Sexual Understanding Before Marriage Herbert J. Miles,1981 Sexual Understanding Before Marriage Herbert Jackson Miles,1972 **Sexual Understanding Before Marriage... Introd. Y... Paul Popenoe,....** Herbert J.. Miles,1972

A Christian Guide to Sexual Counseling Mary Ann Mayo,2003-01-17 Sexual counseling is not a task that pastors and general Christian counselors usually consider theirs If one is to venture into the field he or she must have a solid foundation of reliable information both physiological and psychological and confidence that caring intervention will make a difference This book has been written to provide reliable information and also building a basis of confidence for Christian counselors A Christian Guide to Sexual Counseling offers counselors procedures for helping couples with sexual problems by first exploring the ambivalent messages that church and culture have conveyed about sexuality Because the primary sex organ of both the male and the female is the mind attitudes and concepts must be scrutinized weighed and approved or disapproved As the author so forcefully maintains sexual counseling will always be trying to repair distortions if sound sex education does not become a priority for the church Many contemporary Christians are wary of sex therapy because of the notoriety of charlatans and pop sex psychologists But faddish theories do not comprise the basis for the mainstream of sex therapy There are sound biological and psychological bases for sexual counseling And Christian spirituality is not or should not be disjoined from treatment of sexual problems So Mayo brings body mind and spirit together in her assessment of the common problems and the appropriate treatments The book includes discussions of the following areas attitudes of the church toward sexuality the responsibility of Christian leaders to offer positive teaching normal sexual functioning common sexual problems in a marriage the role and possible outcomes of sexual counseling female problems male problems special concerns for singles premarital education *Sex Before the Sexual Revolution* Simon Szreter,Kate Fisher,2010-10-14 What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s who were often pitied by later generations as repressed unfulfilled and full of moral anxiety This book provides the first rounded first hand account of sexuality in marriage in the early and mid twentieth century These award winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition Based on vivid compelling and frank testimonies from a socially and geographically diverse range of individuals the book explores a spectrum of sexual experiences from learning about sex and sexual practices in courtship to attitudes to the body marital ideals and birth control It demonstrates that while the era s emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives **Studies in the Psychology of Sex VI: Sex in Relation to Society** Havelock Ellis,2016-08-25 The origin of these Studies dates from many years back As a youth I was faced as others are by the problem of sex Living partly in an Australian city where the ways of life were plainly seen partly in the solitude of the bush I was free both to contemplate and to meditate many things A resolve slowly grew up within

me one main part of my life work should be to make clear the problems of sex That was more than twenty years ago Since then I can honestly say that in all that I have done that resolve has never been very far from my thoughts I have always been slowly working up to this central problem and in a book published some three years ago *Man and Woman a Study of Human Secondary Sexual Characters* I put forward what was in my own eyes an introduction to the study of the primary questions of sexual psychology Now that I have at length reached the time for beginning to publish my results these results scarcely seem to me large As a youth I had hoped to settle problems for those who came after now I am quietly content if I do little more than state them For even that I now think is much it is at least the half of knowledge In this particular field the evil of ignorance is magnified by our efforts to suppress that which never can be suppressed though in the effort of suppression it may become perverted I have at least tried to find out what are the facts among normal people as well as among abnormal people for while it seems to me that the physician s training is necessary in order to ascertain the facts the physician for the most part only obtains the abnormal facts which alone bring little light I have tried to get at the facts and having got at the facts to look them simply and squarely in the face If I cannot perhaps turn the lock myself I bring the key which can alone in the end rightly open the door the key of sincerity That is my one panacea sincerity *Understanding Teenage Sexuality*

Steven Emery-Wright,2009 **The Psychology of Sex (Vol. 1-6)** Havelock Ellis,2022-12-10 Havelock Ellis s monumental work *The Psychology of Sex* spans six volumes offering an exhaustive exploration of sexual behavior identity and societal norms through a blend of psychological analysis and cultural critique Written in the late 19th and early 20th centuries Ellis s pioneering approach intertwines scientific inquiry with a narrative style that is both accessible and richly detailed This seminal text not only maps the biological and psychological underpinnings of human sexuality but also delves into broader themes of gender morality and the impact of societal constraints on sexual expression positioning the work within the burgeoning field of sexology during a time of great socio political change Havelock Ellis a prominent English physician and social reformer brought a radical lens to topics often shrouded in taboo His progressive views on sexuality influenced by the early feminist movement and his collaboration with contemporary thinkers shed light on the complexities of sexual identity and human behavior Ellis s combination of clinical observation and humanistic philosophy reflects his commitment to destigmatizing sexual discourse a mission that deeply informed his writing process This landmark series is essential reading for anyone interested in the evolution of sexual psychology and the cultural implications of sexual identity Ellis s insightful analysis resonates with contemporary discussions surrounding sexuality and offers historical context crucial for understanding modern perspectives Readers will find themselves compelled by Ellis s lucid prose and thorough research making this work an indispensable addition to both academic and personal libraries **Love, Sex, & Marriage Volume 2** Barrington O. Burrell,2013-04-09 BISHOP BARRINGTON BURRELL is a senior minister in the New Testament Church of God UK for over fort two years He is an author counsellor Bible teacher and family life conference speaker He is a graduate from

the Ebenezer Bible Institute in Switzerland His profound love for humanity coupled with a distinct call of God has brought him face to face with the practical and spiritual issues of today's generation He is married to beautiful Maxine and they are blessed with two grown up children and four gorgeous grandchildren He is very committed to his lovely family

Studies in the Psychology of Sex v6 Havelock Ellis, 2015-11-07 A man's sexual nature like all else that is most essential in him is rooted in a soil that was formed very long before his birth In this as in every other respect he draws the elements of his life from his ancestors however new the recombination may be and however greatly it may be modified by subsequent conditions A man's destiny stands not in the future but in the past That rightly considered is the most vital of all vital facts Every child thus has a right to choose his own ancestors Naturally he can only do this vicariously through his parents It is the most serious and sacred duty of the future father to choose one half of the ancestral and hereditary character of his future child it is the most serious and sacred duty of the future mother to make a similar choice 1 In choosing each other they have between them chosen the whole ancestry of their child They have determined the stars that will rule his fate In the past that fateful determination has usually been made helplessly ignorantly almost unconsciously It has either been guided by an instinct which on the whole has worked out fairly well or controlled by economic interests of the results of which so much cannot be said or left to the risks of lower than bestial chances which can produce nothing but evil In the future we cannot but have faith for all the hope of humanity must rest on that faith that a new guiding impulse reinforcing natural instinct and becoming in time an inseparable accompaniment of it will lead civilized man on his racial course Just as in the past the race has on the whole been moulded by a natural and in part sexual selection that was unconscious of itself and ignorant of the ends it made towards so in the future the race will be moulded by deliberate selection the creative energy of Nature becoming self conscious in the civilized brain of man This is not a faith which has its source in a vague hope The problems of the individual life are linked on to the fate of the racial life and again and again we shall find as we ponder the individual questions we are here concerned with that at all points they ultimately converge towards this same racial end Since we have here therefore to follow out the sexual relationships of the individual as they bear on society it will be convenient at this point to put aside the questions of ancestry and to accept the individual as with hereditary constitution already determined he lies in his mother's womb

True Sexual Morality Daniel R. Heimbach, 2004-11-09 Daniel Heimbach examines the biblical teachings on sexual morality as well as four counterfeit views that have crept into our sexually revolutionized society He gives us an in depth look at the moral relativism that has spread through our culture and opens our eyes to the effects that nonbiblical sexual choices have on individuals the family the church and the culture
