Shainas Garden:

The Garden After the Rain Seema Johri, 2014-03 The book The garden after the rain is a collection of 31 value based stories for children 4-8 years. It is a kind of call and response of mutual matching of emotional and physical expression between parents and children just before going to bed. Our present generation kids have become directionless and are often posing a threat to the dignity of our community these days. The ever increasing crime, greed, dissatisfaction, lust and anger in their culture indicate degradation of moral and social commitment in them. Parents work hard and provide the best to their children but they often forget to equip them with appropriate values that automatically bring out the best in them. The parents are supposed to carry forward culture, tradition and a sense of righteousness to newer generations. One slip on their part and the society and culture would change for ever. Telling Bedtime stories regularly to children creates a level of intimacy, empathy and unity between parents and them. The children hear the basic idea contained in the story, predict events and improve their reasoning power. They also get ready for what choices they should make in life. Bedtime story telling is a way of giving instruction; it costs nothing, it is enjoyable and it can be used anywhere at any time. **Shaina's Garden**

Denise Lewis Patrick, 1996 Shaina learns about gardening when her family helps her plant and care for her own garden of tomato plants. **The Garden in My Mind** Stephanie McCumbee, 2019-03-29 Using garden imagery the story teaches children how to ignore distractions, refocus and stay on task at school. Classmates Maci and Trey love to have a good time but it sometimes gets them in trouble. When their teacher Mrs. Julian catches them behaving badly she warns them. Flowers fade every time a bad choice is made. Mrs. Julian explains the importance of making positive choices and growing a garden in your mind. *Black Authors and Illustrators of Books for Children and Young Adults* Barbara Thrash Murphy, 1999 The Third Edition of this renowned reference work illuminates African American contributions to the genre of books for children and young adults with the biographies of 274 authors and artists including 121 new biographies not included in previous editions. Over 160 photographs of the subjects bring the biographies to life and 46 covers of important children's books are reproduced. Also included is a comprehensive index of books, an index of authors and illustrators and useful listings of publishers, distributors and bookstores arranged by state. **Black Family Today**, 1998 **Black Books Galore!
