Isabel V. Hull

Sexuality State And Civil Society In Germany 1700 1815

Britta McEwen

Sexuality State And Civil Society In Germany 1700 1815:

Sexuality, State, and Civil Society in Germany, 1700-1815 Isabel V. Hull, 2018 This long awaited work reconstructs the ways in which the meanings and uses of sex changed during that important moment of political and social configuration viewed as the birth of modernity Isabel V Hull analyzes the shift in the sexual system which occurred in German speaking Central Europe when the absolutist state relinquished its monopoly on public life and presided over the formation of an independent civil society Hull defines a society's sexual system as the patterned way in which sexual behavior is shaped and given meaning through institutions She shows that as the absolutist state encouraged an independent sphere of public activity it gave up its theoretically unlimited right to regulate sexual behavior and invested this right in the active citizens of the new civil society Among the questions posed by this political and social transformation are When does sexual behavior merit society's regulation What kinds of behaviors and groups prompt intervention What interpretive framework does the public apply to sexual behavior Hull persuades us that a culture's sexual system can be understood only in relation to the particularities of state law and society and that when state and society are examined through the sexual lens much conventional wisdom is cast in doubt **Sexuality, State, and Civil Society in Germany, 1700-1815** Isabel V.

Hull, 2018-09-05 This long awaited work reconstructs the ways in which the meanings and uses of sex changed during that important moment of political and social configuration viewed as the birth of modernity Isabel V Hull analyzes the shift in the sexual system which occurred in German speaking Central Europe when the absolutist state relinquished its monopoly on public life and presided over the formation of an independent civil society Hull defines a society's sexual system as the patterned way in which sexual behavior is shaped and given meaning through institutions She shows that as the absolutist state encouraged an independent sphere of public activity it gave up its theoretically unlimited right to regulate sexual behavior and invested this right in the active citizens of the new civil society Among the questions posed by this political and social transformation are When does sexual behavior merit society's regulation What kinds of behaviors and groups prompt intervention What interpretive framework does the public apply to sexual behavior Hull persuades us that a culture's sexual system can be understood only in relation to the particularities of state law and society and that when state and society are examined through the sexual lens much conventional wisdom is cast in doubt *Women and Philosophy in*

Eighteenth-Century Germany Corey W. Dyck, 2021-04-22 *Women and Philosophy in Eighteenth Century Germany* showcases the vibrant and diverse contributions on the part of women in eighteenth century Germany and explores their under appreciated influence upon philosophical debate in Germany in this period Among the women profiled in this volume are Sophie of Hanover Dorothea Christiane Erxleben Johanna Charlotte Unzer Wilhelmina of Bayreuth Amalia Holst Henriette Herz Elise Reimar and Maria von Herbert Their contributions span the range of philosophical topics in metaphysics logic and aesthetics to moral and political philosophy and pertain to the main philosophical movements in the period They engage

controversial issues of the day such as atheism and materialism but also women's struggle for access to education and for recognition of their civic entitlements and they display a range of strategies for intellectual engagement in doing so This collection vigorously contests the presumption that the history of German philosophy in the eighteenth century can be told without attending to the important roles that women played in the signature debates of the period **German History**

1789-1871 Eric Dorn Brose, 2013-08-01 During recent years there has been a noticeable increase in interest in the nineteenth century resulting in many fine monographs However these studies often gravitate toward Prussia or treat Germany's southern and northern regions as separate entities or else are thematically compartmentalized This book overcomes these divisions offering a wide ranging account of this revolutionary century and skillfully combining narrative with analysis Its lively style makes it very accessible and ideal for all students of nineteenth century Germany Christianity and Sexuality in the Early Modern World Merry E. Wiesner, 2000 In this global survey of Christianity and sexuality in the early modern period Merry Wiesner Hanks assesses the role of personal faith and the Church itself in the control and expression of all aspects of sexuality Christianity and Sexuality in the Early Modern World Merry

