shortbookthyme Assessments in Forensic Practice Kevin D. Browne,Anthony R. Beech,Leam A. Craig,Shihning Chou,2017-05-08 Assessments in Forensic Practice A Handbook provides practical guidance in the assessment of the most frequently encountered offender subgroups found within the criminal justice system Topics include criminal justice assessments offenders with mental disorders family violence policy and practice *The Publisher and Bookseller* ,1929 Official organ of the book trade of the United Kingdom Prison Movies Kevin Kehrwald,2017-02-14 Prison Movies Cinema

Behind Bars traces the public fascination with incarceration from the silent era to the present. Often considered an offshoot of the gangster film, the prison film precedes the gangster film and is in many ways its opposite. Rather than focusing on tragic figures heading for a fall, the prison film focuses on fallen characters seeking redemption. The gangster's perverse pursuit of the American dream is irrelevant to the prisoner for whom that dream has already failed. At their core, prison films are about self-preservation at the hands of oppressive authority. Like history itself, prison films display long stretches of idleness punctuated by eruptions of violence, dangerous moments that signify liberation and the potential for change. The enclosed world of the prison is a highly effective microcosm, one that forces characters and audiences alike to confront vexing issues of race, class, gender, and sexuality. These portrayals of men and women behind bars have thrived because they deal with such fundamental human themes as freedom, individuality, power, justice, and mercy. Films examined include *The Big House* (1930), *I Want to Live* (1958), *The Defiant Ones* (1958), *Cool Hand Luke* (1967), *Midnight Express* (1978), *Escape from Alcatraz* (1979), *The Shawshank Redemption* (1994), and *Starred Up* (2013).

Capital Punishment in Twentieth-Century Britain Lizzie Seal, 2014-03-05. Capital punishment for murder was abolished in Britain in 1965. At this time, the way people in Britain perceived and understood the death penalty had changed; it was an issue that had become increasingly controversial, high profile, and fraught with emotion. In order to understand why this was, it is necessary to examine how ordinary people learned about and experienced capital punishment. Drawing on primary research, this book explores the cultural life of the death penalty in Britain in the twentieth century, including an exploration of the role of the popular press and a discussion of portrayals of the death penalty in plays, novels, and films. Popular protest against capital punishment and public responses to, and understandings of, capital cases are also discussed, particularly in relation to conceptualisations of justice. Miscarriages of justice were significant to capital punishment's increasingly fraught nature in the mid-twentieth century, and the book analyses the unsettling power of two such high-profile miscarriages of justice. The final chapters consider the continuing relevance of capital punishment in Britain after abolition, including its symbolism and how people negotiate memories of the death penalty. *Capital Punishment in Twentieth-Century Britain* is groundbreaking in its attention to the death penalty and the effect it had on everyday life, and it is the only text on this era to place public and popular discourses about, and reactions to, capital punishment at the centre of the analysis. Interdisciplinary in focus and methodology, it will appeal to historians, criminologists, sociologists, and socio-legal scholars.
