Russell Jacoby

Sex Pol Essays 1929 1934:

Sex-pol Wilhelm Reich,1972 **Sex-Pol** Wilhelm Reich,2012 **Sex-pol** Wilhelm Reich,2014-07-08 This volume contains the first complete translations of Wilhelm Reich's writings from his Marxist period Reich who died in 1957 had a career with a single goal to find ways of relieving human suffering And the same curiosity and courage that led him from medical school to join the early pioneers of Freudian psychoanalysis and then to some of the most controversial work of this century his development of the theory of the orgone led him also at one period of his life to become a radical socialist The renewed interest in Reich's Marxist writings and particularly in his notions about sexual and political liberation follows the radical critiques of Herbert Marcuse Frantz Fanon and Paul Goodman the political protest movements toward personal liberation in the present decade Sex-Pol Wilhelm Reich (Psychoanalytiker, Oesterreich, USA),2012 Sex-Pol; Essays. 1929-1934. Edited by Lee Baxandall. Introd. by Bertell Ollman. Translated by Anna Bostock, Tom Dubose, and Lee Baxandall Wilhelm Reich,1972 *Sex-pol. Essays 1929-1934. Ed. by L. Baxandall. Introd. by B. Ollman. Transl. by A. Bostock* A.o Wilhelm Reich,L. Baxandall,B. Ollman,A. Bostock,1972 Toward a Feminist Theory of the State Catharine A. MacKinnon,1991-09-01 This book presents MacKinnon's powerful analysis of politics sexuality and the law from the perspective of women Using the debate over Marxism and feminism as a point of departure MacKinnon develops a theory of gender centered on sexual subordination and applies it to the state **Culture, Society and Sexuality** Richard Parker,Peter Aggleton,2007-01-24 Clearly structured and presented this new and revised edition brings together a broad and international selection of readings to provide insights into the social cultural political and economic dimensions of sexuality and relationships *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1973 First multi year cumulation covers six years 1965 70 *Masculinities* R. W. Connell,Raewyn Connell,2005 This is an exciting new edition of R W Connell's ground breaking text which has become a classic work on the nature and construction of masculine identity Connell argues that there is not one masculinity but many different masculinities each associated with different positions of power In a world gender order that continues to privilege men over women but also raises difficult issues for men and boys Connell's account is more pertinent than ever before In a substantial new introduction and conclusion Connell discusses the development of masculinity studies in the ten years since the book's initial publication The book explores global gender relations new theories and practical uses of masculinity research Looking to the future a new concluding chapter addresses the politics of masculinities and the implications of masculinity research for understanding current world issues Against the backdrop of an increasingly divided world dominated by neo conservative politics Connell's account highlights a series of compelling questions about the future of human society This second edition of Connell's classic book will be essential reading for students taking courses on masculinities and gender studies and will be of interest to students and scholars across the humanities and social sciences **The Annual of Psychoanalysis, V. 32** Jerome A. Winer,James W. Anderson,2013-05-13

Psychoanalysis and Women Volume 32 of The Annual of Psychoanalysis is a stunning reprise on theoretical developmental and clinical issues that have engaged analysts from Freud on. It begins with clinical contributions by Joyce McDougall and Lynne Layton, two theorists at the forefront of clinical work with women. Jessica Benjamin, Julia Kristeva, and Ethel Spector Person, from their respective vantage points, all engage the issue of passivity, which Freud tended to equate with femininity. Employing a self-psychological framework, Christine Kieffer returns to the Oedipus complex and sheds new light on the typically Pyrrhic oedipal victory of little girls. Section III broadens the historical context of contemporary theorizing about women by offering the personal reminiscences of Nancy Chodorow, Carol Gilligan, Brenda Solomon, and Malkah Notman. A final section dedicated to women who shared psychoanalysis features historical essays on Ida Bauer, Freud's Dora, Anna Freud, Dorothy Burlingham, Edith Jacobson, and Therese Benedek, along with Linda Hopkins's revealing interview of Marion Milner. Of special note is Marian Tolpin's examination of three women: Bauer, Helene Deutsch, and Anna Freud, who helped shape Freud's notion of the female castration complex, and Elisabeth Young Bruehl's exploration of how two women, Anna Freud and Dorothy Burlingham, developed parent-infant observation. Psychoanalysis and Women is an extraordinary chronicle of the distance traveled since Freud characterized women's sexual life as the dark continent. The contributors vitalize a half-century of theory with the lessons of biography and they broaden clinical sensibilities by drawing on recent developmental, gender-related, and socio-psychological research. In doing so, they attest to the ongoing reconfiguration of Freud's dark continent and show the psychoanalytic psychology of women to be very much a revolution in progress.

