**Sex/Gender Outsiders, Hate Speech, and Freedom of Expression** Martha T. Zingo, 1998-10-28 A thorough examination of speech codes as they affect free speech and gay and lesbian rights U.S. Supreme Court Cases on Gender and Sexual Equality Christopher A. Anzalone, 2016-07-08 This book includes every Supreme Court case relevant to gender and sexual equality from the Court's beginnings in 1787 to the end of the 1999-2000 term. It is a primary document reference book organized topically in eight chapters: civic and social rights and duties; educational policies and instructions; employment and careers; sexual privacy and procreative rights; morality and sexual ethics; family; gender and sexual orientation; and other issues. Every case is included either as a full edited version of the majority or per curiam opinion, extensive excerpts of the opinion, or a detailed description of the case. In one book, a researcher can see how American legal history in its entirety played out. Back matter includes a table of cases and an extensive bibliography of books and legal periodicals. *Racial, Ethnic, and Homophobic Violence* Marie-Claude Barbier, Bénédicte Deschamps, Michel Prum, 2007 This volume is concerned with racial violence in America, Europe, and Australia. Contributions focus on the question of racially motivated violence covering a wide spectrum from the extreme case of genocide to urban riots and inter-ethnic fighting to symbolic violence and hate crimes. **Privacy and the Constitution** Madeleine Mercedes Plasencia, 1999 First published in 2000 Routledge is an imprint of Taylor & Francis, an informal company. **The Handbook of Intergroup Communication** Howard Giles, 2012-06-14 The Handbook of Intergroup Communication brings together research theory and application on traditional as well as innovative intergroup situations, exploring the communication aspect of these groups. The volume is organized into four domains: cross-disciplinary approaches to intergroup study; types, processes of communication between groups; communication between specific group types and arenas in which intergroup communication takes place. Editor Howard Giles worked with an internationally based advisory board to develop and review content, and the contributors included here represent those scholars doing innovative and well-regarded work around the globe. The intergroup umbrella integrates and transcends many traditional conceptual boundaries in communication, including media, health, intercultural, organizational; hence the Handbook will appeal to scholars and graduate students not only in the core area of intergroup communication itself but across varying terrains of study in communication and beyond, including intergroup relations and social psychology. **Hate Speech Frontiers** Alexander Brown, Adriana Sinclair, 2023-11-09 A deep dive into the theoretical and practical distinctions between the common understanding of hate speech and its legal definitions. **Individual empowerment in the international system: Towards development, through freedom**, **Canadian Communication Policy and Law** Sara Bannerman, 2020-05-20 Canadian Communication Policy and Law provides a uniquely Canadian focus and perspective on telecommunications policy, broadcasting policy, internet regulation, freedom of expression, censorship, defamation, privacy, government surveillance, intellectual property, and more. Taking a critical stance, Sara Bannerman draws attention to unequal

power structures by asking the question whom does Canadian communication policy and law serve Key theories for analysis of law and policy issues such as pluralist libertarian critical political economy Marxist feminist queer critical race critical disability postcolonial and intersectional theories are discussed in detail in this accessibly written text From critical and theoretical analysis to legal research and citation skills Canadian Communication Policy and Law encourages deep analytic engagement Serving as a valuable resource for students who are undertaking research and writing on legal topics for the first time this comprehensive text is well suited for undergraduate communication and media studies programs

*Hate Speech Law* Alex Brown, 2015-03-05 Hate speech law can be found throughout the world But it is also the subject of numerous principled arguments both for and against These principles invoke a host of morally relevant features e g liberty health autonomy security non subordination the absence of oppression human dignity the discovery of truth the acquisition of knowledge self realization human excellence civic dignity cultural diversity and choice recognition of cultural identity intercultural dialogue participation in democratic self government being subject only to legitimate rule and practical considerations e g efficacy the least restrictive alternative chilling effects The book develops and then critically examines these various principled arguments It also attempts to de homogenize hate speech law into different clusters of laws regulations codes that constrain uses of hate speech so as to facilitate a more nuanced examination of the principled arguments Finally it argues that it is morally fitting for judicial and legislative judgments about the overall warrant of hate speech law to reflect principled compromise Principled compromise is characterized not merely by compromise over matters of principled concern but also by compromise which is itself governed by ideals of moral duty or civic virtue e g reciprocity equality and mutual respect The Open Access version of this book available at <https://doi.org/10.4324/9781315714899> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license