Wiesner-Hanks, 2014-05-22 The book surveys the ways in which Christian ideas and institutions shaped sexual norms and conduct from the time of Luther and Columbus to that of Thomas Jefferson It is global in scope and geographic in organization with chapters on Protestant Catholic and Orthodox Europe Latin America Africa and Asia and North America All the key topics are covered including marriage and divorce fornication and illegitimacy clerical sexuality same sex relations witchcraft and love magic moral crimes and inter racial relationships Each chapter in this second edition has been fully updated to reflect new scholarship with expanded coverage of many of the key issues particularly in areas outside of Europe Other updates include extra analysis of the religious ideas and activities of ordinary people in Europe and new material on the colonial world The book sets its findings within the context of many historical fields the history of sexuality and the body women's history legal and religious history queer theory and colonial studies and provides readers with an introduction to key theoretical and methodological issues in each of these areas Each chapter includes an extensive section on further reading surveying and commenting on the newest English language secondary literature **Sexual Knowledge** Britta

McEwen, 2012-02-01 Vienna's unique intellectual political and religious traditions had a powerful impact on the transformation of sexual knowledge in the early twentieth century Whereas turn of the century sexology as practiced in Vienna as a medical science sought to classify and heal individuals during the interwar years sexual knowledge was employed by a variety of actors to heal the social body the truncated diseased and impoverished population of the newly created Republic of Austria Based on rich source material this book charts cultural changes that are hallmarks of the modern era such as the rise of the companionate marriage the role of expert advice in intimate matters and the body as a source of pleasure and anxiety These changes are evidence of a dramatic shift in attitudes from a form of scientific inquiry largely

practiced by medical specialists to a social reform movement led by and intended for a wider audience that included workers women and children

Printed Matters Malcolm Gee, Tim Kirk, 2017-10-05 This title was first published in 2002 Since the invention of printing in the mid fifteenth century the production distribution and consumption of printed matter have been the principal means through which new ideas and representations have been spread In recent times cultural historians have taken a growing interest in the previously somewhat isolated field of book history shifting the study of printing and publishing into the centre of historical concern This study of print and printing culture has naturally led historians to a concern with its urban context The urban environment was fundamental to the development of printing from the outset since it was in towns that the necessary combination of technical and entrepreneurial competencies were located and where a growing demand for printed texts was to be found Print permeated the urban experience at every level and formed the chief means by which its ideas values and beliefs were exported to the rest of society In this way print promoted the broader urbanisation of society by spreading urban attitudes and ideas beyond the limits of the city It is with the urban cultural environment that this volume is primarily concerned underlining the centrality of printing and publishing to the understanding of urban culture Focusing particularly on post 1800 France and Germany it considers a wide range of printed matter and engages with a number of recurrent historical issues such as the role of printing in urban economies the construction of metropolitan identities and the testing of moral boundaries

What is Sexual History? Jeffrey Weeks, 2016-06-07 Until the 1970s the history of sexuality was a marginalized practice Today it is a flourishing field increasingly integrated into the mainstream and producing innovative insights into the ways in which societies shape and are shaped by sexual values norms identities and desires In this book Jeffrey Weeks one of the leading international scholars in the subject sets out clearly and concisely how sexual history has developed and its implications for our understanding of the ways we live today The emergence of a new wave of feminism and lesbian and gay activism in the 1970s transformed the subject heavily influenced by new trends in social and cultural history radical sociological insights and the impact of Michel Foucault's work The result was an increasing emphasis on the historical shaping of sexuality and on the existence of many different sexual meanings and cultures on a global scale With chapters on amongst others lesbian gay and queer history feminist sexual history the mainstreaming of sexual history and the globalization of sexual history What is Sexual History is an indispensable guide to these developments

