**Tantra** Hugh B. Urban, 2012 Bhadriraju Krishnamurti 1928 is Professor and Head of the department of Linguistics at Osmania University Hyderabad He received a B A Hons Degree 1948 in Telugu language and literature at Andhra University Waltair and an M A 1955 and Ph D 1957 in linguistics from the university of Pennsylvania U S A      **The Power of Tantra** Hugh B. Urban, 2009-10-30 In the West the varied body of texts and traditions known as Tantra for more than two centuries has had the capacity to scandalize and shock For European colonizers Orientalist scholars and Christian missionaries of the Victorian era Tantra was generally seen as the most degenerate and depraved example of the worst tendencies of the so called Indian mind a pathological mixture of sensuality and religion that prompted the decline of modern Hinduism Yet for most contemporary New Age and popular writers Tantra is celebrated as a much needed affirmation of physical pleasure and sex indeed as a cult of ecstasy to counter the perceived hypocritical prudery of many Westerners In recent years Tantra has become the focus of a still larger cultural and political debate In the eyes of many Hindus much of the western literature on Tantra represents a form of neo colonialism which continues to portray India as an exotic erotic hyper sexualized Orient Which then is the real Tantra Focusing on one of the oldest and most important Tantric traditions based in Assam northeast India Hugh B Urban shows that Tantra is less about optimal sexual pleasure than about harnessing the divine power of the goddess that flows alike through the cosmos the human body and political society In a fresh and vital contribution to the field the author suggests that the real meaning of Tantra lies in helping us rethink not just the history of Indian religions but also our own modern obsessions with power sex and the invidious legacies of cultural imperialism      **Buddhist Tantra** Lalan Prasad Singh, 2010      **Tantra, Its Mystic and Scientific Basis** Lalan Prasad Singh, 2010      **The Roots of Tantra** Katherine Anne Harper, Robert L. Brown, 2012-02-01 Among the many spiritual traditions born and developed in India Tantra has been the most difficult to define Almost everything about it its major characteristics its sources its relationships to other religions even its practices are debated among scholars In addition Tantrism is not confined to any particular religion but is a set of beliefs and practices that appears in a variety of religions including Hinduism and Buddhism This book explores one of the most controversial aspects of Tantra its sources or roots specifically in regard to Hinduism The essays focus on the history and development of Tantra the art history and archaeology of Tantra the Vedas and Tantra and texts and Tantra Using various disciplinary and methodological approaches from history to art history and religious studies to textual studies scholars provide both broad overviews of the beginnings of Tantra and detailed analyses of specific texts authors art works and rituals      **Global Tantra** Julian Strube, 2022 Global Tantra explores the global exchanges that shaped a subject often associated with sexuality social liberation and bodily wellbeing but that also offers insights into political and religious developments in colonial India involving race education and national identity The study elides boundaries in disciplinary historical and regional contexts tackles issues such as revivalism and reformism and provides an integrative approach that

suggests ideas to advance the debate about post colonialism and cultural appropriation