The Repression of Psychoanalysis Russell Jacoby, 1986-07 By examining the private correspondence of a circle of German psychoanalyst emigrants that included Otto Fenichel, Annie Reich, and Edith Jacobson, Russell Jacoby recaptures the radical zeal of classical analysis and the efforts of the Fenichel group to preserve psychoanalysis as a social and political theory open to a broad range of intellectuals regardless of their medical background. In tracing this effort, he illuminates the repression by psychoanalysis of its own radical past and its transformation into a narrow medical technique. This book is of critical interest to the general reader as well as to psychoanalytic historians, theorists, and therapists.

Changing Men, Transforming Culture Eric Magnuson, 2016-01-08 The men's movement is a fascinating and vexing phenomenon that is part of the important history of gender change in the United States and the world. Men are finally engaging the challenges of feminism and rethinking what it means to be a man in today's society. At stake in this crisis of masculinity is the future of the family, the economy, and the society as a whole. This book examines the cultural imagery and the actions of the men of the mythopoetic men's movement, in particular examining their ideas, goals, and behavior. The book innovates theoretically by synthesizing cultural sociology with an interest in power as well as social psychology. Using ethnography as its primary research method, the study explores hegemony and microlevel power on the interactional level. The result is a dynamic look at the social construction of cultural discourse and the action that follows in this curious and unusual social movement.

Sexuality and Socialism Sherry

Wolf, 2009 *Sexuality and Socialism* is a remarkably accessible analysis of many of the most challenging questions for those concerned with full equality for lesbian gay bisexual and transgender LGBT people. Inside are essays on the roots of LGBT oppression, the construction of sexual and gender identities, the history of the gay movement, and how to unite the oppressed and exploited to win sexual liberation for all. Sherry Wolf analyzes different theories about oppression, including those of Marxism, postmodernism, identity politics, and queer theory, and challenges myths about genes, gender, and sexuality. *Sexuality and Socialism* is the most intelligent and enlightened discussion on sexuality to come from the Left in a long time. No other work that comes to my mind explains the history of sexuality and sexual repression in the United States as comprehensively and compellingly.

Ron Jacobs, *Dissident Voice*, Sherry Wolf, Lesbian Activist Communist. Badass ist spoke to a pre National Equality March rally. She Blew It Up. Austin Chronicle. Sherry speaks with such eloquence and plain common sense that I can't help but want to know more about her ideas and convictions.

Derek Washington, In the LV radio host, Director of LGBT Outreach, Clark County Democratic Black Caucus. The icons of the new generation of activists are people like Lady Gaga, Dustin Lance Black, Judy Shephard, Lt. Daniel Choi, and Sherry Wolf, author of *Sexuality and Socialism*. Don Gorton, Join the Impact Board Member. Surprisingly funny, very readable, and a fitting tome for a new movement in these troubled times.

Dave Zirin, for Progressive's Best Books of 2009. What humans have constructed, they can tear down. This is the powerful insight of this rare book that is at once politically important, theoretically and historically sophisticated, and clearly written. *Sexuality and Socialism* is enlivened in its engagement with a number of controversies, including those over the alleged biological determination of homosexuality, the myth of Black homophobia, and the consequences of postmodernist theories for the politics of gay liberation. Above all else, Wolf puts forward a cogent defense of the Marxist tradition, long and wrongly reviled as homophobic in itself, as a way to explain how LGBT oppression arose and what we can do to put it to bed.

