Shadows On The Sand The Memoirs Of Sir Gawain Bell:

Shadows on the Sand Sir Gawain Bell, 1983-01-01 *Images of Empire* Martin W. Daly, Jane R. Hogan, 2005 This book combines important and often historic photographs with text to illustrate the value of photographs for the study of modern African history in general and of the Sudan Africa's largest country and one of its most varied Shifting Lines in the Sand David H. Finnie, 1992 During the 1991 Gulf War pundits and experts scrambled unsuccessfully to explain Iraq's claim to Kuwait In a lucid and measured account of a complex historical and geographic drama that culminated in Operation Desert Storm David Finnie elucidates the long Kuwaiti Iraqi border dispute and lays Saddam Hussein's dubious claim to rest He also raises larger questions about European colonialism and about the creation of new nation states in the Middle East in the nineteenth and twentieth centuries Finnie vividly portrays how arbitrary the drawing of frontiers can be and how they come to serve internal regional and international rivalries and ambitions This history begins in the eighteenth century when Kuwait was first settled by nomads from the Arabian desert Finnie describes the country's growing prosperity under a merchant oligarchy then shows how the Kuwaitis seeking British protection from the sprawling Ottoman Empire came to serve England's imperial strategy He details the ways in which Britain parlayed its mandatory control of Iraq and its protectorate over Kuwait to curb the larger nation's ambitions and to ensure Kuwait's independence under British auspices A fresh look at British diplomatic documents reveals how Whitehall covered its tracks heading off the Iraqis' obfuscating League of Nations proceedings and confounding scholars and researchers down to the present day Pursuing his story through Britain's withdrawal from the Persian Gulf and Iraq's 1963 recognition of Kuwait's boundaries Finnie examines the U N post war measures to secure the frontier in the face of Iraq's continuing pressure for better access to Gulf waters **Imperial Culture and the Sudan** Lia Paradis, 2020-05-14 General Gordon's death in the Sudan marks the height of imperial cultural fever Even in the late nineteen seventies the themes of Khartoum were still the basis for children's stories comic books and depictions of masculinity Imperial Culture in the Sudan seeks to examine the cultural impact of Sudan on the popular image of the British empire why were these colonial administrators characterized as adventurers Why was Sudan and the story of General Gordon so popular The author argues it coincided with the mass production of popular journalism the height of Jingoism as a cultural product and therefore a study of Sudan's experience tells us a lot about the British Empire how it was made consumed and remembered **The Poisoned Well** Roger Hardy, 2019 In *The Poisoned Well* veteran BBC journalist Roger Hardy presents a realist's history of the Middle East by weaving together stories of political strife and vivid firsthand accounts to illustrate that the current conflicts and crises of the Middle East are borne out of the troubled legacy of Western imperialism in the region **Albion**, 1985 Vols for 1969 1970 consist of the proceedings of the Conference on British Studies Pacific Northwest Section summer 1971 winter 1972 consists of the proceedings of the Conference on British Studies at its Regional and National Meetings spring 1979 winter 1980 includes proceedings of the Conference on British Studies at

Darfur's Sorrow M. W. Daly, 2010-05-24 Darfur's Sorrow is the first general history of Darfur to be published in any language. The book surveys events from before the founding of the Fur sultanate in the sixteenth century through the rise and establishment of the Fur state and its incorporation into the Anglo Egyptian Sudan in 1916. The narrative continues with detailed coverage of the brief but all important colonial period 1916-1956 and Darfur's history as a neglected peripheral region since independence. The political, economic, environmental, and social factors that gave rise to the current humanitarian crisis are discussed in detail, as are the course of Darfur's rebellion, its brutal suppression by the Sudanese government, and the lawless brigands known as Janjawid. The second edition of the book brings the story up to date and includes an analysis of attempts to save Darfur's embattled people and to bring an end to the fighting.

Living with Colonialism Heather J. Sharkey, 2003-03-18 Sharkey examines the history of the Anglo Egyptian Sudan 1898-1956 and the Republic of Sudan that followed in order to understand how colonialism worked on the ground, affected local cultures, influenced the rise of nationalism, and shaped the postcolonial nation state.

Slavery and Manumission Jerzy Zdanowski, 2013 I am a free born woman and not a slave of anyone. Manuy bint Khalfan. Speaking to a British Agency in Sharjah on 24th October 1938. Manuy bint Khalfan was a female slave who was sold and mortgaged several times before she finally escaped from her master.

West Africa, 1984 *American Ascendancy and British Retreat in the Persian Gulf Region* W. Fain, 2008-07-07 This book critically examines the origins of American diplomacy in the greater Persian Gulf region, arguing that it was the inability of the United States to contend effectively with the disintegration of British imperial authority in the Gulf that eventually led it to assume its current role in the region.

Islam, Sectarianism, and Politics in Sudan Since the Mahdiyya Gabriel Warburg, 2003 Gabriel Warburg contends that efforts in Sudan to enforce an Islamic state and an Islamic constitution on a multi-religious and multi-ethnic society have led to prolonged civil war, endless military coups, and political, social, and economic bankruptcy. He analyzes the history of Sudan's Islamic politics to illuminate current conflicts in the region. The revolt in 1881 was led by a Mahdi who came to renew and purify Islam. It was in effect an uprising against a corrupt Islamic regime, the largely alien Turco-Egyptian ruling elite. The Mahdiyya was therefore an anti-colonial movement seeking to liberate Sudan from alien rule and to unify the Muslim Umma, and it later evolved into the first expression of Sudanese nationalism and statehood. Post-independence Islamic radicalism in turn can be viewed against the background of the Anglo-Egyptian Condominium 1899-1956. It also thrived as a result of the resurgence of Islam since the mid-1960s when Nasserism and other popular ideologies were swept aside. Finally, Sudan has emerged as the center of militancy in Sunni Islam since June 1989 when a group of radical Islamic officers under the guidance of Dr. Hassan al-Turabi and the NIF assumed power.
