Youth Culture in Global Cinema Timothy Shary, Alexandra Seibel, 2009-01-27 Coming of age is a pivotal experience for everyone So it is no surprise that filmmakers around the globe explore the experiences of growing up in their work From blockbuster U S movies such as the Harry Potter

series to thought provoking foreign films such as Bend It Like Beckham and Whale Rider films about youth delve into young people's attitudes, styles, sexuality, race, families, cultures, class, psychology, and ideas. These cinematic representations of youth also reflect perceptions about youth in their respective cultures as well as young people's worth to the larger society. Indeed, as the contributors to this volume make plain, films about young people open a very revealing window on the attitudes and values of cultures across the globe. *Youth Culture in Global Cinema* offers the first comprehensive investigation of how young people are portrayed in film around the world. Eighteen established film scholars from eleven different national backgrounds discuss a wide range of films that illuminate the varied conditions in which youth live. The essays are grouped thematically around the issues of youthful resistance and rebellion, cultural and national identity, including religion and politics, and sexual maturation, including gender distinctions and coming of age, queer. Some essays engage in close readings of films, while others examine the advertising and reception of films or investigate psychological issues. The volume concludes with filmographies of over 700 youth-related titles arranged by nation and theme.

Ready! Timothy Smith, 2008-01-28

"Raising Sexually Pure Kids" Claire Greslé-Favier, 2009-01-01. *Raising Sexually Pure Kids: Sexual Abstinence, Conservative Christians, and American Politics* analyzes pro-abstinence discourses issued by the conservative Christian community and the G. W. Bush administration to underline that abstinence is not a peripheral matter but is a cultural and political issue of great significance in US society, especially in the past decade. This book seeks to bring to light how pro-abstinence discourses coalesce most of the core agendas of conservative Christians, like creationism, parental rights, or the culture war, and enabled them and the Bush administration to, on the one hand, preserve traditional hierarchies and, on the other hand, maintain the sense of threat necessary to the protection of the status quo and to the enduring commitment of the conservative Christian constituency.

Owning Up Rosalind Wiseman, 2020-06-24. Foster dignity and respect and combat youth aggression. As middle school students adjust to tougher academics, they also find themselves introduced to increasingly complex social situations, including conflicts on social media, racism, anxiety, and bullying, and the choices they make can have repercussions far beyond the classroom. But they are not alone. This new edition from bestselling author and Cultures of Dignity co-founder Rosalind Wiseman is packed with the latest research-based strategies reviewed by high school and middle school students and revised to include all that she has learned while working over decades with young people. *Owning Up* has helped teachers, counselors, and leaders give students the tools they need to own up and take responsibility as perpetrators, bystanders, and targets for unethical behavior and to treat themselves and others with dignity. This bigger, comprehensive edition features three flexible, dynamic curricula separated by grade. A new chapter on successfully implementing a social and emotional learning program in every school. More games, role playing activities, and

provocative discussion questions to use in co ed or single sex groups Even more lessons and resources updated to address social media bystanding and how young people can develop strong healthy relationships with adults Designed for use both in school and out Owing Up helps prevent many of the common issues young people face and promotes friendships in these critical years As educators we must enlist the people who can make a real difference the students
