Peterson, 2017-03-13 The Wiley Handbook of Sex Therapy ist ein umfassendes und auf empirischer Basis bearbeitetes Werk zur jüngsten Theorie und Praxis in der psychotherapeutischen Behandlung sexueller Probleme quer durch alle Klientengruppen In vier Abschnitten werden spezifische sexuelle Fehlfunktionen theoretische Ansätze der Sexualtherapie die Arbeit mit der Diversität der Klienten und zukünftige Richtungen in der Sexualtherapie dargestellt Vertritt einen ganzheitlichen Ansatz in der Sexualtherapie fokussiert auf die Anwendung einer Bandbreite psychotherapeutischer Theorien und Techniken mehr als nur auf die gängigen Verhaltensstrategien Fallstudien dokumentieren das breite Spektrum an Zuständen die Klienten erleben können und die Sexualtherapeuten daher im Beratungsraum antreffen Enthält Beiträge von mehr als 60 Experten verschiedenster Fachrichtungen *Sex, Therapy, and Kids* Sharon Lamb, 2006 A responsible realistic and sex positive approach to sexuality in youth *Handbook of Sex Therapy* Joseph LoPiccolo, Leslie LoPiccolo, 2012-12-06 When is it timely to publish a synthesis of previously published and original materials from a specific discipline I believe it to be timely when one has a sufficient amount of high quality material covering the critical areas of that topic when the previously published material is scattered over a wide range of journals and books and when there is no single book that synthesizes the discipline The treatment of sexual dysfunction emerged to the front lines of health delivery only during the past decade with

the pioneering work of William Masters and Virginia Johnson In spite of the rash of sex clinics and sex therapists that followed precious little solid research has been conducted on the various strategies of therapy the means of assessing complex interpersonal sexual relations and the manner by which clinical change is objectively assessed No one reader can keep pace with the multitude of journals that publish key material by sophisticated investigators And no one investigator can cover these salient areas alone with his or her original work in a single volume The critical papers have now been written Ten were written specifically for this volume and thirty three have previously appeared This volume laces them together into a coherent pattern Thus the time for a synthesis in sexual dysfunction New Sex Therapy Helen Singer Kaplan, 2013-10-28 First published in 1975 The last two decades have brought remarkable advances in our knowledge of human sexuality These data are in the process of being assimilated into the main body of psychiatric thought which is being greatly enriched thereby Our increased understanding of sexuality is also currently being translated into innovative new approaches to the treatment of sexual difficulties These developments promise relief to many persons with distressing sexual problems who were previously thought to be beyond help At the present time the specific approach to sex therapy described in this volume is being employed further developed and most important systematically evaluated at the Sex Therapy and Education Program of the Payne Whitney Psychiatric Clinic of the Cornell University New York Hospital Center The Cornell program is psychiatrically oriented It regards sex therapy as a specialized branch of psychotherapy The Clinic conceives of sexual dysfunctions as psychosomatic symptoms and its orientation is multicausal and eclectic in that it believes that sexual dysfunctions are the product of multiple etiologic factors and our treatment armamentarium comprises an amalgam of experiential behavioral and dynamically oriented modalities **When Art Therapy Meets Sex Therapy** Einat S.
