In Search of Corporate Accountability Stefan H. C. Lo,2016-01-14 There is currently much debate over corporate social responsibility on whether business companies should look beyond shareholder primacy and profit maximisation to act for the benefit of others It is generally agreed however even amongst advocates of shareholder primacy that profit maximisation should only be achieved within the framework of external laws regulating the conduct of individuals and companies generally If the objectives of such external laws are not to be defeated then it is important for controllers of companies to ensure corporate compliance with the law Despite this controversies have arisen where corporate enterprises may have improperly flouted or evaded liabilities under the law Against this background it is argued in this book that it is necessary to ensure that responsible persons are accountable under the law so as to promote compliance with legal regulations in the corporate context Individuals or entities behind the company who are responsible for wrongful conduct

should be held liable under the law whether it be tort law or statutory regulation Some counter that the corporate law principles of limited liability and separate entity have the primacy to effectively shield those behind the company from at least certain types of liability However it is undesirable for corporate insiders to hide behind the company to avoid tortious or statutory liabilities This book adopts a theory of interactive corrective justice that is applied in the corporate context to justify the imposition of civil liability on responsible directors shareholders and other corporate participants under Anglo Australian law In light of this theoretical framework possibilities of rectifying deficiencies in the law through judicial development of existing legal principles are examined To the extent that appropriate directions in the law cannot be achieved via judicial development of the law the book also investigates possibilities of statutory reform **Fundamentals of Search and Rescue** Donald C. Cooper,2005 This book provides an overview of all aspects of search and rescue procedures and equipment It teaches the absolutely essential techniques employed by nearly all search and rescue personnel This book offers an in depth and practical approach to search and rescue and is recommended for all emergency responders For both paid and unpaid professionals this resource combines dynamic features with the latest comprehensive content Hero-ego in Search of Self Judy Anne White,2004 In Hero Ego in Search of Self Judy Anne White offers a perceptive explanation for continued interest in the Anglo Saxon poem Beowulf Building upon the earlier work of Jeffery Helterman and John Miles Foley she argues that the sum of all confrontations between hero and monster in Beowulf equals the process of individual psychological development identified by Carl Jung as individuation Dr White s study proposes that the hero s struggle is the universal struggle towards self knowledge and that Beowulf thus resonates for the contemporary reader as it did for the poet s original audience **Torjen II: The Search For Andross** Danny Cove,2015-02-27 Brucius is dead his legions destroyed The Gai Dubous are believed extinct and the Death Waker has not been seen in almost four years And Andross the Invincible the one who used the Orb of Torjen and took its curse upon himself is presumed dead though his body has never been found Now a new threat has begun to form climbing up from volcanic lands to replace the old dangers with even darker more ancient ones The kings of Upperworld Bracchus and Korsoko among them must stop rebuilding in order to defend their lands once again Amidst the turmoil the old group begins to form as rumors escalate that Andross is indeed still alive somewhere but slowly dying Ever loyal to their old friend the knights set forth to rescue the accursed Tribal battling ogres braving monsters and venturing into the foreboding city of the Death Waker and finally down into the enigmatic depths of Lowerworld itself where a dark shadow threatens all that lay within its reach And in that journey they will face not only the pain of their own individual pasts but they will also learn the past of their own world and struggle to maintain hope in a future that will change everything *In Search of Home* Kaveri Haritas,2021-05-31 In Search of Home explores new yet less explored space of urban poverty rehabilitation housing that houses the displaced poor and increasingly dots the peripheries of Indian cities It examines the politics of the poor focusing on law citizenship and gender Contesting the assumption that

illegalities emerge due to lack of legal rights to property this ethnography of the everyday narrates how the rehabilitated poor despite legal residence experience citizenship in limbo suspended between an illegal past and an imagined future of full citizenship The book details the flexible governance of such neighbourhoods studying how the state produces illegalities and how state institutions and actors stand to gain By looking at how systemic corruption draws urban poor groups into webs of exchanges with the state de radicalising and co-opting the poor it exposes the gendered underbelly of urban poor struggles uncovering the role women play in eliciting the paternalism of the state In Search of Bill Clinton John D.

Gartner, 2008-09-16 What makes Bill Clinton tick William Jefferson Clinton the 42nd President of the United States is undoubtedly the greatest American enigma of our age a dark horse that captured the White House fell from grace and was resurrected as an elder statesman whose popularity rises and falls based on the day's sound bytes John Gartner's *In Search of Bill Clinton* unravels the mystery at the heart of Clinton's complex nature and why so many people fall under his spell He tells the story we all thought we knew from the fresh viewpoint of a psychologist as he questions the well-crafted Clinton life story Gartner a therapist with an expertise in treating individuals with hypomanic temperaments saw in Clinton the energy creativity and charisma that leads a hypomanic individual to success as well as the problems with impulse control and judgment which frequently result in disastrous decision making He knew though that if he wanted to find the real Bill Clinton he couldn't rely on armchair psychology to provide the answer He knew he had to travel to Arkansas and around the world to talk with those who knew Clinton and his family intimately With his boots on the ground Gartner uncovers long held secrets about Clinton's mother the ambitious and seductive Virginia Kelley her wild life in Hot Springs and the ghostly specter of his biological father Bill Blythe to uncover the truth surrounding Clinton's rumor-filled birth He considers the abusive influence of Clinton's alcoholic stepfather Roger Clinton to understand the repeated public abuse he invited both by challenging a hostile Republican Congress and engaging in the clandestine affair with Monica Lewinsky that led to his downfall Of course there is no marriage more dissected than that of the Clintons both in the White House and on the Hillary Clinton presidential campaign trail Instead of going down familiar paths Gartner looks at that relationship with a new focus and clearly sees in Hillary's molding of Clinton into a more disciplined politician the figure of Bill Clinton's stern grandmother Edith Cassidy the woman who set limits on him at an early age Gartner brings Clinton's story up to date as he travels to Ireland the scene of one of Clinton's greatest diplomatic triumphs and to Africa where his work with AIDS victims is unmatched to understand Clinton's current humanitarian persona and to find out why he is beloved in so much of the world while still scorned by many at home John Gartner's exhaustive trip around the globe provides the richest portrait of Clinton yet a man who is one of our national obsessions *In Search of Bill Clinton* is a surprising and compelling book about a man we all thought we knew **In Search of Lost Time** D York, 2019-04-26 Do you know that black holes can affect time that Stonehenge is a giant calendar that the Oracle Bones of the North China Plain predict the phases of the moon that the Pyramids are giant compasses how
