Nolan Bennett, 2019 Autobiography from Frederick Douglass's Narrative of the Life to J D Vance's Hillbilly Elegy has long been a popular genre that both authors and readers have utilized to understand particular political moments As this book argues such narratives have also contributed to the development of American political thought despite the fact that the field has not taken autobiography seriously as political theory in its own right This book considers the political contexts in which Benjamin Franklin Frederick Douglass Henry Adams Emma Goldman and Whittaker Chambers wrote their autobiographies to better understand not only the political problems to which autobiographical works can be a solution but the broader appeal of such claims of experience to the everyday life of democratic politics *Reframing the Reclaiming of Urban Space* Megan E. Paola Rudan,2023-08-28 The book follows the movements of the concept of woman from the Early modern to the post colonial age through the words of women who challenged its patriarchal definition The concept of woman is doubly polemical It affirms sexual difference as political difference while denying the universal character of modern political concepts which represent the unity of the political and social order exposing its fundamental division At the same time woman is a concept marked by differences of race class culture that continually redetermine its content To make the history of the concept of woman is thus to affirm a different perspective on history itself a partial perspective that lays the groundwork for the feminist critique of the present

Anca Parvulescu, 2014-05-19 Welcome to the European family When East European countries joined the European Union under this banner after 1989 they agreed to the free movement of goods services capital and persons In this book Anca Parvulescu analyzes an important niche in this imagined European kinship the traffic in women or the circulation of East European women in West Europe in marriage and as domestic servants nannies personal attendants and entertainers Analyzing film national policies and an impressive range of work by theorists from Giorgio Agamben to Judith Butler she develops a critical lens through which to think about the transnational continuum of women s work Parvulescu revisits Claude L vi Strauss s concept of kinship and its rearticulation by second wave feminists particularly Gayle Rubin to show that kinship has traditionally been anchored in the traffic in women Reading recent cinematic texts that help frame this she reveals that in contemporary Europe East European migrant women are exchanged to engage in labor customarily performed by wives within the institution of marriage Tracing a pattern

of what she calls Americanization Parvulescu argues that these women thereby become responsible for the labor of reproduction A fascinating cultural study as much about the consequences of the enlargement of the European Union as women s mobility The Traffic in Women s Work questions the foundations of the notion of Europe today **Little Red Readings** Angela E. Josephine Herbst, 1998 I d rather fail in story writing than succeed in anything else Josephine Herbst declared in 1913 The Iowa native s Trexler family trilogy with *Pity Is Not Enough* as its first volume shows clearly that Herbst in fact succeeded at storytelling The book draws loosely on Herbst s family history using Reconstruction s demise in Georgia to link the advance of free market capitalism to the North s abandonment of its commitment to racial justice The protagonists Catherine Trexler and her brother Joe a carpetbagger embroiled in railroad scandals are ripped apart financially and psychologically by competing codes of domesticity Southern manners and capitalism In her introduction to the book Mary Ann Rasmussen argues that Herbst was unlike many other 1930s Leftists in that she refused the essentialist notions of gender difference that confounded radical men and women of her generation Herbst s first two novels published in the late 1920s were praised by both Katherine Anne Porter and Ernest Hemingway but the writer gained greater fame with the proletarian fiction and leftist

journalism she wrote during the next decade Though never a member of the Communist Party Herbst was ostracized as a sympathizer and dismissed from a government job in 1942 Because she never repudiated her radical beliefs and lifestyle her literary reputation suffered

individuals capable of overthrowing capitalism and the state as well as building a better society Behind this simple premise that anarchist ends can only be achieved through anarchist means lies a wealth of fascinating historical and theoretical detail that Baker presents clearly and engagingly
