Stone,2011-02-17 Your marriage is in crisis and you ve read countless books on how to make it work but to no avail You haven t seen sustainable change in your relationship and

you're ready to give up hope that counseling will be effective. You're weary of striving and you may have even considered having an affair, doing violence to yourself or to your partner, or indulging in an addiction. Perhaps you already have. You cannot stomach another false promise or simplistic solution to the complex problems in your marriage and you wonder if there is any other way. *Grounds for Marriage* speaks into the wreckage of broken covenants with a fresh perspective on relationship, refusing to apply flimsy bandages to fractured relationships and insisting that the core brokenness be addressed and genuinely repaired. This material helps couples and their counselors to honestly evaluate troubled marriages, providing a much-needed compassionate, sensible, hopeful sound and sometimes unexpected understanding of the scriptures and of relationship. Synchronizing personal story, anecdotes from her work as a Licensed Professional Counselor, and a review of literature in psychology and theology, Jade G. Stone helps couples in crisis to study the scriptures to determine what they say constitutes a marriage covenant, recognize how both partners contribute to failure in their marriage, heal from old wounds so they can be in covenantal relationship with God and with a covenant companion. With no nonsense directness and high definition clarity, Stone helps you envision how human covenantal commitments must function in order to mirror intimacy with God. She presents the criteria of wholehearted covenant as a measuring stick for relational intimacy, grounds for marriage without which you cannot determine what comprises broken intimacy, grounds for divorce. From a covenantal relational perspective, you can maintain scriptural integrity, understanding, and wisdom as you evaluate a marriage in crisis. *Grounds for Marriage* includes a study guide to help readers personalize the concepts presented.

Sexual Healing in the Confines of Marriage Anthony Martin, 2015-07-01

Don't Bury an Ailing Marriage Don D. Campbell, 2011-06-30

In *Don't Bury an Ailing Marriage*, veteran psychologist Dr. Don D. Campbell goes beyond surface reasons for most relationship problems such as poor communication, financial issues, or sexual dysfunction to diagnose the underlying causes of marital discord that prevent couples from achieving the happiness and fulfillment they desire and deserve. Several ailments and viruses are identified, but from among them, Dr. Campbell identifies the most common and damaging virus of all: the fear of closeness. He explains how the Fear of Closeness Virus is the underlying root for most symptoms within ailing marriages, as well as how to effectively treat it to sustain emotional and physical intimacy through the years. The abundant information in the book is delivered with a sense of humor and illustrative stories, as well as helpful Prescription Pads, a series of exercises at the end of each chapter to help the reader apply the doctor's advice and take proactive steps for positive change. Resist the temptation to call the mortician, lawyer, and prepare for the funeral divorce. For virtually any marriage, regardless of its current state, put the shovel away; it's not too late to resuscitate.

Marriage Discourses Jowan A. Mohammed, Frank Jacob,2021-11-22 Marriage was historically not only a romantic ideal but a tool of exploitation of women in many regards Women were often considered commodities and marriage was far away from the romantic stereotypes people relate to it today While marriages served as diplomatic tools or means of political legitimization in the past the discourses about marital relationships changed and women expressed their demands more openly Discourses about marriage in history and literature naturally became more and more heated especially during the long 19th century when marriages were contested by social reformers or political radicals male and female alike The present volume provides a discussion of the role of marriage and the discourses about in different chronological and geographical contexts and shows which arguments played an important role for the demand for more equality in martial relationships It focuses on marriage discourses may they have been legal or rather socio political ones In addition the disputes about marriage in literary works of the 19th and 20th centuries are presented to complement the historical debates
