Teenage Sex and Pregnancy Mike A. Males,2010-07-15 This detailed exhaustively documented account shows how and why just about everyone in today s teen pregnancy debate is wrong often disastrously so Teenage Sex and Pregnancy Modern Myths Unsexy Realities presents a unique view of its subject by analyzing the extensive myths and fears that surround discussion of teenage sex and pregnancy including their relationship to popular culture poverty adult sexual behaviors and anxieties toward the increasingly public roles of young women Award winning author Mike Males argues that today s discussions rely largely on falsehoods and the suppression of crucial realities His work details a new view of popular culture as a largely beneficial feature of teens lives and presents a carefully documented analysis demolishing destructive myths about the new girl Debunking popular arguments he shows that the teen sex debate is mired in interest group talking points

that ignore difficult realities to advance politically attuned agendas It s time he writes to modernize the discussion recognizing that teens act in ways consistent with their interests with the sexual behaviors of adults and with the school and job opportunities afforded them

Death on the Nile Walter Scheidel,2017-09-18 A pioneering comparative and multidisciplinary study of the interaction between local disease environments and demographic structure this book breaks new ground in reconstructing the population history of Egypt during the Roman period and beyond Drawing on a wide range of sources from ancient census data and funerary commemorations to modern medical accounts statistics and demographic models the author explores the nature of premodern disease patterns challenges existing assumptions about ancient age structure and develops a new methodology for the assessment of Egyptian poplation size Contextualising the study of Roman Egypt within the broader framework of premodern demography ecology and medical history this is the first attempt to interpret and explain demographic conditions in antiquity in terms of the underlying causes of disease and death
