Although personal stories of the Second World War are numerous timeless stories such as this one are particularly poignant and apropos to our present struggle over the tyranny of terrorism Czechoslovakia during the dreadful years of the Second World War is the setting of this massive novel written by a retired Major General of the Slovak Army who personally witnessed and lived through the wartime events he writes about The book s story covers a historical period from the time of Hitler s annexation of the Sudetenland through the victory of the American British and Russian armies in Europe The novel s central line of interest is how democratic Czechoslovakia a fledgling nation geographically caught between two tyrannical powers set to face each other in battle and determined to dominate this small yet historically strategic land was repeatedly betrayed by her allies and left helplessly to herself Against this thunderous backdrop of modern war the author carefully interweaves the developing love affair and marriage of his two principal characters Peter Hronsky and his beloved Yirka Peter is a captain in the Slovak Army a gentile whose love for Yirka is complicated by the fact that she is a Jew predestined for deportation during Nazi control of Slovakia The lovers and their closest friends relatives and associates live what amounts to an underground life for several years under persecution The characters success in outwitting their overlords first Nazis with their fascist collaborators and then the Soviet communists makes up the essential tension of their suspenseful and gripping story Readers will follow the complex ins and outs of Czech Slovak and European politics aggression war military occupation insurrection and the racist policies of extermination that exploded in Europe during the 1940 s As Slovakia is presently turning a new chapter in her rich history by denouncing her 50 year affair with Marxism and embracing Western democracy we find slowly emerging from the dusty dungeons of her memory a new and honest appraisal of the agonizing and shameful events she endured between 1938 and 1948 Peter Vlcko plainly and truthfully presents the long suppressed poorly known and often misunderstood facts of this tumultuous decade in Czechoslovakia He clings close to the viewpoints of his main characters as they try to keep life going under the most hopeless of circumstances His style is calmly realistic in the midst of violence chaos and panic He has an eye for the beauties of life even under conditions of wartime ugliness And when the Hronskys finally reach the United States after their years of suffering the Statue of Liberty is a true symbol of freedom

Of Matter And Spirit: Selected Essays By Charles P Enz Charles P Enz,2009-01-14 The essays selected for this book comprise ideas presented in oral or written form between 1972 and 2000 some of them originally in German or French They are preceded by a biographical and topical introduction As the title suggests attention is directed on the one hand toward the material world which is viewed in its extreme spatial extensions of the universe and of the elementary particles In particular the fascinating notion of the void and its fluctuating energy is the subject of various discussions as is the subdivision of material bodies and its limits The latter as well as the limit of gravitational stability are depicted in a diagram leading to the ultimate point of the Planck mass and length The other topic of the title is the spiritual

realm which as in the Introduction is based on reflections and quotations from religious texts This rather personal aspect is also apparent in the frequent mention of the author s teacher Wolfgang Pauli who on the psychological side is associated with C G Jung and Marie Louise von Franz and on the physical side with Albert Einstein and the author s colleague Ernest Stueckelberg

Angelology Danielle Trussoni,2010-03-09 Set in the secluded world of cloistered abbeys long lost secrets and angelic humans Angelology has all the makings of a blockbuster hit combining elements of The Da Vinci Code and Kate Mosse s Labyrinth Sister Evangeline was just a young girl when her father left her at St Rose Convent under the care of the Franciscan Sisters of Perpetual Adoration Now a young woman she has unexpectedly discovered a collection of letters dating back sixty years letters that bring her deep into a closely guarded secret to an ancient conflict between the millennium old Society of Angelologists and the monstrously beautiful Nephilim the descendants of angels and humans Rich and mesmerizing Angelology blends biblical lore mythology and the fall of the Rebel Angels creating a luminous riveting tale of one young woman caught in a battle that will determine the fate of the world
