Sextant Sea And Solitude:

Sanders Hugh Schmitt,1988 Endless Sea Amyr Klink,2008-04 Biographies and Autobiographies **From Australia with Love** Juliet Flesch,2004 Challenges the view that this fiction is conservative uniform and unchanging It examines the Australianess of Australian romance writing and considers the attitudes of several authors in relation to gender and race issues Juliet Flesch is with the University of Melbourne **Australian National Bibliography** ,1989 **Whitaker's Books in Print** ,1998 Australia Ludovic marquis de Beauvoir,1870 **A Marriage at Sea** Sophie Elmhirst,2025-07-08 This is nonfiction that reads like fiction the best kind Elmhirst s retelling is a triumph second only to the seemingly impossible feat of Maurice and Maralyn themselves You won t be able to put it down USA Today Remarkable I found myself alternately holding my breath as I read at top speed wandering rooms in search of someone to read aloud to and placing the book facedown arrested by quiet statements that left me reeling with their depth The New York Times Such an emotionally vivid portrait of a couple in isolation that I was shocked it wasn t fiction How could a writer get so deeply into the minds of two real people in such extraordinary circumstances So brilliantly depicted Elle Best Books of Summer A beautiful meditation on endurance codependence and the power of love A dazzling book Patrick Radden Keefe An enthralling engrossing story of survival and the resilience of the human spirit Bill Bryson The electrifying true story of a young couple shipwrecked at sea a mind blowing tale of obsession survival and partnership stretched to its limits Maurice and Maralyn make an odd couple He s a loner awkward and obsessive she s charismatic and ambitious But they share a horror of wasting their lives And they dream as we all dream of running away from it all What if they quit their jobs sold their house bought a boat and sailed away Most of us begin and end with the daydream But in June 1972 Maurice and Maralyn set sail For nearly a year all went well until deep in the Pacific a breaching whale knocked a hole in their boat and it sank beneath the waves What ensues is a jaw dropping fight to survive in the wild ocean with little hope of rescue Alone together for months in a tiny rubber raft starving and exhausted Maurice and Maralyn have to find not only ways to stay alive but ways to get along as their inner demons emerge and their marriage is put to the greatest of tests Although they could run away from the world they can t run away from themselves Taut propulsive and dazzling A Marriage at Sea pairs an adrenaline fueled high seas adventure with a gutting love story that asks why we love difficult people and who we become under the most extreme conditions imaginable

Large Print Catalog Florida State Library,1993 **Sailing Alone** Richard J. King,2024-05-21 2024 National Outdoor Book Award Silver Medal Winner A masterfully curated collection You don t have to be a sailor to be blown away by this fascinating bighearted book Nathaniel Philbrick author of In the Heart of the Sea Travels with George and Second Wind A story as vast and exhilarating as the open ocean itself SAILING ALONE chronicles the daring disastrous and often absurd history of those who chose to sail across the ocean in very small boats alone Sailing by yourself out of sight of land can be invigorating and terrifying compelling and tedious and sometimes all of the above in one morning But it is also a wide

expanse of time in which to think *Sailing Alone* tells the story of some of the remarkable people who over the last four centuries have spent weeks and months moving slowly over the world's largest laboratory a capricious and startling place in which to observe oneself the weather the stars and countless sea creatures from the tiniest to the most massive and threatening Richard J King profiles characters famous diverse international and obscure from Joshua Slocum of 1898 to modern teenagers daring to take the challenge They see strange hallucinations lie to us and themselves on their travel logs encounter sharks befriend birds and experience ESP all part of the unnerving reality of extended isolation And some disappear altogether *Sailing Alone* also recounts the author's own nearly catastrophic solo crossing of the Atlantic and the mystery of his inexplicable survival one sunny afternoon An enormously engaging new book for skippers and armchair voyagers alike
