The Long Price Quartet Daniel Abraham, 2018-11-13 For the first time in one volume the unforgettable epic fantasy *The Long Price Quartet* by Daniel Abraham award winning coauthor of *The Expanse* series In a world of ancient empires and immortal magics one man stands at the crossroads of history The aggressively expansionist Galt empire has already conquered lands across a huge continent But the cities of the Khaiem resist Galt s power with the andat creatures of magic with godlike powers But magic and treacherous politics have brought a bitter harvest of violence and sorrow Otah Machi caught between ancient wonders and a modern empire has survived more than most men endure in two lifetimes He is the culmination of a complex inheritance and his own existence is the fulcrum around which the wheels of epic history rotate through achingly poignant cycles of life and death love and betrayal Now when the world seems utterly lost all depends on Otah and the lost loves and found family he has desperately hoped to protect from the tragedy that beckons If they can summon the courage and power to forgive and resist darkness all their hopes could be salvaged along with their world There is much to love in *The Long Price Quartet* It is epic in scope but character centered with a setting both unique and utterly believable The storytelling is