Dana Cloud, University of Texas at Austin. Sherry Wolf is the associate editor of the *International Socialist Review*. She was on the executive committee of the National Equality March, Oct 11, 2009, and has written for publications including the *Nation*, *MRZine*, *Counterpunch*, *Dissident Voice*, and *Socialist Worker*, and speaks frequently across the country on the struggle for LGBT liberation, as well as a wide range of social and economic justice issues.

Queercore Curran Nault, 2017-08-07

Queercore is a queer and punk transmedia movement that was instigated in the 1980s in Toronto via the pages of the underground fanzine *J D's*. Authored by G. B. Jones and Bruce LaBruce, *J D's* declared civil war on the punk and gay and lesbian mainstreams, consolidating a subculture of like-minded filmmakers, zinesters, musicians, and performers situated in pointed opposition to the homophobia of mainline punk and the lifeless sexual politics and exclusionary tendencies of dominant gay and lesbian society. More than thirty years later, queercore and its troublemaking productions remain under the radar but still culturally and politically resonant. This book brings renewed attention to queercore, exploring the homology between queer theory/practice and punk theory/practice at the heart of queercore mediamaking. Through analysis of key queercore texts, this

book also elucidates the tropes central to queercore's subcultural distinction unashamed sexual representation confrontational politics and shocking embodiments including those related to size ability and gender variance An exploration of a specific transmedia subculture grounded in archival research ethnographic interviews theoretical argumentation and close analysis ultimately Queercore proffers a provocative and tangible new answer to the long debated question What does it mean to be queer

Reforming Sex Atina Grossmann, 1995-05-11 *Reforming Sex* reconstructs the complicated history of a movement that has been romanticized as the harbinger of 1960s sexual radicalism and demonized as a precursor to Nazi racial policy but mostly buried and obscured by Nazi bookburnings and repression Relying on a broad range of sources from police reports films and personal interviews to sex manuals unearthed from library basements and secondhand bookstores the book analyzes a remarkable mass mobilization during the turbulent and innovative Weimar years of doctors and laypeople for women's right to abortion and public access to birth control and sex education

Darwin's Metaphor Robert Maxwell Young, 1971 **The Perverted Consciousness** Andrew N Leak, 1989-10-24 *The Routledge History of the Holocaust* Jonathan C. Friedman, 2010-12-15 The genocide of Jewish and non Jewish civilians perpetrated by the German regime during World War Two continues to confront scholars with elusive questions even after nearly seventy years and hundreds of studies This multi contributory work is a landmark publication that sees experts renowned in their field addressing these questions in light of current research A comprehensive introduction to the history of the Holocaust this volume has 42 chapters which add important depth to the academic study of the Holocaust both geographically and topically The chapters address such diverse issues as continuities in German and European history with respect to genocide prior to 1939 the eugenic roots of Nazi anti-Semitism the response of Europe's Jewish Communities to persecution and destruction the Final Solution as the German occupation instituted it across Europe rescue and rescuer motivations the problem of prosecuting war crimes gender and Holocaust experience the persecution of non Jewish victims the Holocaust in postwar cultural venues This important collection will be essential reading for all those interested in the history of the Holocaust

'Brave New World': Contexts and Legacies Jonathan Greenberg, Nathan Waddell, 2016-10-07 This collection of essays provides new readings of Huxley's classic dystopian satire *Brave New World* 1932 Leading international scholars consider from new angles the historical contexts in which the book was written and the cultural legacies in which it looms large The volume affirms Huxley's prescient critiques of modernity and his continuing relevance to debates about political power art and the vexed relationship between nature and humankind Individual chapters explore connections between *Brave New World* and the nature of utopia the 1930s American Technocracy movement education and social control pleasure reproduction futurology inter war periodical networks motherhood ethics and the Anthropocene islands and the moral life The volume also includes a Foreword written by David Bradshaw one of the world's top Huxley scholars Timely and consistently illuminating this collection is essential reading for students critics and Huxley enthusiasts alike
