Shadow Of The Galilean:

The Shadow of the Galilean Gerd Theissen, 2014-07-24 Combining New Testament study with the terseness of thriller writing Theissen conveys the Gospel story in the imaginative prose of a novel This is a story of our times or how the gospels might have turned out if they were written by John Le Carre racy readable and full of incident *The Shadow of the Galilean* Gerd Theissen, John Bowden, 2001 *Studying the Historical Jesus* Bruce David Chilton, Craig Alan Evans, 1998 This coordinated collection of studies provides important critical assessments of recent progress in Life of Jesus research Topics treated include Jesus and Palestinian politics the parables and miracles of Jesus and the Jesus tradition in extracanonical sources **The Jesus Quest** Ben Witherington III, 1997-05-08 Ben Witherington III offers a comprehensive assessment of what scholars such as John Dominic Crossan Marcus Borg Burton Mack and the Jesus Seminar are really saying about Jesus

Christology in Culture Perspective Colin J. D. Greene, 2004-06-24 Traditionally the study of the person and work of Christ has been understood largely as an exercise in biblical exegesis or historical and doctrinal analysis Rarely if ever has christology focused on the changing cultural paradigms that have deeply influenced the development of human knowledge This unique volume by Colin Greene reverses that trend and in line with modern cultural theory explores the interfaces between successive cultural contexts and the story of Jesus Starting with an examination of the three main interpretive approaches to Jesus cosmological christology political christology and anthropological christology Greene moves on to concentrate on the subtle and complex linkages between christology and the sociopolitical paradigms that have bolstered the epistemological assumptions of modernity Greene then brings his book to a stirring close with a creative exploration into how christology might once again provide us with a Christ centered vision of reality **Salty Wives, Spirited Mothers, and Savvy Widows** F. Scott Spencer, 2012-12-19 Engaging feminist hermeneutics and philosophy in addition to more traditional methods of biblical study *Salty Wives Spirited Mothers and Savvy Widows* demonstrates and celebrates the remarkable capability and ingenuity of several women in the Gospel of Luke While recent studies have exposed women's limited opportunities for ministry in Luke Scott Spencer pulls the pendulum back from a negative feminist critical pole toward a more constructive center Granting that Luke sends somewhat mixed messages about women's work and status as Jesus disciples Spencer analyzes such women as Mary Elizabeth Joanna Martha and Mary and the infamous yet intriguing wife of Lot whom Jesus exhorts his followers to remember as well as the unrelentingly persistent women characters in Jesus parables So Longeth My Soul Joanna Collicutt, 2024-06-30 Students of Christian spirituality often have an ambivalent attitude to primary sources from the past On the one hand they are intrigued by the mysterious otherness of their and the promise that this very otherness may take them into exciting uncharted territory On the other hand they lack the confidence to navigate this territory so that what begins as strangely intriguing can quickly become just too weird The SCM Reader in Christian Spirituality not only offers a collection of readings from the classic texts of Christian spirituality but also gives the

reader a way into these texts that enables them to be received as living and relevant for both personal spirituality and ministry An introductory section guides the student through the process and offers techniques for approaching these often ancient texts The Reader then presents readings from the patristic to the end of the early modern period encompassing both the Eastern and Western church traditions grouped around key themes and including extensive notes and contextual material

Elasticized Ecclesiology Ulrich Schmiedel,2017-01-17 This study confronts the current crisis of churches In critical and creative conversation with the German theologian Ernst Troeltsch 1865 1923 Ulrich Schmiedel argues that churches need to be elasticized in order to engage the other Examining contested concepts of religiosity community and identity Schmiedel explores how the closure of church against the sociological other corresponds to the closure of church against the theological other Taking trust as a central category he advocates for a turn in the interpretation of Christianity from propositional possession to performative project so that the identity of Christianity is done rather than described Through explorations of classical and contemporary scholarship in philosophy sociology and theology Schmiedel retrieves Troeltsch s interdisciplinary thinking for use in relation to the controversies that encircle the construction of community today The study opens up innovative and instructive approaches to the investigation of the practices of Christianity past and present Eventually church emerges as a work in movement continually constituted through encounters with the sociological and the theological other

Authenticating Criteria in Jesus Research and Beyond Kevin B. Burr,2023-10-16 Are the criteria of authenticity of Jesus research idiosyncratic to New Testament studies vehicles of subjectivity and fundamentally flawed vestiges of form criticism as some claim today If so why do opponents of the criteria approach still use them Or are the criteria the tools of general historiography as others assert If true none have adequately demonstrated where and how principles such as multiple attestation general and historical coherence dissimilarity and embarrassment feature in general historiographic method until now This study analyzes the methods of general historians and Jesus researchers who favor or oppose the criteria and demonstrates that regardless of sub discipline authenticating criteria are inherent to the practice of historiography

The Reception of Philo of Alexandria Courtney J. P. Friesen,David Lincicum,David T. Runia,2025-01-12 Philo of Alexandria was a Jewish statesman philosopher and religious thinker A significant amount of his literary corpus was preserved by Christian hands and thereby came to resource numerous theologians in the Christian tradition After passing into obscurity in Jewish circles in antiquity Philo was rediscovered in the Italian Renaissance and came to feature in Jewish tradition once again Philo s works straddle an interest in exegesis and philosophy and the multi faceted contents of his thought ensured a long history of reception among readers with their own agendas This authoritative and systematic collection of essays by an international team of experts surveys Philo s reception from the time of his immediate contemporaries to the present day The book unfolds over six sections the first centuries late antiquity the middle ages the renaissance and early modern period from the eighteenth to the twentieth centuries and contemporary perspectives

