some of the most stunning accomplishments in modern American finance as told through the careers of the gifted and insightful men who have led Goldman Sachs It begins with Marcus Goldman a German immigrant who in 1869 founded the firm in a lower Manhattan basement After the turn of the century we see his son Henry and his son in law Sam Sachs develop a full service bank Sidney Weinberg a kid from the streets was initially hired as an assistant porter and became senior partner in 1930 We watch him as he steers the firm through the aftermath of the Crash and raises the Goldman Sachs name to national prominence When he leaves in 1969 the firm has a solid gold reputation and a first class list of clients We see his successor Gus Levy a trading wizard and in his day the best known man on Wall Street urging greater risk inventing block trading which revolutionized the exchanges and psychologically preparing Goldman Sachs for the complex and perilous financial world that was the 1980s Endlich shows us how co CEOs John Whitehead and John Weinberg turned the family firm into a highly professional international organization with a culture that was the envy of Wall Street She shows as well how Steve Friedman and Robert Rubin brought the firm to the pinnacle of investment banking increased annual profits from 900 million to 2 7 billion and achieved dominance in most of the businesses in which the firm competes internationally We see how Goldman Sachs weathered both an insider trading scandal and the fallout from its relationship with Robert Maxwell We are taken to the present day as Jon Corzine and Hank Paulson lead the firm out of turmoil to face the most important decision ever placed before the partnership the question of a public sale For many years the leadership wrestled with the issue behind closed doors Now against the backdrop of unforeseen events we witness the passionate debate that engulfed the entire partnership A rare and revealing look inside a great institution the last private partnership on Wall Street and inside the financial world at its highest levels
