Shadows Of Yesterday One Familys History:

Shadows of Yesterday Charles Hood, 2005-06-01 *Shadows of Yesterday One Family s Story* written and edited by Charles G Hood and Christopher S Hood is a richly detailed and intriguing portrait of one family s journey through the twentieth century Combining biographies of the Hood parents William S Hood and Anne M Hood with personal recollections of childhood and early adulthood written by the six Hood children the authors provide a fascinating series of vignettes that tell the tale of this typical American family From Fairmont West Virginia to Carmel Indiana and eventually to Pickens South Carolina the family timeline cuts across many geographic locales and features an abundance of both triumphs and tragedies Perhaps the most difficult loss was the premature death of the father William S Hood and this unfortunate occurrence is described in the most intimate of terms by the surviving children Other more joyous family events such as the holiday traditions the family pets vacations and other blissfully innocent memories of youth are intertwined into poignant narratives that even those readers who do not know the authors family may enjoy perusing The book concludes with a description of the later years of the surviving mother Anne M Hood as she carved out a new life for herself and her children and ultimately as she faced her own demise with grace The book is a product of nearly three years of intensive research with surviving family members and friends review of old letters cards and photographs viewing of reels of family home movies and travel to the many old neighborhoods that were once called home Written in loving memory of William and Anne Hood *Shadows of Yesterday One Family s Story* is a compelling narrative of those youthful remembrances that all of us carry into adulthood to those whose sense of nostalgia carries them back in time to a simpler and often happier era the book is further dedicated Charles G Hood and Christopher S Hood are also co authors of a companion book published earlier this year by Xlibris entitled *Returning to Our Roots The Long Journey Home* which stands as a more dispassionate genealogic work It details the earlier family history and dovetails nicely with the more recent and personal stories contained within this book Read together the two books offer a wealth of information about a group of extraordinary people leading ordinary lives in the United States

The Long Shadow: The Legacies of the Great War in the Twentieth Century David Reynolds, 2014-05-12 Winner of the 2014 PEN Hessel Tiltman Prize for the Best Work of History If you only read one book about the First World War in this anniversary year read *The Long Shadow* David Reynolds writes superbly and his analysis is compelling and original Anne Chisolm Chair of the PEN Hessel Tiltman Prize Committee and Chair of the Royal Society of Literature One of the most violent conflicts in the history of civilization World War I has been strangely forgotten in American culture It has become a ghostly war fought in a haze of memory often seen merely as a distant preamble to World War II In *The Long Shadow* critically acclaimed historian David Reynolds seeks to broaden our vision by assessing the impact of the Great War across the twentieth century He shows how events in that turbulent century particularly World War II the Cold War and the collapse of Communism shaped and reshaped attitudes to 1914-18 By exploring big themes such as democracy and empire nationalism and capitalism as well as art and poetry *The Long Shadow* is stunningly broad in its historical perspective Reynolds throws light on the vast expanse of the last century and explains why 1914-18 is a conflict that America is still struggling to comprehend Forging connections between people places and ideas *The Long Shadow* ventures across the traditional subcultures of historical scholarship to offer a rich and layered examination not only of politics diplomacy and security but also of economics art and literature The result is a magisterial reinterpretation of the place of the Great War in modern history

State of Paralysis John Elsom, 2019-01-01 We have not been driven into Brexit at the point of a gun or out of economic necessity but purely for cultural reasons *State of Paralysis* explores the climate of opinion in Britain that has led to more than seventy years of indecision about our relationship with our continental neighbours and our role on the world's

stage The post war years saw many dramatic changes the arrival of weapons of mass destruction the nuclear industries space travel civil rights global warming the Internet the digitalisation of behaviour and the loss of Empire The aim of the European Union was to keep the peace on the continent and to face these global problems But has it done so Have we in Britain been able to adjust to the demands of the new world or are we clinging on to a past that can never be recovered John Elsom describes the political impasse in parliament and the country over the terms of Brexit to analyse what these motives were how they were obtained and where their consequences may lead He approaches these issues from the view of a political and cultural commentator who has seen at first hand many of the changes that have affected all our lives **Cairo of Yesterday**
