Sex Watch:

Pornland Gail Dines, 2010-08-06 Professor Gail Dines has written about and researched the porn industry for over two decades. She attends industry conferences, interviews producers and performers, and speaks to hundreds of men and women each year about their experience with porn. Students and educators describe her work as life-changing. In *Pornland*, the culmination of her life's work, Dines takes an unflinching look at porn and its affect on our lives. Astonishingly, the average age of first viewing porn is now 11.5 years for boys, and with the advent of the Internet, it's no surprise that young people are consuming more porn than ever. But as Dines shows, today's porn is strikingly different from yesterday's Playboy. As porn culture has become absorbed into pop culture, a new wave of entrepreneurs are creating porn that is even more hard-core, violent, sexist, and racist. To differentiate their products in a glutted market, producers have created profitable niche products like teen sex, torture porn, and gonzo in order to entice a generation of desensitized users. Going from the backstreets to Wall Street, Dines traces the extensive money trail behind this multibillion-dollar industry, one that reaps more profits than the film and music industries combined. Like Big Tobacco, with its powerful lobbying groups and sophisticated business practices, porn companies don't simply sell products. Rather, they influence legislators, partner with mainstream media, and develop new technologies like streaming video for cell phones. Proving that this assembly line of content is actually limiting our sexual freedom, Dines argues that porn's omnipresence has become a public health concern we can no longer ignore.

Pornology Ayn Carrillo-Galley, 2025-04-08 When Ayn Carrillo Gailey confronted her boyfriend about his porn habit, he pronounced her pornophobic. Determined to prove she wasn't phobic, simply more enlightened, Ayn set out to learn all she could about this phenomenon. Like any good researcher, she added her new quest to her daily To Do list: 1. Drop off dry cleaning. 2. Call Mom. 3. Visit sex toy store on Melrose. Acting as an amateur anthropologist, Ayn introduced her quest to a world populated by everyday people. Her quest aroused the curiosity of her female friends; her knitting group quickly turned into informal information sessions as the women, single or married, involved or not, were desperate for information. What does XXX mean vs. unrated? What's the difference between topless dancers and strip clubs? Why is some of it actually not that stimulating? And why are men obsessed with it? Along the way, Ayn ditched the porn-obsessed boyfriend and learned that one should not try to make change from a stripper's G-string tips, nor is the Hustler store the best place to make a first impression on a hot guy. *Pornology* is the result of one woman's quest to pierce the veil that modestly covers something many women actually want to know about. Surprising, hilarious, informative, and ultimately non-judgmental, this narrative is one readers won't put down once they admit they're curious enough to pick it up.

Porn - Philosophy for Everyone Dave Monroe, 2011-01-11 This anthology takes the ever-controversial discussion of pornography out of solely academic circles; it expands the questions about porn that academics might tackle and opens the conversation to those who know it best: the creators and users of porn. Features essays on non-traditional issues in porn, including celebrity sex tapes, virtual sex, S/M, homosexual porn, and technology's impact on the porn

industry Features fascinating insights from psychologists a lawyer and an English professor as well as industry insiders such as Dylan Ryder A fun entertaining and philosophically provocative approach to pornography written for the general reader

Caught Marie Gottschalk,2016-02-16 A major reappraisal of crime and punishment in America The huge prison buildup of the past four decades has few defenders yet reforms to reduce the numbers of those incarcerated have been remarkably modest Meanwhile an ever widening carceral state has sprouted in the shadows extending its reach far beyond the prison gate It sunders families and communities and reworks conceptions of democracy rights and citizenship posing a formidable political and social challenge In *Caught* Marie Gottschalk examines why the carceral state remains so tenacious in the United States She analyzes the shortcomings of the two dominant penal reform strategies one focused on addressing racial disparities the other on seeking bipartisan race neutral solutions centered on reentry justice reinvestment and reducing recidivism With a new preface evaluating the effectiveness of recent proposals to reform mass incarceration *Caught* offers a bracing appraisal of the politics of penal reform

Sexploitation Cindy Pierce,2016-10-04 As surprising as it may be to parents young people today are immersed in porn culture everywhere they look Through Internet porn gaming social media marketing and advertising kids today have a much broader view of social and sexual possibilities which makes it difficult for them to establish appropriate expectations or to feel adequate in their own sexuality Even more important no one is talking to kids directly about the problem Parents tend to convince themselves that their children are immune to cultural influences wait until it comes up or hope schools and pediatricians will address the issues Educators and doctors may be able to start the conversation but it is fundamentally a parent s job to provide information about sex and relationships early and often to help young people find their way through their social and sexual lives Delaying the necessary but awkward conversations with their kids leaves them vulnerable The media marketers and porn and gaming industries are eager to step in anywhere parents choose to hold back *Sexploitation* exposes the truth to parents kids educators and the medical profession about the seen and unseen influences affecting children inspiring parents to take the role as the primary sexuality educator With more information parents will gain conviction to discuss and develop values expectations boundaries and rules with their kids Kids who enter their teens with accurate information and truths stand a better chance of developing an inner compass when it comes to sex and relationships which sets them up for a healthy adulthood In her comic and straightforward style Pierce brings together the latest research with anecdotal stories shared with her by high school and college students in the thick of it Above all else her goal is to get people to develop more comfort around those difficult conversations so that kids gain more confidence and courage about drawing boundaries based on their own values not those put upon them

Galileo's Pendulum Dusan I. Bjelic,2012-02-01 Drawing on the theories of Michel Foucault Judith Butler and others who have written on the history of sexuality and the body Galileo s Pendulum explores how the emergence of the scientific method in the seventeenth century led to a de emphasis on the body and sexuality The first half of the book focuses on the historical modeling of the relation between pleasure and knowledge by examining a history of scientific rationality and its relation to the formation of the modern scientist s subjectivity Relying on Foucault s history of sexuality the author hypothesizes that Galileo s pendulum as an extension of mathematics and the body must have been sexualized by schemes of historical representation to the same extent that such schemes were rationalized by Galileo The second half of the book explores the problems of scientific methodology and attempts to return the body in an explicit way to scientific practice Ultimately Galileo s Pendulum offers a discursive method and praxis for resexualizing the history of Galilean science