Desire Anna Clark, 2019-03-28 A sweeping survey of sexuality in Europe from the Greeks to the present Desire A History of European Sexuality follows changing attitudes to two major concepts of sexual desire desire as dangerous polluting and disorderly and desire as creative transcendent even revolutionary through the major turning points of European history Chronological in structure and wide ranging in scope Desire addresses such topics as sex in ancient Judaism Christianity and Islam sexual contact and culture clash in Spain and colonial Mesoamerica new attitudes toward sexuality in the seventeenth and eighteenth centuries and sex in Bolshevik Russia and Nazi Germany

The book introduces the concept of twilight moments to describe activities seen as shameful or dishonorable but which were tolerated when concealed by shadows and integrates the history of heterosexuality with same sex desire as well as exploring the emotions of love and lust as well as the politics of sex and personal experiences This new edition has been updated to include a new chapter on sex and imperialism and expanded discussions of Islam and trans issues Drawing on a rich array of sources including poetry novels pornography and film as well as court records autobiographies and personal letters and written in a lively engaging style Desire remains an essential resource for scholars and students of the history of European sexuality as well as women s and gender history social and cultural history and LGBTQ history Gender in Early Modern German History Ulinka Rublack,2002-10-17 A range of startling case studies from German society between the Renaissance and the Enlightenment *Sodomy in Reformation Germany and Switzerland, 1400-1600* Helmut Puff,2003-06 During the late Middle Ages a considerable number of men in Germany and Switzerland were executed for committing sodomy Even in the seventeenth century simply speaking of the act was cause for censorship Here in the first history of sodomy in these countries Helmut Puff argues that accusations of sodomy during this era were actually crucial to the success of the Protestant Reformation Drawing on both literary and historical evidence Puff shows that speakers of German associated sodomy with Italy and increasingly Catholicism As the Reformation gained momentum the formerly unspeakable crime of sodomy gained a voice as Martin Luther and others deployed accusations of sodomy to discredit the upper ranks of the Church and to create a sense of community among Protestant believers During the sixteenth century reactions against this defamatory rhetoric and fear that mere mention of sodomy would incite sinful acts combined to repress even court cases of sodomy Written with precision and meticulously researched this revealing study will interest historians of gender sexuality and religion as well as scholars of medieval and early modern history and culture **A Critical Theory of Police Power** Mark Neocleous,2021-01-12 Putting police power into the centre of the picture of capitalism The ubiquitous nature and political attraction of the concept of order has to be understood in conjunction with the idea of police Since its first publication this book has been one of the most powerful and wide ranging critiques of the police power Neocleous argues for an expanded concept of police able to account for the range of institutions through which policing takes place These institutions are concerned not just with the maintenance and reproduction of order but with its very fabrication especially the fabrication of a social order founded on wage labour By situating the police power in relation to both capital and the state and at the heart of the politics of security the book opens up into an understanding of the ways in which the state administers civil society and fabricates order through law and the ideology of crime The discretionary violence of the police on the street is thereby connected to the wider administrative powers of the state and the thud of the truncheon to the dull compulsion of economic relations *The Oxford Handbook of Modern German History* Helmut Walser Smith,2011-09-29 This is the first comprehensive multi author survey of German history that features cutting edge syntheses of major topics by an

international team of leading scholars Emphasizing demographic economic and political history this Handbook places German history in a denser transnational context than any other general history of Germany It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics It also reaches out to scholars and students beyond the field of history with detailed and cutting edge chapters on religious history and on literary history as well as to contemporary observers with reflections on Germany and the European Union and on multi cultural Germany Covering the period from around 1760 to the present this Handbook represents a remarkable achievement of synthesis based on current scholarship It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany's dramatic often destructive integration into the community of modern nations As it brings this story to the present it also places the current post unification Federal Republic of Germany into a multifaceted historical context It will be an

