Paul Strathern

Return To Rome:

The Student's Roman Empire John Bagnell Bury,1893 **Shakspeare's Werke** William Shakespeare,1882

Shakspeare's Werke Shakespeare,1876 **Empire** Paul Strathern,2020-02-04 Eminent historian Paul Strathern opens the story of Empire with the Akkadian civilization which ruled over a vast expanse of the region of ancient Mesopotamia then turns to the immense Roman Empire where we trace back our Western and Eastern roots Next the narrative describes how a great deal of Western Classical culture was developed in the Abbasid and Umayyid Caliphates Then while Europe was beginning to emerge from a period of cultural stagnation it almost fell to a whirlwind invasion from the East at which point we meet the Emperors of the Mongol Empire Combining breathtaking scope with masterful narrative control Paul Strathern traces these connections across four millennia and sheds new light on these major civilizations from the Mongol Empire and the Yuan Dynasty to the Aztec and Ottoman through to the most recent and biggest empires the British Russo Soviet and American Charting five thousand years of global history in ten lucid chapters Empire makes comprehensive and inspiring reading to anyone fascinated by the history of the world *Cicero* William Lucas Collins,1871 Michelangelo, God's Architect William E. Wallace,2021-04-06 As he entered his seventies the great Italian Renaissance artist Michelangelo despaired that his productive years were past Anguished by the death of friends and discouraged by the loss of commissions to younger artists this supreme painter and sculptor began carving his own tomb It was at this unlikely moment that fate intervened to task Michelangelo with the most ambitious and daunting project of his long creative life Michelangelo God's Architect is the first book to tell the full story of Michelangelo's final two decades when the peerless artist refashioned himself into the master architect of St Peter's Basilica and other major buildings When the Pope handed Michelangelo control of the St Peter's project in 1546 it was a study in architectural mismanagement plagued by flawed design and faulty engineering Assessing the situation with his uncompromising eye and razor sharp intellect Michelangelo overcame the furious resistance of Church officials to persuade the Pope that it was time to start over In this richly illustrated book leading Michelangelo expert William Wallace sheds new light on this least familiar part of Michelangelo's biography revealing a creative genius who was also a skilled engineer and enterprising businessman The challenge of building St Peter's deepened Michelangelo's faith Wallace shows Fighting the intrigues of Church politics and his own declining health Michelangelo became convinced that he was destined to build the largest and most magnificent church ever conceived And he was determined to live long enough that no other architect could alter his design Provided by publisher *A History of the Papacy During the Period of the Reformation* Mandell Creighton,1882 *The Life of Benvenuto Cellini* Benvenuto Cellini,1903 Bryan's Dictionary of Painters and Engravers Michael Bryan,1921 **The Civilization of the Renaissance in Italy** Jacob Burckhardt,2000-11-01 Jacob Burckhardt was born in 1818 in Basel Switzerland He studied history at the University of Berlin and taught art history and the Italian Renaissance in Berlin and Basel His essay as he called The

Civilization of the Renaissance in Italy was first published in 1860. Rich in its detailed account of the arts, fashions, manners, and thought of one of the most innovative eras in human history, this brilliant panorama of Renaissance life is also a thorough examination of the nature of civilization and of our place within it. Burckhardt's encyclopedic knowledge, his mastery of style, and his genius for synthesis make this one of the few classics of history and the prototype for cultural history. Burckhardt's *The Age of Constantine the Great* and *Cicerone* were published in his lifetime, and *The History of Greek Civilization* and *Reflections on World History* after his death in 1897.
