*Scandals of Classic Hollywood* Anne Helen Petersen, 2014-09-30 Celebrity gossip meets history in this compulsively readable collection from BuzzFeed reporter Anne Helen Peterson This guide to film stars and their deepest secrets is sure to top your list for movie gifts and appeal to fans of classic cinema and hollywood history alike Believe it or not America s fascination with celebrity culture was thriving well before the days of TMZ Cardi B Kanye s tweets and the metoo allegations that have gripped Hollywood And the stars of yesteryear They weren t always the saints that we make them out to be BuzzFeed s Anne Helen Petersen author of Too Fat Too Slutty Too Loud is here to set the record straight Pulling little known gems from the archives of film history Petersen reveals eyebrow raising information including The smear campaign against the original It Girl Clara Bow started by her best friend The heartbreaking story of Montgomery Clift s rapid rise to fame the car accident that destroyed his face and the long suicide that followed Fatty Arbuckle s descent from Hollywood royalty fueled by allegations of a boozy orgy turned violent assault Why Mae West was arrested and jailed for indecency charges And much more Part biography part cultural history these stories cover the stuff that films are made of love sex drugs illegitimate children illicit affairs and botched cover ups But it s not all just tawdry gossip in the pages of this

book The stories are all contextualized within the boundaries of film cultural political and gender history making for a read that will inform as it entertains Based on Petersen s beloved column on the Hairpin but featuring 100% new content Scandals of Classic Hollywood is sensationalism made smart     The Naked Truth Kevin Sandler,2007-08-22 From parents and teachers to politicians and policymakers there is a din of voices participating in the debate over how young people are affected by violence strong language and explicit sexual activity in films The Motion Picture Association of America MPAA responded to this concern in 1968 when it introduced a classification and rating system based on the now well known labels G PG PG 13 R and X For some these simple tags are an efficient way to protect children from viewing undesirable content But do the MPAA ratings actually protect children In The Naked Truth Kevin S Sandler argues that the rating system does not protect children but instead protects the Hollywood film industry One prime indicator of this is the collective abandonment of the NC 17 rating in 1990 by the major distributors of the MPAA and the main exhibitors of the National Association of Theatre Owners By categorizing all films released by Hollywood and destined for mainstream theaters into R ratings or lower the industry ensures that its products are perceived as responsible entertainment to all audiences and incontestable to politicians and moral reformers By embracing a no NC 17 rule the industry collapses mature subject matter with pornography creating a national cinema where certain representations of sex and nudity are taboo     The History of Hollywood Kieron Connolly,2014-03-16 Dark History of Hollywood is the story of sex and excess murder and suicide ambition and betrayal and how money can make almost everyone compromise Intensively researched and superbly entertaining the book reveals that the stories behind the silver screen are at least as gripping as many of those on it     **Hollywood's Second Sex** Aubrey Malone,2015-04-07 Women stars in Hollywood were invariably in two categories said director Otto Preminger One group was of women who were exploited by men and the other much smaller group was of women who survived by acting like men Beginning with silent film vamp Theda Bara and continuing with icons like Greta Garbo Marilyn Monroe and Raquel Welch this study of film industry misogyny describes how female stars were maltreated by a sexist studio system until women like Katharine Hepburn and Bette Davis fought for parity The careers of Doris Day Brigitte Bardot Carole Landis Frances Farmer Dorothy Dandridge Inger Stevens and many others are examined along with more recent actresses like Demi Moore and Sharon Stone Women who worked behind the scenes writing screenplays producing and directing without due credit are also covered     Hollywood v. Hard Core Jon Lewis,2002-09-01 A tale of censorship and regulation at the heart of the modern film industry In 1972 The Godfather and Deep Throat were the two most popular films in the country One a major Hollywood studio production the other an independently made skin flick At that moment Jon Lewis asserts the fate of the American film industry hung in the balance Spanning the 20th century Hollywood v Hard Core weaves a gripping tale of censorship and regulation Since the industry s infancy film producers and distributors have publicly regarded ratings codes as a necessary evil Hollywood regulates itself we have been told to prevent the government from doing it for them But Lewis

argues that the studios self regulate because they are convinced it is good for business and that censorship codes and regulations are a crucial part of what binds the various competing agencies in the film business together Yet between 1968 and 1973 Hollywood films were faltering at the box office and the major studios were in deep trouble Hollywood s principal competition came from a body of independently produced and distributed films from foreign art house film Last Tango in Paris to hard core pornography like Behind the Green Door that were at once disreputable and for a moment at least irresistible even chic In response Hollywood imposed the industry wide MPAA film rating system the origins of the G PG and R designations we have today that pushed sexually explicit films outside the mainstream and a series of Supreme Court decisions all but outlawed the theatrical exhibition of hard core pornographic films Together these events allowed Hollywood to consolidate its iron grip over what films got made and where they were shown thus saving it from financial ruin **Dark**

**History of Hollywood** Kieron Connolly,2014 A hundred years old Hollywood is the world s largest film business with its movies adored around the globe But the drama on screen has been matched and is often exceeded by the lives off screen

Risky Business David Prindle,1993-08-19 The author has incorporated all the learning and theoretical sophistication of political science yet has written an accessible and colorful book Full of details and anecdotes Risky Business will appeal to anyone interested in a more comprehensive understanding of the Hollywood mystique
