Sexual Century How Private Pabion Became A Public Obsebion

Tom Hickman

Sexual Century How Private Pabion Became A Public Obsebion:

Passion Lost Patricia Anderson,2001 While sex has been historically a private matter in the twentieth century it became a public obsession Beginning in the early 1900s people widely felt that increased openness about sex was the key to personal fulfillment and happy relationships Yet this emphasis on the physical has eroded our understanding of the emotional and spiritual dimensions of intimacy Today sex has saturated contemporary life through television movies books magazines videos tabloids advertising and the Internet Meanwhile desensitization and sexual dysfunction obsession with body image short lived commitments and high divorce rates are signs that our deepest private desires remain unfulfilled We yearn for true connection with the romantic other and our growing malaise has given rise to nostalgic myths of golden times that never really existed Patricia Anderson s *Passion Lost* a lively history of sexual mores from burgeoning sexual concerns of the 20th century s early years the changing morality of the 1920s and 1930s the liberties of wartime and the 1950s veneer of rectitude to the freedoms of the following decades examines those myths and paints a compelling new portrait illustrating how deeply the present is rooted in the past and how our quest for intimacy has been hijacked by our public obsession with sex
