El sexo y el dinero Paul David Tripp, 2019-07-18 Es triste pensar en cuánta gente busca hoy en el sexo y el dinero lo que estos no pueden dar y al hacerlo ceder a la tentación y profundizar en su adicción Es triste pensar cuánta gente en su vergenza negar no solo el daño de lo que está haciendo sino la profundidad de su cautividad Y mientras muchos sufren en privado es triste ver que la cultura que nos rodea parece desquiciarse más y más con el sexo y el dinero cada día que pasa No obstante frente a todo esto hay un reposo feliz al saber que Jesús es reina y continuar impulsando la marcha de su reino hasta que el último enemigo se rinda a sus pies Así que sigue adelante y lee este libro como alguien que celebra con tristeza Es lo que realmente deberíamos estar haciendo entre el ahora y el todavía no mientras seguimos esperando con la seguridad de que nuestro Mes llegará a su fin nuestros conflictos con el sexo y el dinero *Trabajo y el empleo de las mujeres* Margaret Maruani, 2002 En los inicios del siglo XXI la situación de las mujeres en el mercado laboral está hecha de paradojas contrastes y contradicciones Asistimos a una transformación sin precedentes de la posición de la mujer en la institución salarial aunque no se haya visto acompañada de un descenso consecuente de las desigualdades En esta publicación se abordan la actividad el trabajo el desempleo y el subempleo 03 *La trata de mujeres con fines de explotación sexual* Iglesias Skulj, Agustina, 2013-01-01 Del análisis minucioso realizado por la autora queremos destacar el que hace sobre los sujetos especialmente vulnerables mujeres niños y niñas y las formas que propone para percibir y reducir la vulnerabilidad También el análisis de la trata de personas como un proceso con sus modalidades de explotación sexual y laboral ilegal Se atreve a

formular propuestas metodológicas para una legislación y una política eficaz contra la trata Y para eso repasa las realizadas en el derecho comparado en esta etapa contemporánea En ello nos parece encontrar buenos argumentos para cuidarse de que se solidifiquen nuevas representaciones de lo femenino que puedan ser usadas para profundizar especiales situaciones de vulnerabilidad Abandonar la idea de mujer permite analizar las necesidades de mujeres concretas e intentar desarrollar políticas y leyes que reduzcan sus vulnerabilidades y que por lo menos no las reproduzcan y amplíen **Mujeres**
