Reverend Colonel Finch:

The Reverend Colonel Finch. [With Plates, Including a Portrait.]. Elizabeth NITCHIE, 1940 The Reverend Colonel Finch Elizabeth Nitchie, 2013-10 This is a new release of the original 1940 edition The Science of Naples Lorenza Gianfrancesco, Neil Tarrant, 2024-06-24 Long neglected in the history of Renaissance and early modern Europe in recent years scholars have revised received understanding of the political and economic significance of the city of Naples and its rich artistic musical and political culture Its importance in the history of science however has remained relatively unknown The Science of Naples provides the first dedicated study of Neapolitan scientific culture in the English language Drawing on contributions from leading experts in the field this volume presents a series of studies that demonstrate Neapolitans manifold contributions to European scientific culture in the early modern period and considers the importance of the city its institutions and surrounding territories for the production of new knowledge Individual chapters demonstrate the extent to which Neapolitan scholars and academies contributed to debates within the Republic of Letters that continued until deep into the nineteenth century They also show how studies of Neapolitan natural disasters yielded unique insights that contributed to the development of fields such as medicine and earth sciences Taken together these studies resituate the city of Naples as an integral part of an increasingly globalised scientific culture and present a rich and engaging portrait of the individuals who lived worked and made scientific knowledge there

The Letters of Sarah Harriet Burney Sarah Harriet Burney, 1997 This scholarly edition presents for the first time all of the known surviving letters of British novelist Sarah Harriet Burney 1772 1884 The overwhelming majority of these letters more than ninety percent have never before been published Burney s accomplishments says Lorna J Clark have been unjustly overlooked She published five works of fiction between 1796 and 1839 all of which met with reasonable success including Traits of Nature 1812 which sold out within three months These letters position Burney among her fellow women writers and shed light on her relations with her publisher and her ambivalence toward her own work and her readership Her lively observation of the literary scene evinces the range and scope of her reading as well as her awareness of literary trends and developments Burney was for example remarkably prescient in recognizing and praising from the first the talent of Jane Austen and met several of the authors of her day A challenging new perspective on family matters also emerges in the letters The youngest child of the second marriage of Charles Burney and the only daughter to remain unmarried Sarah Harriet had the unenviable task of caring for her father in his later years Her letters reveal a darker side of Dr Burney and also help to round out our image of a more favored daughter Sarah Harriet s half sister and fellow novelist Frances Burney As literature Clark observes Burney s letters are arguably her best work Thoroughly versed in the epistolary arts she sought always to amuse and entertain her correspondents Burney ultimately emerges as a quiet but heroic single woman relegated to the margins of society where she struggled for independence and self respect Displaying literary qualities and a lively sense of humor the letters provide a fascinating

insight into the literary political and social life of the day **The Life of Reginald Heber, D.D. Lord Bishop of Calcutta** Reginald Heber, Amelia Heber, 1830 **The Eve of the Greek Revival** Helen Angelomatis-Tsougarakis, 2025-03-03 First Published in 1990 The Eve of the Greek Revival presents an illuminating interpretation of Greece during the crucial period just before the Greek War of Independence 1821-9 and the establishment of the modern Greek state When the Napoleonic wars closed much of Europe to British travellers young Grand Tourists extended their horizons to Greece then part of the Ottoman Empire Though many of the young travellers had a special interest in Greek antiquities and topography at least as many were interested in the contemporary scene with a Romantic love of antiquity infecting their interpretation of Turkish oppression and Greek servitude Travellers like William Gell Lord Byron Edward Dodwell F S N Douglas W M Leake and many others wrote detailed accounts of their travels In this book the author makes systematic use of these writings to build up a detailed portrait of early nineteenth century Greece through the eyes of its visitors The emphasis is on modern Greece and its inhabitants rather than on archaeological and topographical research and we see the travellers views about the institutions and the peoples who lived in Greece the state of the people s education and culture and on the major topic of the economy This book provides a fascinating insight into the preoccupations of travel writers of the period and a must read for students of modern Greek history Joseph Severn, A Life Sue Brown, 2009-10-08 A new biography of Joseph Severn Keats s best known but most controversial friend who is buried next to him in the Protestant Cemetery in Rome Severn accompanied the dying poet to Italy and was virtually the only witness of his last days Brown reassesses Severn s character and the nature of his friendship with Keats Poetry and Politics in the Cockney School Jeffrey N. Cox, 2004-05-20 Jeffrey N Cox refines our conception of second generation Romanticism by placing it within the circle of writers around Leigh Hunt that came to be known as the Cockney School Offering a theory of the group as a key site for cultural production Cox challenges the traditional image of the Romantic poet as an isolated figure by recreating the social nature of the work of Shelley Keats Hunt Hazlitt Byron and others as they engaged in literary contests wrote poems celebrating one another and worked collaboratively on journals and other projects Cox also recovers the work of neglected writers such as John Hamilton Reynolds Horace Smith and Cornelius Webb as part of the rich social and cultural context of Hunt s circle This book not only demonstrates convincingly that a Cockney School existed but shows that it was committed to putting literature in the service of social cultural and political reform **Philological Papers** , 1936 Vol for 1936 contains papers by various members of the Philological Society of West Virginia University The Life Of Reginald Heber, D. D. Lord Bishop Of Calcutta ... With Selections From His Correspondence, Unpublished Poems, And Private Papers Amelia Heber, 1830