Intricately Connected Heerak Christian Kim, 2008 *Intricately Connected* contains academic papers presented by Kim at various international conferences in the fields of biblical studies literary criticism and intertextuality The articles examine the question of how various literatures connect to consciousness and culture at personal and collective levels The focus is on the functionality of literature across time and space and addresses such questions as How do later books of the Bible such as Jeremiah utilize consciousness and ideas from earlier times such as those found in the book Deuteronomy How does Toni Morrison link African American experience of today with experience of slavery hundreds of years ago How does the film *Da Vinci Code* 2006 assess and manipulate the received tradition of the Lord's Supper **BOOK JACKET** *Reimagining at the Sources* James Atwell, 2024-03-21 *Reimagining at the Sources* offers the fruits of a lifetime's reflection on the Bible and its role within the Christian faith from a respected scholar and priest Atwell lays out the history of Israel and the biblical roots of Christian faith from the origins of Israel's religious traditions to Jesus of Nazareth This book explores the sources of faith and analyses the complex faith journey that has taken place as Israel's religious traditions have developed The book provides a single coherent account which joins up the period covered by Israel's early religious traditions with that of Second Temple Judaism and the world of Jesus of Nazareth A distinctive feature of the volume is its focus on apocalyptic literature [A History of the Quests for the Historical Jesus, Volume 2](#) Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources *A History of the Quests for the Historical Jesus* not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of World War II Volume Two covers the period from the post War era through contemporary debates **The Gospel of John as Literature** Stibbe, 2019-07-01 This volume contains thirteen essays written between 1900 and today Each of them takes as its starting point the Gospel of John as a literary unity

The volume as a whole traces literary studies of John back to the early 1900 s and charts their development from then Some of these essays are little known even to Johannine scholars Others are recognized as classics in the field Two of them are translations This book is therefore a timely and indispensable resource for those interested in the history of the fourth gospel interpretation and in examples of literary methods applied to John

The Christology of Jesus Ben Witherington, III,1990 In this bold experiment in Christology Ben Witherington develops a new indirect method to discern Jesus self understanding Using the evangelist s portrayals of Jesus words deeds and relationships as avenues of insight Witherington reveals a Jesus who both understood and disclosed himself in messianic terms filling traditional terms Son of man Son of David and Messiah with new content

Anti-Externalism Joseph Mendola,2008-11-13 Internalism in philosophy of mind is the thesis that all conditions that constitute a person s current thoughts and sensations with their characteristic contents are internal to that person s skin and contemporaneous Externalism is the denial of internalism and is now broadly popular Joseph Mendola argues that internalism is true and that there are no good arguments that support externalism Anti Externalism has three parts Part I examines famous case based arguments for externalism due to Kripke Putnam and Burge and develops a unified internalist response incorporating rigidified description clusters It argues that this proposal s only real difficulties are shared by all viable externalist treatments of both Frege s Hesperus Phosphorus problem and Russell s problem of empty names so that these difficulties cannot be decisive Part II critically examines theoretical motivations for externalism entwined with causal accounts of perceptual content as refined by Dretske Fodor Millikan Papineau and others as well as motivations entwined with disjunctivism and the view that knowledge is the basic mental state It argues that such accounts are false or do not provide proper motivation for externalism and develops an internalist but physicalist account of sensory content involving intentional qualia Part III critically examines theoretical motivations for externalism entwined with externalist accounts of language including work of Brandom Davidson and Wittgenstein It dialectically develops an internalist account of thoughts mediated by language that can bridge the internally constituted qualia of Part II and the rigidified description clusters of Part I

Who in the World Was Jesus Carl E. Roemer,2018-12-11 This book scrutinizes the 39 parables attributed to Jesus in the Gospels Jesus was a part of a story telling society in the first century land of Israel A popular maxim characterizes them as earthly stories with heavenly meanings They often appear that way in context of the Gospels of the New Testament However if you retroject them back into the dynamic context of the life and activity of Jesus they suddenly assume not just a spiritual but also a more earthly vibrancy Knowing that context the reactions of his contemporaries become clear we can grasp how they were heard what people would think of the parables message and the character of the messenger Jesus society was in a crisis and part of the intent of Jesus was to address that crisis and rescue his beloved nation from disaster Story telling changes the way people think and makes them more attentive to new ideas Although to describe Jesus message as subversive may seem to be a distasteful characterization his parables were meant to subvert popular thought and belief In this he was completely faithful however to Israel s faith which at its deepest level rebels against the powers of this world In the parables we meet Jesus on the ground as he walked the hills of the Galilee gathered hearers in the villages and sat among his contemporaries and called them to revolutionize mind and heart and as the prophets of old also had implored the nation to return to the gracious heart of their God In this reading of the parables the reader will be surprised challenged and perhaps even be disturbed by the Jesus who emerges in his stories we call parables