indispensable resource for scholars students and anyone interested in modern Germany **European Sexualities, 1400-1800** Katherine Crawford, 2007-01-18 A pioneering survey of the social and cultural history of sexuality in early modern Europe **Remembering for the Future** J. Roth, E. Maxwell, 2017-02-13 Focused on The Holocaust in an Age of Genocide Remembering for the Future brings together the work of nearly 200 scholars from more than 30 countries and features cutting edge scholarship across a range of disciplines amounting to the most extensive and powerful reassessment of the Holocaust ever undertaken In addition to its international scope the project emphasizes that varied disciplinary perspectives are needed to analyze and to check the genocidal forces that have made the Twentieth century so deadly Historians and ethicists psychologists and literary scholars political scientists and theologians sociologists and philosophers all of these and more bring their expertise to bear on the Holocaust and genocide Their contributions show the new discoveries that are being made and the distinctive approaches that are being developed in the study of genocide focusing both on archival and oral evidence and on the religious and cultural representation of the Holocaust *Sexual Politics and Feminist Science* Kirsten Leng, 2018-02-15 Introduction women and sexology knowledge possibilities and problematic legacies The emergence of sexology in early twentieth century Germany As natural as eating drinking and sleeping redefining the female sex Challenging the limits of sex envisioning new gendered subjectivities and sexualities Troubling normal taking on patriarchy criticizing male hetero sexuality The erotics of racial regeneration eugenics maternity and sexual New social and moral values will have to prevail negotiating crisis and opportunity in the First World War Fluid gender rigid sexuality constrained potential in the post war period **Gender, War and Politics** K. Hagemann, G. Mettele, J. Rendall, 2010-09-08 This volume addresses war developing political and national identities and the changing gender regimes of Europe and the Americas between 1775 and 1830 Military and civilian experiences of war and revolution in free and slave societies both reflected and shaped gender concepts and practices in relation to class ethnicity race and religion *Caritas*

Katie Barclay, 2021-01-28 Caritas a form of grace that turned our love for our neighbour into a spiritual practice was expected of all early modern Christians and corresponded with a set of ethical rules for living that displayed one's love in the everyday. Caritas was not just a willingness to behave morally to keep the peace and to uphold social order however but was expected to be felt as a strong passion like that of a parent to a child. Caritas: Neighbourly Love and the Early Modern Self explores the importance of caritas to early modern communities introducing the concept of the emotional ethic to explain how neighbourly love became not only a code for moral living but a part of felt experience. As an emotional ethic caritas was an embodied norm where physical feeling and bodily practices guided right action and was practiced in the choices and actions of everyday life. Using a case study of the Scottish lower orders this book highlights how caritas shaped relationships between men and women, families and the broader community. Focusing on marriage, childhood and youth, sinful sex, privacy and secrecy and hospitality towards the itinerant poor, Caritas provides a rich analysis of the emotional lives of the poor and the embodied moral framework that guided their behaviour. Charting the period 1660 to 1830 it highlights how caritas evolved in response to the growing significance of romantic love as well as new ideas of social relation between men such as fraternity and benevolence. *Working Out Egypt* Wilson Chacko Jacob, 2011-01-14 Describes how attempts to create a modern Egyptian self free from the colonial gaze were enacted through discourses of gender and sexuality during the British colonial period.

Enjoying the Track of Phrase: An Emotional Symphony within **Sexuality State And Civil Society In Germany 1700 1815**

In some sort of used by monitors and the ceaseless chatter of instantaneous connection, the melodic elegance and emotional symphony developed by the published word often disappear into the backdrop, eclipsed by the relentless noise and disruptions that permeate our lives. Nevertheless, located within the pages of **Sexuality State And Civil Society In Germany 1700 1815** a stunning literary prize filled with raw thoughts, lies an immersive symphony waiting to be embraced. Constructed by a wonderful musician of language, this interesting masterpiece conducts readers on an emotional trip, skillfully unraveling the hidden melodies and profound influence resonating within each cautiously constructed phrase. Within the depths of the touching examination, we will examine the book is central harmonies, analyze their enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
