**Russians Among Us** Gordon Corera, 2020-02-18 With intrigue that rivals the best Le Carré novels Russians Among Us tells the explosive story of Russia's espionage efforts against the United States and the West from the end of the Cold War to the present and the significant threat of hacking the 2020 election Spies have long been a source of great fascination in the world of fiction but sometimes the best spy stories happen in real life Russians Among Us tells the full story of Putin's escalating espionage campaign in the West the Russian deep cover spies who penetrated the US and the years long FBI hunt to capture them This book also details the recruitment running and escape of one of the most important spies of modern times a man who worked inside the heart of Russian intelligence In this thrilling account Corera tracks not only the history but the astonishing evolution of Russian espionage including the use of cyber illegals who continue to manipulate us today and pose a significant threat to the 2020 election Like a scene from the TV drama The Americans in the summer of 2010 a group of Russian deep cover sleeper agents were arrested It was the culmination of a decade long investigation and ten people including Anna Chapman were swapped for four people held in Russia At the time it was seen simply as a throwback to the Cold War But that would prove to be a costly mistake It was a

sign that the Russian threat had never gone away and more importantly it was shifting into a much more disruptive new phase Today the danger is clearer than ever following the poisoning in the UK of one of the spies who was swapped Sergei Skripal and the growing evidence of Russian interference in American life Russians Among Us describes for the first time the story of deep cover spies in America and the FBI agents who tracked them In intimate and riveting detail it reveals new information about today s spies as well as those trying to catch them and those trying to kill them **Alien, Go Home!** Seddon Johnson,1990 A Soviet space shuttle has crashed in the Yukon and it is up to you to investigate
