Biblical Theology C. Clifton Black, 2024-11-19 An essential collection of C Clifton Black's best essays on the theology of the New Testament Clift Black is well known and widely loved for his exegetical acuity his theological seriousness his pastoral kindness and the most delightful sense of humor in the biblical studies guild All these qualities are amply displayed in these thirty essays written across four decades of his career including four essays that are published here for the first time Biblical Theology Essays Exegetical Cultural and Homiletical represents the fruit of a lifetime of studying preaching praying training pastors walking in the light and laughing in the valley of the shadow of death Black's keen mind and pastoral heart make this volume a rich contribution to the field of biblical theology *The Original Torah* S. David Sperling, 2003-02 Is the Torah true Do the five books of Moses provide an accurate historical account of the people of ancient Israel's origins In *The Original Torah* S David Sperling argues that while there is no archeological evidence to support much of the activity chronicled in the Torah a historical reality exists there if we know how to seek it By noting the use of foreign words or mentions of technological innovations scholars can often pinpoint the date and place in which a text was written Sperling examines the stories of the Torah against their historical and geographic backgrounds and arrives at a new conclusion the tales of the Torah were originally composed as allegories whose purpose was distinctly and intentionally political The book illustrates how the authors of the Pentateuch advanced their political and religious agenda by attributing deeds of historical figures like Jeroboam and David to ancient allegorical characters like Abraham and Jacob If Abraham had made peace with Philistines for example then David could rely on a precedent to do likewise *The Original Torah* provides a new interpretive key to the foundational document of both Judaism and Christianity *The Literary World*, 1878 *The History of Oxford University Press* Ian Anders Gadd, Simon Eliot, Keith Robbins, William Roger Louis, 2013 The history of Oxford University Press spans five centuries of printing and publishing This fourth volume explores the Press's modern history as an unsubsidized business with significant educational and cultural responsibilities and how it maintained these through economic turbulence political upheaval and rapid technological innovation *Athenaeum*, 1858 **Mine Eyes Have Seen the Glory** Randall Herbert Balmer, 2014 From Oregon to Florida Randall Balmer offers an immensely readable tour of the highways and byways of American evangelicalism We visit a revival meeting in Florida an Indian reservation in the Dakotas a trade show for

Christian booksellers and a fundamentalist Bible camp in the Adirondacks For this 25th Anniversary edition Balmer adds one new chapter and an Afterword *The Athenaeum* ,1858 Athenaeum and Literary Chronicle ,1857
