for both the know locals and casual visitors alike. Original *History in Stone* Ruth Obee, 2012 In this beautifully written biography of place is the complete story of one of the Pikes Peak region's most stunning sites. The account begins with the area's geological origins and tells the story of recently discovered dinosaur tracks, marine fossils, and archeological evidence of early humans on the open space. In addition to its spectacular rock formations, Red Rock Canyon's rich and diverse wildlife ecology is described in full, along with the land's contemporary history following the arrival of the white man in the American West, the colorful story of the Bock family who owned the property for eighty years, and its final preservation as public open space by a group of dedicated volunteers who pitted their wits against powerful development interests to save the land for the benefit of the entire community. Also included is the subsequent acquisition of two additional historic parcels, making Red Rock Canyon even larger than its more famous sister park, the Garden of the Gods. Book jacket **Red Rock Field Journal**, 2000 Red Rocks Climbing Greg Barnes, Larry DeAngelo, 2004 This book focuses on the most classic multi-pitch routes and crags at the country's premier winter traditional climbing area just outside Las Vegas, Nevada. Most of the climbs are well protected with bolts or natural gear. Perfect for climbers making their first trip to Red Rocks or returning climbers who want to tick off all the classics. *National Program of Inspection of Dams* United States Army Corps of Engineers, 1975 Best Climbs Red Rocks Jason D. Martin, 2016-12-01 Best Climbs Red Rocks appeals specifically to traveling climbers and local climbers who want the best local climbing. Although the Best Climbs guides feature routes of all grades, the emphasis is on easy to moderate routes in the 5.6 to 5.10 range. The book will include nearly 200 featured routes, with each section including climbing area trivia and history in the form of short callouts, but the primary focus will be on the route selection and descriptions themselves. All routes will be shown clearly on detailed color photo topos alongside stunning action photos and a contemporary design. **Red Rock** Thomas Nelson Page, 2015-07-07 Excerpt from *Red Rock: A Chronicle of Reconstruction*. No doubt the phrase "Before the war" is at times somewhat abused. It is just possible that there is a certain Caleb Baderstonism in the speech at times. But for those who knew the old County as it was then and can contrast it with what it has become since, no wonder it seems that even the moonlight was richer and mellower before the war than it is now. For one thing, the moonlight as well as the sunlight shines brighter in our youth than in maturer age, and gold and gossamer amid the rose bowers reflect it better than serge and crepe amid myrtles and bays. The great thing is not to despond even though the brilliancy be dimmed in the new; glitter one need not necessarily forget the old radiance. Happily when one of the wise men insists that it shall be forgotten. About the Publisher
