Handbook of Entrepreneurial Dynamics William B Gartner, Kelly G. Shaver, Nancy M Carter, Paul D Reynolds, 2004-06-21

This important Handbook of Entrepreneurial Dynamics reports on the Panel Study of Entrepreneurial Dynamics PSED the most comprehensive scientifically representative study to date of nascent entrepreneurs The book is unique because the study identified individuals in the process of creating new businesses to understand how at its very source people move from considering the option of starting a new business to its actual founding This has never been done before in the history of entrepreneurship research I cannot recommend this book more strongly to entrepreneurship scholars and those interested in where entrepreneurs come from and how they move from their initial idea to new venture founding

Claudia Bird Schoonhoven University of California Irvine This Handbook makes a terrific contribution to understanding entrepreneurship and new business creation Its 38 chapters report major findings from the Panel Study of Entrepreneurial Dynamics PSED an unprecedented research program involving more than a hundred researchers from 10 countries This Handbook is must reading for anyone interested in entrepreneurship research

Andrew H Van de Ven Carlson School of Management University of Minnesota Entrepreneurial activity provides profound positive benefits across an important set of measures of social and economic well being much of it concentrated in new economic sectors such as information technology Yet even though entrepreneurship has been shown to provide many benefits it is surprising that there has not been a systematic study of the entrepreneurial process The Handbook of Entrepreneurial Dynamics The Process of Business Creation fills this gap by offering theories ideas and measures that can be used to explore and understand the factors that encompass and influence the creation of new businesses The chapters in the handbook provide the rationale for questionnaires used in the Panel Study of Entrepreneurial Dynamics PSED The PSED is a research program that was initiated to provide systematic reliable and generalizable data on important features of the new business creation process The PSED includes information on the proportion and characteristics of the adult population involved in efforts to start businesses the activities and characteristics

that comprise the nature of the business start up process and the proportion and characteristics of those business start up efforts that actually become new businesses The handbook also describes the PSED data collection process provides documentation of the interview schedules codebooks data preparation and weighting scheme as well as offers examples of how analyses of PSED data might be conducted The authors identify specific measures that can be used to operationalize theory as well as provide evidence from the PSED data sets on these measures reliability and validity The Handbook of Entrepreneurial Dynamics is ideal for a sizeable audience including graduate students academics and librarians in schools of business and management who need a comprehensive reference on business creation In addition researchers and policy makers at the federal state and local level will find this an invaluable reference covering all of the factors involved in new venture formation Key Features Considers categories of data not available prior to the PSED Includes a comprehensive overview of theories about new business formation Provides demographics of nascent entrepreneurs Analyzes the cognitive characteristics of nascent entrepreneurs Explores all of the processes of new business formation

Handbook of Research on Elderly Entrepreneurship Adnane Maâlaoui, 2019-04-26 This handbook introduces readers to the concept of elderly entrepreneurship and analyzes key issues concerning individuals and institutions In addition it presents theoretical and empirical studies exploring the reasons why elderly persons choose to pursue entrepreneurship despite their advanced age To investigate this comparatively new entrepreneurial phenomenon the contributors address psychological sociological and gerontological aspects and share unique interdisciplinary insights The book's chapters are methodologically diverse and the scale of analysis ranges from individual cases to country level patterns At a time when the world's major economies are facing a demographic challenge due to ageing populations elderly entrepreneurship may provide new economic opportunities and motivate more inclusive policymaking

Sixth International Conference on Information Technology, *China's Changing Economy* Curtis Andressen, 2016-05-20 One of the most dramatic events in the global economy over the past few decades has been the rise of China as a global economic power From humble beginnings in the late 1970s the policy shift in China from a planned to market economy has led to economic growth of tremendous speed This book examines the changes taking place in China's economy today and the impacts of these changes in China and abroad The central theme is that the rapid economic growth has come at a cost as many problems have emerged as a result in China's economy and society including a dramatic rich poor gap labour issues problems in the banking sector and severe inflation in the cost of housing as well as challenges with respect to China's external trade The Chinese government recognizes these problems and is taking steps to rebalance its economy and society The book takes a political economy perspective in order to investigate the interplay between the political system in China and the way in which the economy is structured and the manner in which economic changes take place Demonstrating that in order for China to achieve sustained economic growth and social improvement it must undertake serious policy changes it also highlights that if countries are going to deal with China in a

stable and productive manner a thorough understanding of key contemporary developments in that country is vital Covering a range of the most pertinent issues facing China today this book will be of interest to students and scholars of Chinese Economics Economic Development and Political Economy *Handbook of Research on High-Technology Entrepreneurs* The late Ayala Malach-Pines, Mustafa F. Özbilgin, 2010-01-01 Presents an overview of empirical and conceptual developments in the study of high tech entrepreneurs from an interdisciplinary and multinational perspective This book explores various conceptual frameworks and definitions of high tech entrepreneurs and of the entrepreneurial process based on studies in different settings and contexts Proceedings of the 1st AAGBS International Conference on Business Management 2014 (AiCoBM 2014) Jaafar Pyeman, Wan Edura Wan Rashid, Azlina Hanif, Syed Jamal Abdul Nasir Syed Mohamad, Peck Leong Tan, 2015-07-30 The proceedings of the 1st AAGBS International Conference on Business Management 2014 AiCoBM 2014 held in Penang Malaysia gathers 57 refereed papers They cover areas relating to various aspects of business management and reflect the conference s three main themes management and marketing economics and finance and entrepreneurship and present original papers contributed by researchers scholars professionals and postgraduate students They address a range of disciplines that encompass each of the main themes Using basic and applied research findings together with case studies they provide valuable information on current research trends in business management international business marketing economics finance Islamic finance and economics and entrepreneurship
